**Lord of the Flies** Apr 17 2021 A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. First published in 1954, Lord of the Flies is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension

questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on Lord of the Flies by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home.

Heart of Darkness Aug 02 2022 Heart of Darkness is often considered the world's best short novel. The book serves as a bridge between the 19th century and modernism, an adventure tale revolving around the ambiguity of themes such as truth, morality, and evil. Joseph Conrad witnessed the European exploitation of the Congo with his own eyes. He once sailed up the Congo River himself to locate a countryman at a trading station deep within the country - even though this man wasn't named Kurtz. The goal and enigma of the journey have become synonymous with this name, one of the most unforgettable fictional characters of our time. JOSEPH CONRAD [1857-1924] was born in Ukraine to Polish parents, went to sea at the age of seventeen, and ended his career as a captain in the English merchant navy. His most famous work is the novella Heart of Darkness [1899], adapted into a film by Francis Ford Coppola in 1979 as Apocalypse Now.

**Factfulness** Nov 17 2023 INSTANT NEW YORK TIMES BESTSELLER "One of the most important books I've ever read—an indispensable guide to thinking clearly about the world." - Bill Gates "Hans Rosling tells the story of 'the secret silent miracle of human progress' as only he can. But

Factfulness does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly.” —Melinda Gates "Factfulness by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases." - Former U.S. President Barack Obama

Factfulness: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world’s population live in poverty; why the world’s population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In Factfulness, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don’t know what we don’t know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn’t mean there aren’t real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things

that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, Factfulness is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- "This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be." Hans Rosling, February 2017.

The Firefly Quiz Book Nov 24 2021 Firefly is the brainchild of the hugely talented Joss Whedon. A space western drama that lasted on 14 episodes but in that time gathered a hardcore and vociferous following that like to call themselves Browncoats. This quiz book contains well over 100 questions from subjects like the original crew of the Firefly-class ship Serenity, the interpersonal relationships of the crew members, the deadly Reavers, the antics of the hero they call Jayne and many more. **The Quarantine Quiz Book 2** Oct 16 2023 Whenever I wrote the first Quarantine Quiz book, I jokingly added a Christmas round thinking it would be a surreal little addition for those taking part in Spring. Yeah, that kind of back-fired, didn't it? Here I am in October, and the chocolate Santas are

appearing on the shelves of Tesco just as a second wave of coronavirus is on the horizon. Maybe, that Christmas round from book 1 will get an airing in December after all...I was blown away with the response to the first Quarantine Quiz book - thank you for the kind feedback I was emailed and the positive reviews on Amazon. It was a ray of sunshine at an otherwise bleak time. People never fail to surprise you with kindness. So here's the sequel, the obvious and grimly-titled 'Second Wave'. Fourteen more days of quizzes for those stuck indoors isolating. Join your friends and family on Zoom and facetime and pit your wits against each other, all in the name of defeating boredom. Thank you sincerely for supporting this book - you are literally helping to put food on my table! If you enjoy the quiz, please leave me a review on Amazon to help others find this book. Maybe there will be another Quarantine Quiz book in future - Spanish Flu had 4 waves, after all - but let's all hope this is the last one...

**Book Quiz - 14 Feb 08 2023** The past century has produced hundreds of thousands of works of literature. Most of them have vanished into the mists of time. Some timeless volumes have survived the passage of the decades. This is their story. More accurately, the story of their titles. You have probably read at least half of the classics whose names fill the following chapters. Now, you get to guess their titles, given fragments of their names, and with the names of their authors as hints, if you wish. You are given half the letters in each book title, and have to reconstruct the full titles, given those fragments. All the best! \*Recommended books and reading lists\* Even before solving the clues to reveal the names of the books in our list of bestsellers, you will be able

to enjoy the lists for what they are: names of many books from the past century that will repay reading. The very next time you are subjected to a rainy day at home, you can pull up our book list, and improve your mind and broaden your outlook by reading one of the books you might not yet have encountered. This book is both a set of puzzles and a list of classics, so you can't lose.\*Literary Fiction's most timeless works\*Guaranteed quality all through. We picked the books for this list from among the books that received the highest average rating from multiple online outlets, and aggregated millions of votes to make sure we brought you only the best. These books have stood the test of time; they have made the transition from being classics of pen and ink and paper to being true timeless digital classics. This book will make sure you know their names, and those of their authors. \*Trivia and riddles for all ages\*Anyone who has either an aptitude for word games, or a deep knowledge of literature and best selling titles, will be able to derive many hours of profitable pleasure from this book. It can be enjoyed by readers of any age, and the clues and hints will help less experienced solvers get better over the course of the 30+ chapters. It can also be solved by people in groups; this way, even the most intractable clue will prove to be as nothing in front of the concentrated effort of multiple minds bending towards its solution.\*A thorough mental workout\*Most of us give our bodies the benefit of regular gym sessions (when we aren't too lazy, that is). However, our mental muscles are often left to atrophy. This book will combat that; by combining the skills of pattern recognition and word completion with the rusty mental database of book titles that you already

possess, you will be able to level up and solve pretty much every puzzle in the book. At the end of even a few chapters, you will feel the difference, and will be able to return, refreshed and invigorated, to your daily life.

**Things Fall Apart** Apr 29 2022 “A true classic of world literature . . . A masterpiece that has inspired generations of writers in Nigeria, across Africa, and around the world.” —Barack Obama “African literature is incomplete and unthinkable without the works of Chinua Achebe.” —Toni Morrison Nominated as one of America’s best-loved novels by PBS’s The Great American Read *Things Fall Apart* is the first of three novels in Chinua Achebe's critically acclaimed African Trilogy. It is a classic narrative about Africa's cataclysmic encounter with Europe as it establishes a colonial presence on the continent. Told through the fictional experiences of Okonkwo, a wealthy and fearless Igbo warrior of Umuofia in the late 1800s, *Things Fall Apart* explores one man's futile resistance to the devaluing of his Igbo traditions by British political and religious forces and his despair as his community capitulates to the powerful new order. With more than 20 million copies sold and translated into fifty-seven languages, *Things Fall Apart* provides one of the most illuminating and permanent monuments to African experience. Achebe does not only capture life in a pre-colonial African village, he conveys the tragedy of the loss of that world while broadening our understanding of our contemporary realities.

**The Four Tendencies** Feb 20 2024 NEW YORK TIMES BESTSELLER • Are you an Upholder, a Questioner, an Obliger,

or a Rebel? From the author of *Better Than Before* and *The Happiness Project* comes a groundbreaking analysis of personality type that “will immediately improve every area of your life” (Melissa Urban, co-founder of the Whole30). During her multibook investigation into human nature, Gretchen Rubin realized that by asking the seemingly dry question “How do I respond to expectations?” we gain explosive self-knowledge. She discovered that based on their answer, people fit into Four Tendencies: • Upholders meet outer and inner expectations readily. “Discipline is my freedom.” • Questioners meet inner expectations, but meet outer expectations only if they make sense. “If you convince me why, I’ll comply.” • Obligers (the largest Tendency) meet outer expectations, but struggle to meet inner expectations—therefore, they need outer accountability to meet inner expectations. “You can count on me, and I’m counting on you to count on me.” • Rebels (the smallest group) resist all expectations, outer and inner alike. They do what they choose to do, when they choose to do it, and typically they don’t tell themselves what to do. “You can’t make me, and neither can I.” Our Tendency shapes every aspect of our behavior, so using this framework allows us to make better decisions, meet deadlines, suffer less stress, and engage more effectively. It’s far easier to succeed when you know what works for you. With sharp insight, compelling research, and hilarious examples, *The Four Tendencies* will help you get happier, healthier, more productive, and more creative.
