Go Ask Alice Anonymous,1999-07-13 A teen plunges into a downward spiral of addiction in this classic cautionary tale

January 24th After you've had it there isn't even life without drugs. It started when she was served a soft drink laced with LSD in a dangerous party game. Within months she was hooked, trapped in a downward spiral that took her from her comfortable home and loving family to the mean streets of an unforgiving city. It was a journey that would rob her of her innocence, her youth, and ultimately her life. Read her diary. Enter her world. You will never forget her. For thirty-five years the acclaimed bestselling first-person account of a teenage girl's harrowing descent into the nightmarish world of drugs has left an indelible mark on generations of teen readers. As powerful and as timely today as ever, *Go Ask Alice* remains the definitive book on the horrors of addiction.

Why Love Hurts Eva Illouz, 2013-05-20 Few of us have been spared the agonies of intimate relationships. They come in many shapes: loving a man or a woman who will not commit to us; being heartbroken when we're abandoned by a lover; engaging in Sisyphean internet searches; coming back lonely from bars, parties, or blind dates; feeling bored in a relationship that is so much less than we had envisaged. These are only some of the ways in which the search for love is a difficult and often painful experience. Despite the widespread and almost collective character of these experiences, our culture insists they are the result of faulty or insufficiently mature psyches. For many, the Freudian idea that the family designs the pattern of an individual's erotic career has been the main explanation for why and how we fail to find or sustain love. Psychoanalysis and popular psychology have succeeded spectacularly in convincing us that individuals bear responsibility for the misery of their romantic and erotic lives. The purpose of this book is to change our way of thinking about what is wrong in modern relationships. The problem is not dysfunctional childhoods or insufficiently self-aware psyches, but rather the institutional forces shaping how we love. The argument of this book is that the modern romantic experience is shaped by a fundamental transformation in the ecology and architecture of romantic choice. The samples from which men and women choose a partner, the modes of evaluating prospective partners, the very importance of choice and autonomy, and what people imagine to be the spectrum of their choices—all these aspects of choice have transformed the very core of the will: how we want a partner, the sense of worth bestowed by relationships, and the organization of desire. This book does to love what Marx did to commodities: it shows that it is shaped by social relations and institutions and that it circulates in a marketplace of unequal actors.

The Monstrous-Feminine Barbara Creed, 2015-09-04 In almost all critical writings on the horror film, woman is conceptualised only as victim. In *The Monstrous-Feminine*, Barbara Creed challenges this patriarchal view by arguing that the prototype of all definitions of the monstrous is the female reproductive body. With close reference to a number of classic horror films, including the *Alien* trilogy, T

Masculinity in Crisis R. Horrocks, 1994-08-30 This book argues that masculine identity is in deep crisis in Western culture: the old forms are disintegrating while men struggle to establish new relations with women and with each other. This book offers a fresh look at gender, particularly masculinity, by using material from the author's work as a psychotherapist. The book also considers the contributions made by feminism, sociology, and anthropology to the study of gender and suggests that it must be studied from an interdisciplinary standpoint. Masculinity

is seen to have economic political and psychological roots but the concrete development of gender must be traced in the relations of the male infant with his parents Here the young boy has to separate from his mother and his own proto feminine identity and identify with his father but in Western culture fathering is often deficient Male identity is shown to be fractured fragile and truncated Men are trained to be rational and violent and to shut out whole areas of existence and feeling Many stereotypes imprison men particularly machismo which is shown to be deeply masochistic and self destructive **American Vaudeville as Ritual** Albert F. McLean Jr., 2021-10-21 This study affords an entirely new view of the nature of modern popular entertainment American vaudeville is here regarded as the carefully elaborated ritual serving the different and paradoxical myth of the new urban folk It demonstrates that the compulsive myth making faculty in man is not limited to primitive ethnic groups or to serious art that vaudeville cannot be dismissed as meaningless and irrelevant simply because it fits neither the criteria of formal criticism or the familiar patterns of anthropological study Using the methods for criticism developed by Susanne K Langer and others the author evaluates American vaudeville as a symbolic manifestation of basic values shared by the American people during the period 1885 1930 By examining vaudeville as folk ritual the book reveals the unconscious symbolism basic to vaudeville in its humor magic animal acts music and playlets and also in the performers and the managers which gave form to the dominant American myth of success This striking view of the new mass man as a folk and of his mythology rooted in the very empirical science devoted to dispelling myth has implications for the serious study of all forms of mass entertainment in America The book is illustrated with a number of striking photographs
