Same-Sex Attraction and the Church Ed Shaw, 2015-11-09 When Christians have same sex attraction how should the church respond Pastor Ed Shaw experiences same sex attraction and yet he is committed to Scripture and the church's traditional position on sexuality In this honest book he shares his own experiences and shows us that obedience to Jesus is ultimately the only way to experience life to the full

What God Wants Neale Donald Walsch, 2010-12-14 Be careful This book is dangerous It explores with startling freshness the most important question you could ever ask and offers with breathtaking courage the most extraordinary answer you could ever imagine That answer is so theologically revolutionary and so spiritually empowering that it could change the course of human history If embraced it most certainly will change your life There are people and institutions in the world long in place and long in power that want neither of these outcomes to occur They would rather that you put this book down right now It's up to you

Did America Have a Christian Founding? Mark David Hall, 2019-10-29 A distinguished professor debunks the assertion that America's Founders were deists who desired the strict separation of church and state and instead shows that their political ideas were profoundly influenced by their Christian convictions In 2010 David Mark Hall gave a lecture at the Heritage Foundation entitled Did America Have a Christian Founding His balanced and thoughtful approach to this controversial question caused a sensation C-SPAN televised his talk and an essay based on it has been downloaded more than 300,000 times In this book Hall expands upon this essay making the airtight case that America's Founders were not deists He explains why and how the Founders' views are absolutely relevant today showing that they did not create a godless Constitution that even Jefferson and Madison did not want a high wall separating church and state that most Founders believed the government should encourage Christianity and that they embraced a robust understanding of religious liberty for biblical and theological reasons This compelling and utterly persuasive book will convince skeptics and equip believers and conservatives to defend the idea that Christian thought was crucial to the nation's founding and that this benefits all of us whatever our faith or lack of faith

The Book of Job Gilbert Keith Chesterton, The Book of Job is among the other Old Testament Books both a philosophical riddle and a historical riddle Controversy has long raged about which parts of this epic belong to its original scheme and which are interpolations of considerably later date The doctors disagree as it is the business of doctors to do but upon the whole the trend of investigation has always been in the direction of maintaining that the parts interpolated if any were the prose prologue and epilogue and possibly the speech of the young man who comes in with an apology at the end This work contains Chesterton's assumptions and thoughts on this mysterious scripture
