Get More Buyers And Sellers! Outgoing Referrals 101 Feb 20 2023

You've completed your real estate license course requirement hours. Check. You've taken and passed your state and national real estate exam. Check. You've interviewed and accepted an offer to join a real estate company who mirrors your goals and core values. Check. You just wrapped the company's internal training program - required as a tool for jump starting/fast tracking your real estate career. Check. You've learned about working with buyers, working with sellers, completing the contract, negotiating the contract, counteroffers, seller concessions, buyer concessions, home inspections, closing dates, closing attorneys, title companies, lenders, flood insurance, dual agency, designated agency, buyers agent, sphere of influences, listing presentations, broker tours how to complete a BPO, how to show property, marketing with door hangers, farming, mailings, print advertising placement scheduling, open houses, social media, how to operate your lockbox, how to read the showing reports, ordering directional signage, ordering business cards and much, much, more. Check. You are implementing all of the real estate tools you have been taught and trained to use for the past month, 3 months, 6 months. Check. You've closed your first buyer client sale and/or listed your first seller client property. Not quite? We've all been there. As frustrating as starting your career in real estate may be, we all had to start somewhere. Speed up the process of celebrating your first buyer or seller client closing with

outgoing referrals. Something few real estate firms teach as part of their jump start/fast track training programs is the masterful art of generating an "Outgoing Referral". Why? Generating an outgoing referrals is not a new concept. Agent-to-Agent and Broker-to-Broker outgoing referrals have existed for as long as the real estate industry itself. Outgoing referrals from past/present clients, friends, family, associates, spheres of influence, et al; this is a category of real estate business that has not fully taken hold en masse among agents. One of the best and easiest revenue generators for new and seasoned real estate agents is outgoing referrals, yet this is the money we leave on the table. We work tirelessly with our buyers. We work tirelessly with our sellers. And yet, in-between contract to closing or upon first meeting our client, we forget to ask our buyers, "Do you have a home you wish to sell back in your city as you are transitioning to this new area"? And we forget to ask our sellers, "Once you sell this home we are listing today, where are you thinking of relocating?". Two missed opportunities to offer your clients round trip, 5-star service as they prepare to embark on their relocation. Yes. They may already be working with an agent; odds on they probably are. However, do you know if another realtor is in the picture, for sure? Isn't it worth 60 seconds of your time to inquire? Isn't this part of the total service we offer as real estate agents and brokers? And guess what? If your client's response is "No"; they are not currently working with a realtor on the other end; then you have opened the door to revenue you almost left on the table. This training manual and refresh guide will gently guide you on how to look for and professionally seek your buyer client and/or seller client outgoing referral. A short prospecting conversation which can potentially yield a 25% - 35% referral fee once closed, can greatly add to your bottom line revenue in annual closed transactions. And, given the recent turn of events, with new laws and legislation affecting agency commissions; now more than ever, savvy real estate agents and brokers, must employ the full arsenal of tools we have available to grow our business base and expand its core with solid success. Just a short conversation with your client(s), who already trust your opinion, can open the door to future

earnings.

The Book of Yes Sep 17 2022 In *The Book of YES*, you will find the most powerful scripts in the real estate industry today. If you're tired of the same old sales scripts or if you've done away with them all together, I know how you feel because I've been there. I was tired of seeing the same B.S.(bad sales) approaches and I wanted something that felt more natural for me. So I started creating my own scripts, for the simple reason that I hated being told, "No." For me nothing was worse than that feeling of rejection. I was determined to figure out the perfect thing to say in every situation, and how to say it in a way that would cause sellers and buyers to want to say "Yes!" to me every time. This book is the result of that quest. And I've broken it in two unique parts so you can spend less time reading it, and more time using the life changing scripts inside. Part 1 will give you the foundation for making the scripts work for you. Not just some of the time, but every time! You'll master how to inspire sellers to say "YES" to you giving you the magic key to unlock the success you want as a real estate agent. Part 2 Is the actual scripts that allow you to have smooth, choreographed conversations that lead you down the path to more success and more income. included in this section

are... Prospecting scripts for sellers that lead up to the listing appointment. My unique Listing Presentation Scripts with examples of exactly how to deliver them for maximum impact. The Buyer Scripts that I've personally used for years to build my own real estate business from scratch. The Objection scripts that will show you how to overcome any objection with ease and never be scrambling for words when a client throws you a curveball. In all there are 27 scripts in this book that will show you how to handle any situation, conversation, and objection that might come your way. And each script has been tested, tweaked and perfected. How do I know this? Because I've used each and every one of them to close millions of dollars worth of real estate in my nearly 2 decade career. I've also taken the time to include things I've picked up over my career that will help take you beyond the scripts... How to identify resistance and influence triggers so you can naturally use the right words and phrases that gets more clients saying YES to you. My practice techniques for memorizing and using these scripts to their full impact. You won't just be pulling words from your memory, you'll be speaking from the heart so you come across as genuine. The "tiny tweaks" that turn a regular script into something powerful. These seemingly little differences can have a huge impact in the way a prospect or client responds to what you say. The 9 Keys to more powerful conversations that go way beyond just the words you say to a client. I've mastered all 9 of these techniques and each one has made a huge difference in how I present myself to clients. The Book of YES is an action guide, not a book of theory. Think of it as YOUR PLAY BOOK for the key conversations you have with sellers and buyers. Along with the scripts you will find tactical notes on how to use the script, why it works, and when to modify the script for various situations. This book is not about intimidating your clients to agree with you, it's about inspiring them to say YES. And the more they do, the more abundance and success you will have in your life. The ultimate YES is saying YES to your goals, your dreams and your family so you can create the lifestyle that you want.

Upsold Mar 12 2022 What do you want for yourself in the next five, ten years? Do your plans involve marriage, kids, a new job? These are the questions a real estate agent might ask in an attempt to unearth information they can employ to complete a sale, which as *Upsold* shows, often results in upselling. In this book, sociologist Max Besbris shows how agents successfully upsell, inducing buyers to spend more than their initially stated price ceilings. His research reveals how face-to-face interactions influence buyers' ideas about which neighborhoods are desirable and which are less-worthy investments and how these preferences ultimately contribute to neighborhood inequality. ? Stratification defines cities in the contemporary United States. In an era marked by increasing income segregation, one of the main sources of this inequality is housing prices. A crucial part of wealth inequality, housing prices are also directly linked to the uneven distribution of resources across neighborhoods and to racial and ethnic segregation. *Upsold* shows how the interactions between real estate agents and buyers make or break neighborhood reputations and construct neighborhoods by price. Employing revealing ethnographic and quantitative housing data, Besbris outlines precisely how social influences come together during the sales process. In *Upsold*, we get a deep dive into the role that the interactions with sales agents play in buyers' decision-making and how neighborhoods are differentiated, valorized, and deemed to be worthy of a certain price.
