Exploring more of the Southwest? Try Moon Arizona & the Grand Canyon or Moon Zion & Bryce. Hitting the road? Try Moon Southwest Road Trip. A textbook discussing the state's history, government, economy, geography, and culture. New Mexico cultural envoy Juan Estevan Arellano, to whom this work is dedicated, writes that querencia "is that which gives us a sense of place, that which anchors us to the land, that which makes us a unique people, for it implies a deeply rooted knowledge of place, and for that reason we respect it as our home." This sentiment is echoed in the foreword by Rudolfo Anaya, in which he writes that "querencia is love of home, love of place." This collection of both deeply personal reflections and carefully researched studies explores the New Mexico homeland through the experiences and perspectives of Chicanx and indigenous/Genízaro writers and scholars from across the state. The importance of querencia for each contributor is apparent in their work and their ongoing studies, which have roots in the culture, history, literature, and popular media of New Mexico. Be inspired and enlightened by these essays and discover the history and belonging that is querencia. A Guide to New Mexico Film Locations offers a ""call sheet"" to explore many of the Land of Enchantment's most iconic film locales. From alpine forests to sand dunes, from spaceports to historic ranches, New Mexico's movie backdrops showcase the most

dramatic and stunning parts of the state. "Discover the haunted mesas, the eerie, bloodthirsty canyons, and the scorching wastelands that are beyond the freeways, away from the cities in surreal New Mexico"--Cover This long-awaited book is the most detailed and up-to-date account of the complex history of Pueblo Indian land in New Mexico, beginning in the late seventeenth century and continuing to the present day. The authors have scoured documents and legal decisions to trace the rise of the mysterious Pueblo League between 1700 and 1821 as the basis of Pueblo land under Spanish rule. They have also provided a detailed analysis of Pueblo lands after 1821 to determine how the Pueblos and their non-Indian neighbors reacted to the change from Spanish to Mexican and then to U.S. sovereignty. Characterized by success stories of protection of Pueblo land as well as by centuries of encroachment by non-American Indians on Pueblo lands and resources, this is a uniquely New Mexican history that also reflects issues of indigenous land tenure that vex contested territories all over the world. "Compelling and complex . . . Strange and wonderful." —The New York Times Book Review, in praise of McIlvoy's previous fiction

I am going to write about the state of New Mexico and put in some maps and stuff from the encyclopedia. My theme is the Don Juan Onate trail and the Jornada Del Muerto. But I might write some other important things which as it turns out my stepmother got angry about and said she wouldn't type this until my Dad said "Dammit now it is history" and told her maybe there weren't commas in those days. "The Complete History of New Mexico" is no ordinary research paper, and this is no ordinary collection of short stories. Eleven-year-old Chum's "history" unfolds over three distinctive and increasingly disturbing sections. He writes that "Coronado explored around and found Santa Fe in 1610"; that "William Becknell was tracking wagons over everyplace in 1821"; and that every day his best friend, Daniel, is afraid to go home. Kevin McIlvoy intersperses the title novella with equally distinctive stories set in New Mexico. Laura, a plain, overweight nurse, encounters a terrified young man on his way to the Vietnam War and takes matters into her own hands. Zach spends time with his "white-trash" relatives and finds love's terrible and true face. The Complete History of New Mexico is a stunningly original collection that will further McIlvoy's growing reputation. This guide to New Mexico's mountains provides information such as location, elevation and relief, ecosystems, archaeology, Native American presence, mining history, ghost towns, recreation, geology, ecology, and plants and animals. This award-winning text on New Mexico folklore traditions is now available in a shorter edition. Detailed information on every aspect of New Mexico's past. The most comprehensive reference on the state's most precious resource is now back in print. Adams and Chavez polish a unique window on late 18th-century New Mexico, providing a seamless translation of Father Domnguez's original work as well as explanatory materials. Famous writers tell of the fascination of New Mexico. Death Comes for the Archbishop is Willa Cather's best known novel. This epic, is a dream like, mythic story of a life lived simply in the southwestern desert. Father Jean Marie Latour is transferred to serve as the Apostolic Vicar to New Mexico. He finds a vast territory of hills, arroyos, and loneliness. Cather delivers a story of a simple life lived well and full in this her tour de force. Twentieth century New Mexico history for high school courses. New Mexico's Spanish legacy has informed the cultural traditions of one of the last states to join the union for more than four hundred years, or before the alluring capital of Santa Fe was founded in 1610. The fame the region gained from artist Georgia O'Keefe, writers Lew Wallace and D.H. Lawrence and pistolero Billy the Kid has made New Mexico an international tourist destination. But the Spanish annals also have enriched the Land of Enchantment with the factual stories of a superhero knight, the greatest queen in history, a saintly gent whose coffin periodically rises from the depths of the earth and a mysterious ancient map. Join author Ray John de Aragón as he reveals hidden treasure full of suspense and intrigue. This book is considered to be the starting place for anyone having family history ties to New Mexico, and for those interested in the history of New Mexico. Well before Jamestown and the Pilgrims, New Mexico was settled continuously beginning in 1598 by Spaniards whose descendants still make up a major portion of the population of New Mexico. Traces the history of the art of New Mexico and examines the works of Hispanic and Indian artists of the region. From hiking sandstone canyons to chowing down on southwestern cuisine, fall under the spell of the Land of Enchantment with Moon New Mexico. Inside you'll find: Strategic, flexible itineraries with ideas for art lovers, outdoor adventurers, history buffs, and more Top experiences and unique activities: Wander through a ghost-town graveyard, count the bullet holes in the ceilings of preserved 19th-century saloons, or visit the birthplace of the atomic bomb. Soar through New Mexico's clear blue sky on a colorful hot air balloon. Spark inspiration and delight in the spirited art scene of Santa Fe, or seek an extraterrestrial experience at the International UFO Museum & Research Center in Roswell Savor the flavors: Dig into traditional local cuisine, like red sauce-smothered enchiladas, tender carne adovada, and hearty posole. Indulge in juicy green-chile cheeseburgers or opt for something lighter from one of New Mexico's many organic farm-to-table restaurants Outdoor adventures: Go deep on a trek into the mesmerizing underground world of Carlsbad Caverns or venture off-trail in the De-Na-Zin Wilderness to view stunning hoodoos. Raft from surging waters to gentle currents on the Rio Grande or explore the wavelike gypsum dunes of White Sands National Park Ways to respectfully engage with indigenous cultures: Attend a dance ceremony or a powwow, tour a pueblo, or peruse handmade goods at a market Local insight from Santa Fe dweller Steven Horak Full-color, vibrant photos and detailed maps throughout Thorough background on the landscape, wildlife, health and safety, climate, and local culture, plus advice for families, seniors, international visitors, and LGBTQ+ travelers Focused coverage of Albuquerque, Santa Fe, Taos, Navajo Nation, Las Cruces, Carlsbad, and more Find your adventure with Moon New Mexico. Exploring more of the Southwest? Try Moon Arizona & the Grand Canyon or Moon Zion & Bryce. Hitting the road? Try Moon Southwest Road Trip. Moon Travel Guides are written by local, expert authors with great stories to tell—and they can't wait to share their favorite places with you. For more inspiration, follow @moonguides on social media. In this exploration of how people lived and died in eighteenth- and nineteenth-century New Mexico, Martina Will weaves together the stories of individuals and communities in this cultural crossroads of the American Southwest. The wills and burial registers at the heart of this study provide insights into the variety of ways in which death was understood by New Mexicans living in a period of profound social and political transitions. This volume addresses the model of the good death that settlers and friars brought with them to New Mexico, challenges to the model's application, and the eventual erosion of the ideal. The text also considers the effects of public health legislation that sought to protect the public welfare, as well as responses to these controversial and unpopular reforms. Will discusses both cultural continuity and regional adaptation, examining Spanish-American deathways in New Mexico during the colonial (approximately 1700–1821), Mexican (1821–1848), and early Territorial (1848–1880) periods. “Completely honest and highly informative. To look at a legislative body is to observe democracy in the raw—with all its diverse characters and influences and its many conflicts, compromises, and achievements. Dede Feldman, a first-rate observer and chronicler, shows us the insides of the New Mexico State Senate.”—Fred Harris, former U.S. Senator and professor emeritus of political science, University of New Mexico Elected to New Mexico's state senate in 1996, Dede Feldman faced the challenges that confront state legislators around the country along with some that are uniquely New Mexican. In this forthright account of the workings of New Mexico's legislature, she reveals how the work of governing is actually accomplished. In New Mexico's part-time citizen legislature, Spanish may be spoken in the halls of the capitol as often as English, and Native American issues are often pivotal. But each year the Land of Enchantment's legislators, like those in other states, must balance revenues and expenditures, tangle with lobbyists, and struggle with redistricting and campaign finance reform. State legislatures' approaches to air pollution, drunk driving, and chronic disease, Feldman's book reveals, find their way into national law after they've been road tested on the highways of various states. The structure, politics, and financing of education in New Mexico today. Author's first mystery. A textbook tracing the history of New Mexico's land and people from the Ice Age to the present. This extensive volume presents New Mexico history from its prehistoric beginnings to the present in essays and articles by fifty prominent historians and scholars representing various disciplines including history, anthropology, Native American studies, and Chicano studies. Contributors include Rick Hendricks, John L. Kessell, Peter Iverson, Rina Swentzell, Sylvia Rodriguez, William deBuys, Robert J. Tórréz, Malcolm Ebright, Herman Agoyo, and Paula Gunn Allen, among many others. Outlaws, cattlemen and a plethora of quirky pioneers once riddled southeastern New Mexico. In November 1892, E.W. Doll and J.B. Coates ignited rumors of an eight-foot petrified man in McKittrick Cave. A massive fire and subsequent shootout led to the demise of Phenix, one of the Old West's most scandalous towns. And in August 1932, Bonnie and Clyde kidnapped Carlsbad's Deputy Sheriff Joe Johns. Authors Donna Blake Birchell and John LeMay explore these little-known tales and more that have beguiled this region for centuries. This book tells the story of the thousands of “health seekers” who journeyed to New Mexico from 1880 to 1940 seeking a cure for tuberculosis (TB), the leading killer in the United States at the time. By 1920 such health seekers represented an estimated 10 percent of New Mexico's population. The influx of “lungers” as they were called—many of whom remained in New Mexico—would play a critical role in New Mexico's struggle for statehood and in its growth. Nearly sixty sanatoriums were established around the state, laying the groundwork for the state's current health-care system. Among New Mexico's prominent lungers were artists Will Shuster and Carlos Vierra, who “came to heal and stayed to paint.” Bronson Cutting, brought to Santa Fe on a stretcher in 1910, became the influential publisher of the Santa Fe New Mexican and a powerful U.S Senator. Others included William R. Lovelace and Edgar T. Lassetter, founders of the Lovelace Clinic, as well as Senator Clinton P. Anderson, poet Alice Corbin Henderson, architect John Gaw Meem, aviator Katherine Stinson, and Dorothy McKibben, gatekeeper for the Manhattan Project. New Mexico's most infamous outlaw, Billy the Kid, first arrived in New Mexico when his mother, Catherine Antrim, sought treatment in Silver City. New Mexico is an angler's delight. It has more than a thousand miles of fishable creeks, streams, and rivers and almost a quarter-million surface acres of lakes and reservoirs. This book is a complete guide to fishing in all of these waters. Over two hundred public, private, and Indian reservation-fishing areas are covered. From the state's two best-known fishing areas--the San Juan river and Elephant Butte Reservoir--to all of the waters associated with the state's ten drainages, this book provides detailed information for each site on location, size, depth, shoreline description, fish species, suggested angling techniques, seasonal fishing reports, road access, camping and boating facilities, and handicapped accessibility. This book is sure to become indispensable to two types of anglers: beginners, young and old, who want to take up the sport, and veterans--including newcomers to the state--who seek up-to-date information on all species of coldwater and warm water sport fish in New Mexico. Tells of thirty-one interesting episodes in the history of New Mexico, from the days of the prehistoric Indians through 1996; arranged chronologically, and including a collection of facts about the "Land of Enchantment." Barela, a santero, is recognized by New Mexico's contemporary Hispanic artists as a major source of inspiration. Since the earliest days of Spanish exploration and settlement, New Mexico has been known for lying off the beaten track. But this new history reminds readers that the world has been beating paths to New Mexico for hundreds of years, via the Camino Real, the Santa Fe Trail, several railroads, Route 66, the interstate highway system, and now the Internet. This first complete history of New Mexico in more than thirty years begins with the prehistoric cultures of the earliest inhabitants. The authors

then trace the state's growth from the arrival of Spanish explorers and colonizers in the sixteenth century to the centennial of statehood in 2012. Most historians have made the territory's admission to the Union in 1912 as the starting point for the state's modernization. As this book shows, however, the transformation from frontier province to modern state began with World War II. The technological advancements of the Atomic Era, spawned during wartime, propelled New Mexico to the forefront of scientific research and pointed it toward the twenty-first century. The authors discuss the state's historical and cultural geography, the economics of mining and ranching, irrigation's crucial role in agriculture, and the impact of Native political activism and tribe-owned gambling casinos. *New Mexico: A History* will be a vital source for anyone seeking to understand the complex interactions of the indigenous inhabitants, Spanish settlers, immigrants, and their descendants who have created New Mexico and who shape its future. During the Civil War, the California Column moved to New Mexico to save it for the Union by preventing a Confederate force from occupying it. About 340 members of the Column remained in New Mexico after the war to settle the territory. The indispensable traveler's guide to the history of places throughout the Land of Enchantment. In colorful detail, *Good Night New Mexico* explores the iconic cities of Albuquerque, Las Cruces, Silver City, Taos, and Santa Fe. Young readers discover the treasures of Carlsbad Caverns, White Sands National Monument, the Gila Cliff Dwellings, the International UFO Museum and Research Center, the Georgia O'Keeffe Museum, and the Museum of Indian Arts and Culture. Also included are hot air ballooning, skiing, Mexican food, and desert life including the horny toad and roadrunner. The story of Fray Marcos and the Seven Cities of Cibola was a favorite of Adolph Bandelier (1840–1914). Bandelier's combination of methodological sophistication and control of the archival data makes the Marcos de Niza paper important, not only as a landmark in Southwestern ethnohistory, but as a work of scholarship in its own rights, with insights on Cabeza de Vaca, Marcos, and early Southwestern exploration that are still valid today. New Mexico is a land with two faces. It is a land of enchantment, legendary for its natural beauty and rich cultural heritage. But it is also a land of paradox. In *America, New Mexico*, Robert Leonard Reid explores deep inside New Mexico's landscape to find the real New Mexico—with all of its gifts and challenges—within. Having traveled and hiked countless miles throughout the state, Reid knows New Mexico's breathtaking landscape intimately. But he knows the human landscape as well: its artists and poets, medicine men and businessmen, preachers and politicians, Hispanics and Anglos. He knows that amid the glittering mansions of Santa Fe there are homeless shelters, that the Indians of myth and legend combat alcoholism and poverty, and that toxic waste lurks beneath a land of almost surreal beauty. *America, New Mexico* is a book about land, sky, and hope by a writer whose passion and inspiring prose invite us to see the promise and possibilities of reconnecting with the natural world. It is unflinching in its depiction of the adversities facing New Mexicans and indeed all Americans. But above all, it searches behind and beyond these troubling issues to find, standing staunchly against them, a quiet and unshakable confidence rooted in New Mexico's natural world. For anyone who has ever been moved by the incomparable beauty of New Mexico, for anyone concerned with the landscape in which all Americans live, *America, New Mexico* is an unforgettable book.
