*A Pickpocket's Tale: The Underworld of Nineteenth-Century New York* Timothy J. Gilfoyle, 2011-02-07 A true story more incredible than fiction Kevin Baker author of *Striver's Row* In George Appo's world child pickpockets swarmed the crowded streets addicts drifted in furtive opium dens and expert swindlers worked the lucrative green goods game On a good night Appo made as much as a skilled laborer made in a year Bad nights left him with more than a dozen scars and over a decade in prisons from the Tombs and Sing Sing to the Matteawan State Hospital for the Criminally Insane where he reunited with another inmate his father The child of Irish and Chinese immigrants Appo grew up in the notorious Five Points and Chinatown neighborhoods He rose as an exemplar of the good fellow a criminal who relied on wile who followed a code of loyalty even in his world of deception Here is the underworld of the New York that gave us Edith Wharton Boss Tweed Central Park and the Brooklyn Bridge

**The Urban Underworld in Late Nineteenth-Century New York: The Autobiography of George Appo** Timothy Gilfoyle, 2013-01-04 Through the colorful autobiography of pickpocket and con man George Appo Timothy Gilfoyle brings to life the opium dens organized criminals and prisons that comprised the rapidly changing criminal underworld of late nineteenth century America The book's introduction and supporting documents which include investigative reports and descriptions of Appo and his world connect Appo's memoir to the larger story of urban New York and how and why crime changed during this period It also explores factors of race and class that led some to a life of crime the experience of criminal justice and incarceration and the masculine codes of honor that marked the emergence of the nation's criminal subculture Document headnotes a chronology questions for consideration and a selected bibliography offer additional pedagogical support

**A Pickpocket's Tale** Karen Schwabach, 2008-01-08 A perfect Common Core tie in *A Pickpocket's Tale* includes nonfiction backmatter with a historical map of New York City in 1730 a glossary of period vocabulary words and an explanatory note titled *How Much of This Story Is True* Molly Abraham is a kinchin mort a ten year old thief trying not to starve on the London streets But everything changes for Molly when she is sentenced to be transported to the American colonies She becomes an indentured servant to a kind Jewish family in New York City and Molly has it good So why is it that all she wants to do is go back to London Karen Schwabach uses richly detailed descriptions and authentic period language to bring history to life She skillfully explores the subjects of Jewish culture in Colonial America and London street culture in this gritty yet heartwarming debut novel

**The Flash Press** Patricia Cline Cohen, Timothy J. Gilfoyle, Helen Lefkowitz Horowitz, American Antiquarian Society, 2008-09-15 Obscene libidinous loathsome lascivious Those were just some of the ways critics described the nineteenth century weeklies that covered and publicized New York City's

extensive sexual underworld Publications like the Flash and the Whip distinguished by a captivating brew of lowbrow humor and titillating gossip about prostitutes theater denizens and sporting events were not the sort generally bound in leather for future reference and despite their popularity with an enthusiastic readership they quickly receded into almost complete obscurity Recently though two sizable collections of these papers have resurfaced and in *The Flash Press* three renowned scholars provide a landmark study of their significance as well as a wide selection of their ribald articles and illustrations Including short tales of urban life editorials on prostitution and moralizing rants against homosexuality these selections epitomize a distinct form of urban journalism Here in addition to providing a thorough overview of this colorful reportage its editors and its audience the authors examine nineteenth century ideas of sexuality and freedom that mixed Tom Paine s republicanism with elements of the Marquis de Sade s sexual ideology They also trace the evolution of censorship and obscenity law showing how a string of legal battles ultimately led to the demise of the flash papers editors were hauled into court sentenced to jail for criminal obscenity and libel and eventually pushed out of business But not before they forever changed the debate over public sexuality and freedom of expression in America s most important city

*The Gangs of New York* Herbert Asbury,1928

**Sex Workers, Psychics, and Numbers Runners** LaShawn Harris,2016-06-15 During the early twentieth century a diverse group of African American women carved out unique niches for themselves within New York City s expansive informal economy LaShawn Harris illuminates the labor patterns and economic activity of three perennials within this kaleidoscope of underground industry sex work numbers running for gambling enterprises and the supernatural consulting business Mining police and prison records newspaper accounts and period literature Harris teases out answers to essential questions about these women and their working lives She also offers a surprising revelation arguing that the burgeoning underground economy served as a catalyst in working class black women s creation of the employment opportunities occupational identities and survival strategies that provided them with financial stability and a sense of labor autonomy and mobility At the same time urban black women all striving for economic and social prospects and pleasures experienced the conspicuous and hidden dangers associated with newfound labor opportunities

*The Science of Deception* Michael Pettit,2013-01-18 During the late nineteenth and early twentieth centuries Americans were fascinated with fraud P T Barnum artfully exploited the American yen for deception and even Mark Twain championed it arguing that lying was virtuous insofar as it provided the glue for all interpersonal intercourse But deception was not used solely to delight and many fell prey to the schemes of con men and the wiles of spirit mediums As a result a number of experimental psychologists set themselves the task of identifying and eliminating the illusions engendered by modern commercial life By the 1920s however many of these same psychologists had come to depend on deliberate misdirection and deceitful stimuli to support their own experiments *The Science of Deception* explores this paradox weaving together the story of deception in American commercial culture with its growing use in the discipline of psychology Michael Pettit reveals how deception came

to be something that psychologists not only studied but also employed to establish their authority They developed a host of tools the lie detector psychotherapy an array of personality tests and more for making deception more transparent in the courts and elsewhere Pettit s study illuminates the intimate connections between the scientific discipline and the marketplace during a crucial period in the development of market culture With its broad research and engaging tales of treachery **The Science of Deception** will appeal to scholars and general readers alike

**Organized Crime in Chicago** Robert M. Lombardo,2012-12-30 This book provides a comprehensive sociological explanation for the emergence and continuation of organized crime in Chicago Tracing the roots of political corruption that afforded protection to gambling prostitution and other vice activity in Chicago and other large American cities Robert M Lombardo challenges the dominant belief that organized crime in America descended directly from the Sicilian Mafia According to this widespread alien conspiracy theory organized crime evolved in a linear fashion beginning with the Mafia in Sicily emerging in the form of the Black Hand in America s immigrant colonies and culminating in the development of the Cosa Nostra in America s urban centers Looking beyond this Mafia paradigm this volume argues that the development of organized crime in Chicago and other large American cities was rooted in the social structure of American society Specifically Lombardo ties organized crime to the emergence of machine politics in America s urban centers From nineteenth century vice syndicates to the modern day Outfit Chicago s criminal underworld could not have existed without the blessing of those who controlled municipal county and state government These practices were not imported from Sicily Lombardo contends but were bred in the socially disorganized slums of America where elected officials routinely franchised vice and crime in exchange for money and votes This book also traces the history of the African American community s participation in traditional organized crime in Chicago and offers new perspectives on the organizational structure of the Chicago Outfit the traditional organized crime group in Chicago

Writing the History of Crime Paul Knepper,2015-12-17 Writing the History of Crime investigates the development of historical writing on the subject of crime and its wider place in social and cultural history It examines long standing and emerging traditions in history writing with separate chapters on legal and scientific approaches as well as on urban Marxist gender and empire history Each chapter then explores these historical approaches in relation to crime paying particular attention to the relationship between theory and the interpretation of evidence Rather than a timeline for the historical appearance of ideas about crime or a catalogue of the range of topics that comprise the subject matter Writing the History of Crime reveals the ideas behind crime as a subject of historical investigation it looks at how these ideas generate questions that may be asked about the past and the way in which these questions are answered This is a crucial analysis for anyone interested in the history of crime the historiography of social history or the art of history writing more broadly

The Boy Problem Julia Grant,2014-03-15 A historical perspective on the factors affecting boys relationships with school and the criminal justice system Outstanding Academic Title Choice America s educational system has a problem with boys

and it's nothing new. The question of what to do with boys, the boy problem, has vexed educators and social commentators for more than a century. Contemporary debates about poor academic performance of boys, especially those of color, point to a myriad of reasons: inadequate and punitive schools, broken families, poverty, and cultural conflicts. Julia Grant offers a historical perspective on these debates and reveals that it is a perennial issue in American schooling that says much about gender and education today. Since the birth of compulsory schooling, educators have contended with what exactly to do with boys of immigrant, poor, minority backgrounds. Initially, public schools developed vocational education and organized athletics and technical schools, as well as evening and summer continuation schools, in response to the concern that the American culture of masculinity devalued academic success in school. Urban educators sought ways to deal with the bad boys, almost exclusively poor, immigrant, or migrant, who skipped school, exhibited behavioral problems when they attended, and sometimes landed in special education classes and reformatory institutions. The problems these boys posed led to accommodations in public education and the juvenile justice system. This historical study sheds light on contemporary concerns over the academic performance of boys of color who now flounder in school or languish in the juvenile justice system. Grant's cogent analysis will interest education policy makers and educators, as well as scholars of the history of education, childhood, gender studies, American studies, and urban history.

*The Big Con* David Maurer, 2010-10-27. The classic 1940 study of con men and con games that Luc Sante in *Salon* called a bonanza of wild but credible stories told concisely with deadpan humor, as sly and rich in atmosphere as anything this side of Mark Twain. Of all the grifters, the confidence man is the aristocrat, wrote David Maurer, a proposition he definitely proved in *The Big Con*, one of the most colorful, well-researched, and entertaining works of criminology ever written. A professor of linguistics who specialized in underworld argot, Maurer won the trust of hundreds of swindlers who let him in, not simply their language but their folkways and the astonishingly complex and elaborate schemes whereby unsuspecting marks, hooked by their own greed and dishonesty, were taken off, i.e., cheated of thousands upon thousands of dollars. *The Big Con* is a treasure trove of American lingo: the write the rag, the payoff ropers, shills, the cold poke, the convincer to put on the send, and indelible characters: Yellow Kid, Weil Barney, the Patch, the Seldom Seen Kid, Limehouse Chappie, Larry the Lug. It served as the source for the Oscar-winning film *The Sting*.

**The Talented Mrs. Mandelbaum** Margalit Fox, 2024-07-02. America's first great organized crime lord was a lady, a nice Jewish mother named Mrs. Mandelbaum. A tour de force with a pickpocket's finesse, Margalit Fox lures us into the criminal underworld of Gilded Age New York. Liza Mundy, author of *The Sisterhood*. In 1850, an impoverished twenty-five-year-old named Fredericka Mandelbaum came to New York in steerage and worked as a peddler on the streets of Lower Manhattan. By the 1870s, she was a fixture of high society and an admired philanthropist. How was she able to ascend from tenement poverty to vast wealth? In the intervening years, Marm Mandelbaum had become the country's most notorious fence, a receiver of stolen goods, and a criminal mastermind. By the mid-1880s, as much as 10 million worth of purloined luxury goods, nearly 300 million today.

had passed through her Lower East Side shop Called the nucleus and center of the whole organization of crime she planned robberies of cash gold and diamonds throughout the country But Mrs Mandelbaum wasn t just a successful crook She was a business visionary one of the first entrepreneurs in America to systemize the scattershot enterprise of property crime Handpicking a cadre of the finest bank robbers housebreakers and shoplifters she handled logistics and organized supply chains turning theft into a viable scalable business The Talented Mrs Mandelbaum paints a vivid portrait of Gilded Age New York a city teeming with nefarious rogues capitalist power brokers and Tammany Hall bigwigs all straddling the line between underworld enterprise and legitimate commerce Combining deep historical research with the narrative flair for which she is celebrated Margalit Fox tells the unforgettable true story of a once famous heroine whose life exemplifies America s cherished rags to riches narrative while simultaneously upending it entirely *American Criminal Law* Paul H.

Robinson,Sarah M. Robinson,2022-08-12 This coursebook offers an exciting new approach to teaching criminal law to graduate and undergraduate students and indeed to the general public Each well organized and student friendly chapter offers historical context tells the story of a principal historic case provides a modern case that contrasts with the historic explains the legal issue at the heart of both cases includes a unique mapping feature describing the range of positions on the issue among the states today examines a key policy question on the topic and provides an aftermath that reports the final chapter to the historic and modern case stories By embedding sophisticated legal doctrine and analysis in real world storytelling the book provides a uniquely effective approach to teaching American criminal law in programs on criminal justice political science public policy history philosophy and a range of other fields **American Murder** Mike

Mayo,2008-02-01 How would you treat a murderer If you re from Hollywood and he s notorious you might turn him into a folk hero Separate the facts from the many legends and revisions that have blossomed around these killers in this frightening look at the bloody real lives of movie s infamous antiheroes You ll find a blood curdling assortment of the criminal elite in *American Murder Criminals Crime and the Media* a rogue s gallery of our most famous killings killers and other scoundrels and some that ought to be more famous than they are A collection of high profile murderers gangsters assassins psychopaths such as O J Amy Fisher Robert Blake Susan Smith Claus Von Bulow the Menendez brothers Jeffrey Dahmer Ted Bundy John Wayne Gacy Richard Speck Al Capone Pretty Boy Floyd Bugsy Siegel Jesse James John Dillinger Charles Manson Albert Fish T Cullen Davis Ronald DeFeo Jr Edmund Kemper Beulah Annan Bonnie and Clyde Billy the Kid Charlie Starkweather as well as an assortment of lesser known killers with some incredible tales With numerous photos and illustrations this tome is richly illustrated and its helpful bibliography and extensive index add to its usefulness *American Murder* explores the legends as depicted in movies stories and songs You d not want to meet any of them in person either the real or Hollywood versions

**Broadway Plays and Musicals** Thomas S. Hischak,2009-04-22 New York City s Broadway district is by far the most prestigious and lucrative venue for American performers playwrights entertainers and technicians While there are many

reference works and critical studies of selected Broadway plays or musicals and even more works about the highlights of the American theater this is the first single volume book to cover all of the activities on Broadway between 1919 and 2007 More than 14 000 productions are briefly described including hundreds of plays musicals revivals and specialty programs Entries include famous and forgotten works designed to give a complete picture of Broadway s history and development its evolution since the early twentieth century and its rise to unparalleled prominence in the world of American theater The productions are identified in terms of plot cast personnel critical reaction and significance in the history of New York theater and culture In addition to a chronological list of all Broadway productions between 1919 and 2007 the book also includes approximately 600 important productions performed on Broadway before 1919

*Subcultures* Ken Gelder,2007-01-24 This book presents a cultural history of subcultures covering a remarkable range of subcultural forms and practices It begins with London s Elizabethan underworld taking the rogue and vagabond as subcultural prototypes the basis for Marx s later view of subcultures as the lumpenproletariat and Henry Mayhew s view of subcultures as those that will not work Subcultures are always in some way non conforming or dissenting They are social with their own shared conventions values rituals and so on but they can also seem immersed or self absorbed This book identifies six key ways in which subcultures have generally been understood through their often negative relation to work idle parasitical hedonistic criminal their negative or ambivalent relation to class their association with territory the street the hood the club rather than property their movement away from home into non domestic forms of belonging their ties to excess and exaggeration as opposed to restraint and moderation their refusal of the banalities of ordinary life and in particular of massification *Subcultures* looks at the way these features find expression across many different subcultural groups from the Ranters to the riot grrrls from taxi dancers to drag queens and kings from bebop to hip hop from dandies to punk from hobos to leatherfolk and from hippies and bohemians to digital pirates and virtual communities It argues that subcultural identity is primarily a matter of narrative and narration which means that its focus is literary as well as sociological It also argues for the idea of a subcultural geography that subcultures inhabit places in particular ways their investment in them being as much imaginary as real and in some cases strikingly utopian
