Revolts and the Military in the Arab Spring Sean

Burns,2018-01-30 Through detailed exploration of events in Tunisia Egypt Bahrain Libya Syria and Yemen Sean Burns here breaks down the concept of professionalism within the armed forces into its component parts and demonstrates how variation in military structures determines their behaviour In so doing and by emphasising historical context and drawing on a wide range of political science theory Burns sheds fresh light onto the ways in which military structure affects the potential for democratic transition or the course of civil war With this book he presented a wide ranging study of the Middle East which provides key tools to understanding the opportunities for democratisation both during the Arab Spring and beyond and which is therefore essential reading for anyone working on the Middle East popular uprisings and the politics of repression
