The BIG Book of ABA Programs Michael M. Mueller,Ajamu Nkosi,2010-02-01

**The Assessment of Basic Language and Learning Skills-revised (the ABLLS-R).** James W. Partington,2010 The information obtained from this assessment allows parents and professionals to pinpoint obstacles that have been preventing a child from acquiring new skills and to develop a comprehensive language based curriculum The ABLLS R is comprised of two documents of which this is the first The ABLLS R Protocol is used to score the child s performance on the task items and provides 15 appendices that allow for the tracking of a variety of specific skills that are included in the assessment The Protocol includes a set of grids that comprise a skills tracking system that makes it possible to observe and document a child s progress in the acquisition of critical skills The ABLLS R protocol requires a second document the ABLLS R Guide which provides information about the characteristics of ABLLS R and describes how to correctly score the elements and how to develop goals and objectives of the Individualized Education Program IEP that clearly defines and target the learning needs of a student

**The Number Line through Guided Inquiry** David M. Clark,Xiao Xiao,2021-12-10 The Number Line through Guided Inquiry is designed to give future secondary teachers a deep understanding of the real numbers and functions on the reals By presenting just that part of the subject that underlies the high school curriculum this book offers an alternative to a standard real analysis sequence for advanced undergraduate or beginning graduate students It will give any student a much deeper understanding of the mathematics that they were taught in high school Written in a guided inquiry format this book consists of a carefully scaffolded sequence of definitions problems and theorems that guides students through each topic Readers solve the problems and prove the theorems on their own and present their results to their peers with the instructor as a mentor and a guide Students will learn not only the mathematics but also how to help others learn mathematics They will learn to think creatively and to make compelling arguments to justify their conclusions They will learn to listen critically to others and give constructive feedback Ultimately they will learn to work as a team to answer the bigger questions and build a common understanding of the broader subject
