Designed to help faithful, worthy men and women better understand and exercise priesthood power, Priesthood Power Unlocked is clear and concise, sure to become an instant classic in every gospel library. An invitation to discover and develop your heart powers and tap into heart energy • Features accessible yet profound wisdom about the power of the heart and approaches for tapping into heart energy • Reveals that the heart, often perceived as our most vulnerable and fragile place, is in fact the source of our greatest potential • Supports individual heart-work by offering simple and practical exercises, meditations, and visualizations proven effective through many years of practice The heart is more often associated with vulnerability than hidden powers. We generally feel the need to protect our heart, building high walls after experiences of emotional pain and hurt. This response is unconscious, and since the modern world teaches us to rely on the brain to guide our life and actions, many of us find it hard to connect to the power and skills within our own hearts. Addressing the fears and feelings of insecurity that can arise and prevent us from opening up to the treasures we hold within, Shai Tubali reveals that the heart, often perceived as our most vulnerable and fragile place, is in fact the source of our greatest potential. Providing practical advice, exercises, meditations, and visualizations proven through his own heart-work practice, he shows how to tap into the heart's energy field and easily activate its seven secret powers: wisdom, vulnerability, forgiveness, ability to love, infinite energy, transformation, and self-acceptance. He explains how our modern education system develops our mind perception only, focusing on the goal of being successful and urging us constantly to be faster and better. Not only does this not bring happiness and fulfilment, but it may even cause stress and illness. Showing how to transition from mind to heart perception, Tubali helps us understand more about our heart's skills and how to implement its powers by healing inner energetic and emotional blockages. Calling for a change from one-sided mind perception and behavior, Tubali urges us to get in touch with our core and surrender completely to our heart energy, leaving all misconceptions behind and tearing down protective walls to discover our full potential. Unlocking the seven heart powers will lead to a deep sense of peace, balance, and fulfilment and enable you to approach life from a place of trust and love. "So many people pray. Sometimes, as a last resort. Other times, as a 'duty'. But how many ever discover the sheer wonder and delight of prayer? ... My passion in writing this book is to share with you the simple truth from God's Word, that an intimate and powerful prayer life is open to each one of us. Not as the exception, but as the norm. Because prayer that yields powerful results is normal in God's sight."--Back cover. Do you want to do something bigger in life? From the tangible to the ethereal, traverse a bridge forged through intent and belief. "If you want to take a leap into your dream life and take control of yourself, this book is a must-read. You will no longer have to give up a second of your life." - Roberto Shinyashiki

You went through several books before finding this one. You looked at the cover, the title caught your eye, you started reading the first sentence and decided to continue. I ask you, however: was it you who made the decision for each of those steps? You might believe so, but the truth is that everything happened so fast that your decisions had already been made before you could think about them, taken by a deeper part of your mind: your subconscious, responsible for everything you are and do. On which other paths is your mind taking you without your consent? In his first book, Michael Arruda, president of OMNI Brazil, will show you how to get control of your mind, and, consequently, your personal and professional lives. With this goal, he will present you the process that allows you to access your subconscious, identify the causes for pain and insecurities, and solve them quickly and effectively: hypnotherapy. On this journey through your mind, you will learn:

- How the three parts of your mind work and what mechanisms lead to your decisions, from the simplest ones to those that can radically transform your life.;
- Why you are the way you are—and what is the root of your biggest problems and challenges.;
- How to stop self-sabotaging with habits, attitudes, and beliefs that only lead you away from your goals.;
- How to become the captain of your life and never again feel like a hostage to destiny. An easy-to-follow guide to affirmations from inspirational teacher Louise Hay. This book by an internationally known expert on consciousness, intuition, dreams, and psychic ability examines the Cayce readings' insights into human consciousness and outlines the enormous role it plays in our everyday lives. This is a wonderful guide to discovering the power in us all. I feel that we will be most connected to our purpose when we truly embrace who we are. Our past can define us if we allow it to, by only focusing on the negative aspects of our experiences. Or, our past can refine us, as we take the messages that the Universe has sent us to learn and grow. In fact, I realized that this book is one of the BEST ways that I can use my past and show how it has "refined" me and I hope that you find meaning in it to help you redefine your life. As you read this book, please know that I look at every event in my life as happening FOR me, not TO me. I never would have started my company, wrote this book, or become the person I am today, if it wasn't for these life experiences. We are new in Christ. Now we have to identify our old shame-based defenses and unlearn them to become who we already are. This book may steer the behavior and decision of people in the right direction for their well being. \* This book is a guidance for all the individuals who are trapped in the vicious cycle of negative emotions and old beliefs like anxiety, anger, frustration, depression, fear. \* This book is a hope for all who want to heal and have strong desire, determination, and will power to take the responsibility of their own well being. \* It's message is --Its never too late to take an action. \* The book focuses on the mechanism of subconscious and how to work with it to get the desired outcome. \* NLP has a powerful tools and techniques that empowers them to eliminate all the negative blocks from their life and experience growth and abundance. \* this book exhibits that there must be a balance between materialistic and spiritual world to live abundantly \*Health and happiness is everyone's birth right The intersection of time and eternity was a well-known theme in the ancient world. All spiritual and social activities were located within the framework of time and it was considered to be the conducting line for the manifestation of other realms into the human realms. They can also be called apertures for capturing and holding certain eternal possibilities in place so that a human being with such knowledge may momentarily step out of the constriction of materiality into the realms of the eternal. How time affects us and how we may be able to use its various dimensions for our breakthrough and, yes, the transformation and calibration of our communal life together, is one of the major themes of biblical narratives. I am of the view that various ways in which concepts of time occur in biblical narrative can serve as a creative spiritual technology for awakening and maintain godly consciousness. Times and seasons affect work and productivity in everyday existence, the material universe, and even our material bodies. The vigor of our spiritual movements can be enhanced or lost based on how we engage and utilize time within its various nomenclatures found in biblical narratives. For much of us in the modern world, time passes us by or we merely glide through it, except for the occasional material boon that may come our way because we have temporally capitalized upon it. But per my reading of scripture, time is a multi-perspectival, multi-utilitarian, multi-spectral flow of eternity that affords those conscious of its divine power the ability to transform and transmute creation in all kinds of ways. In this book, we will learn about what God wants us to understand concerning the various concepts of time, as well as the different Hebrew words for time. The Bible says that you and I have eternity hidden in our hearts (Ecclesiastes 3:11). ?Many things can block our access to eternity, making it difficult for us to have enough time because the only time that matters is the time connected to eternity where the flow is constant. We will delve into mysteries in this book and learn to master the ways of this magnificent technology of time that God has given us. Adonijah O. Ogbonnaya, Ph.D. The five-fold plan of Ephesians 4:11–16 is a revolutionary approach to organizational leadership. When people use their apostolic, prophetic, evangelistic, teaching, and pastoral gifts while working together under the Holy Spirit's guidance, any organization they are involved in—whether a business, a church, or even a small committee—can tap into supernatural resources more powerful than they can imagine, leading to success that is potentially unlimited. We all have essential contributions to offer society and should reach out with our best qualities to aid our fellow travelers along the road of life. Break the aging code and feel 15 years younger—from the inside out. "Focusing on the critical role of hormones produced by the brain, Dr. Braverman outlines a totally integrative program to restore hormonal balance and thereby restore readers to a younger, healthier, and more vital self, regardless of chronological age." --Nicholas Perricone, M.D., FACN, Bestselling author of 7 Secrets to Beauty, Health, and Longevity, The Perricone Weight-Loss Diet, The Perricone Promise, The Perricone Prescription, and The Wrinkle Cure "Younger You is an interesting and logical approach to preventing, diagnosing, and modifying the aging process." --Isadore Rosenfeld, M.D., Rossi Distinguished Professor of Clinical Medicine, New York Hospital Weil Cornell Medical Center, and author of Live Now, Age Later, Power to the Patient, and Doctor, What Should I Eat? "Just as Dr. Braverman says, we are only as young as our oldest part. This book is not just for us, but for our children, who can make changes to their diet and lifestyle now and reap the rewards later." --David Perlmutter, M.D., FACN, Director, Perlmutter Health Center and author of The Better Brain Book\ For more information visit YoungerYouBook.com. An 800-CEO-READ Staff Pick Shortlisted for the Thinkers50 Breakthrough Idea Award A Financial Times Business Book of the Month "For any would-be activists who hear the voice: 'not me' or 'not now,' Merchant makes the strong case for 'yes you' and 'yes now'—and even shows you how to jump in." —Van Jones, host of CNN's The Messy Truth, author of Rebuild the Dream and The Green Collar Economy "The Power of Onliness is a book for our times. . . . Merchant forces us to dig deep, into the book and ourselves, and it goes beyond self-knowledge and self-empowerment, obliterating the fear of otherness with an understanding of the onliness of us all." —Sally Haldorson, 800-CEO-READ An innovation expert illuminates why your power to make a difference is no longer bound by your status If you're like most people, you wish you had the ability to make a difference, but you don't have the credentials, or a seat at the table, can't get past the gatekeepers, and aren't high enough in any hierarchy to get your ideas heard. In The Power of Onliness, Nilofer Merchant, one of the world's top-ranked business thinkers, reveals that, in fact, we have now reached an unprecedented moment of opportunity for your ideas to "make a dent" on the world. Now that the Internet has liberated ideas to spread through networks instead of hierarchies, power is no longer determined by your status, but by "onliness"—that spot in the world only you stand in, a function of your distinct history and experiences, visions and hopes. If you build upon your signature ingredient of purpose and connect with those who are equally passionate, you have a lever by which to move the world. This new ability is already within your grasp, but to command it, you need to know how to meaningfully mobilize others around your ideas. Through inspirational and instructive stories, Merchant reveals proven strategies to unleash the centrifugal force of a new idea, no matter how weird or wild it may seem. Imagine how much better the world could be if every idea could have its shot, not just the ones that come from expected people and places. Which long-intractable problems would we solve, what new levels of creativity would be unlocked, and who might innovate a breakthrough that could benefit ourselves, our communities, and especially our economy. This limitless potential of onliness has already been recognized by Thinkers 50, the Oscars of management, which cited it one of the five ideas that will shape business for next twenty years. Why do some individuals make scalable impact with their ideas, regardless of their power or status? The Power of Onliness unravels this mystery for the first time so that anyone can make a dent. Even you. "Sleep is one of the most important but least understood aspects of our life, wellness, and longevity ... An explosion of scientific discoveries in the last twenty years has shed new light on this fundamental aspect of our lives. Now ... neuroscientist and sleep expert Matthew Walker gives us a new understanding of the vital importance of sleep and dreaming"-- Amazon.com. Statistics: Unlocking the Power of Data, 3rd Edition is designed for an introductory statistics course focusing on data analysis with real-world applications. Students use simulation methods to effectively collect, analyze, and interpret data to draw conclusions. Randomization and bootstrap interval methods introduce the fundamentals of statistical inference, bringing concepts to life through authentically relevant examples. More traditional methods like t-tests, chi-square tests, etc. are introduced after students have developed a strong intuitive understanding of inference through randomization methods. While any popular statistical software package may be used, the authors have created StatKey to perform simulations using data sets and examples from the text. A variety of videos, activities, and a modular chapter on probability are adaptable to many classroom formats and approaches.
