In recent years, Chrysler has made waves with a series of dramatic new show cars, exciting production vehicles like the Prowler and Viper, and its mega-merger with German juggernaut Daimler-Benz. It is generally accepted that Chrysler is the most forward-thinking of the Big Three American automakers, yet the company also has a wonderfully compelling past. Just in time to mark Chrysler's 75th anniversary, this beautifully illustrated history takes readers on a journey that spans the company's genesis in the 1920s to present. Marvelous archival black-and-white photography is accompanied by nostalgic period color imagery, print ads, and new color photography of classics. The story includes model from Dodge, Plymouth, Imperial, and DeSoto, while sidebars highlight key figures and stunning feats of engineering and styling. Passenger cars, sport-utility vehicles, trucks, and minivans are all discussed in this invaluable guide to the new 1997 vehicles! Over 170 cars, trucks and vans are reviewed and rated in every important category, from price to handling to options. Don't make an uninformed decision--get the guide that takes the hassle out of car-buying. Large format. EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine. American Motors was the little company that made a big impact. Maker of the Rambler family car, the Kenosha-based AMC offered an antidote to the excess of Detroit's Big 3. But when America decided it wanted sporty, rather than econocars, AMC got groovy with the Javelin, AMX, Scrambler and Rebel Machine. American Motors was a proven performer in showrooms and on the track, with success in drag and road course racing. However, through it all came solid Rambler value, and a different approach from Detroit. An

accent on consumer protection, along with brand label special editions. And when it came to blue sky thinking, AMC surpassed all with the Gremlin and Pacer small cars. Off road, Kenosha truly made Jeep 'The One & Only,' popularizing the brand and making it the sales success it is today. Beyond that, AMC created America's first crossover, the Eagle. It all proved that America's smallest ... was its biggest surprise! This book is a must for enthusiasts of outstanding high-performance automobiles. It examines in detail all the great Chrysler 300 models from 1955 to the latest versions including the 425 horsepower 2005 300C SRT-8 model and the 300's running-mate, the 2005 Dodge Magnum. With hundreds of color and black and white photos, a carefully researched text, production and sales data, and a year-by-year study of each Chrysler 300, this is a high-quality book celebrating the origin and return to glory of one of America's most respected high-performance automobiles. Three eras of the Chrysler 300 are covered: the first spans of the years 1955-1965; the second 1998-2004, when Chrysler revived the 300 name as the front wheel drive 300M; the third age began in 2004 when four all-new rear wheel drive Chrysler 300 models were introduced for the 2005 model year. The Crisis, founded by W.E.B. Du Bois as the official publication of the NAACP, is a journal of civil rights, history, politics, and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color. For nearly 100 years, The Crisis has been the magazine of opinion and thought leaders, decision makers, peacemakers and justice seekers. It has chronicled, informed, educated, entertained and, in many instances, set the economic, political and social agenda for our nation and its multi-ethnic citizens. This book chronicles over 75 years of engine design, development, and production at Chrysler Corporation. Every production engine built by Chrysler is covered in detail, with descriptions, pictures, specifications, and timelines provided for each. In addition to the specifications, the book also looks at the personalities behind the engines' development, and the vehicles in which the engines were used. EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine. Indianapolis Monthly is the Circle City's essential chronicle and guide, an indispensable authority on what's new and what's news. Through coverage of politics, crime, dining, style, business, sports, and arts and entertainment, each issue offers compelling narrative stories and lively, urbane coverage of Indy's cultural landscape. Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better. As Toyota skids into an ocean of problems and uncertainty continues in the U.S. automotive industry, Lemon-Aid Used Cars and Trucks 2011/2012 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years. Lemon-Aid guides are unlike any other car and truck books on the market. Phil Edmonston, Canada's automotive Dr. Phil for 40 years, pulls no punches. Like five books in one, Lemon-Aid Used Cars and Trucks is an exposé of car scams and gas consumption lies; a do-it-yourself service manual; an independent guide that covers beaters, lemons, and collectibles; an archive of secret service bulletins granting free repairs; and a legal primer that even lawyers can't beat! Phil delivers the goods on free fixes for Chrysler, Ford, and GM engine, transmission, brake, and paint defects; lets you know about Corvette and Mustang tops that fly off; gives the lowdown on Honda, Hyundai, and Toyota engines and transmissions; and provides the latest information on computer module glitches. Though American Motors never approached the size of Detroit's Big Three, it produced a long series of successful cars that were distinctive, often innovative and in many cases influential. This history examines AMC's cars from the company's formation in 1954 through its absorption by Chrysler in 1987. The Gremlin, Pacer and Eagle vehicles are examined in detail, as are the AMC custom cars of George Barris and Carl Green. The text details AMC's 1980s involvement with the French firm Renault and the design legacy of that joint venture, which includes the Hummer. The evolution of Jeep is covered from the 1960s through the 2000s. Features include some 225 photographs; a listing of AMC / Rambler clubs, organizations and business entities, with contact details; tables of detailed specifications and performance data; data on technical devices, trim packages and all model variations; a comprehensive

account of AMC / Rambler appearances in film, television and cartoons. Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle. Offering a behind-the-scenes look into the world of automotive research and development in the 1960s, this engaging narrative traces the birth of Chrysler's alternative "jet" car and reveals the story behind its sudden and mysterious demise. Relying on extensive research and firsthand accounts from surviving members of the turbine car program—including the metallurgist who created the exotic metals for the engine and the test driver who drove it at Chrysler's proving grounds—this chronicle documents the bold development of an automobile with a jet turbine engine. In addition to running well on virtually any flammable liquid—including kerosene, vodka, heating oil, and Chanel N°5 perfume—the pioneering engines had one fifth the number of moving parts and required less maintenance than conventional engines. Despite the fleet's amazing performance over millions of miles by test drivers, Chrysler pulled the plug on the project and crushed almost all of the cars. The reasons behind the surprising end to the jet car fleet are finally explained here. Looks at the history of the Chrysler Corporation through a collection of vintage photographs. Professional technicians count on Chilton®'you can too! Includes coverage of Chrysler Cirrus/Sebring Convertible/ Sebring Coupe/ Dodge Avenger/Plymouth Breeze/ Dodge Stratus 1995-98, Eagle Vision/Chrysler Concorde/ Dodge Intrepid, 1993-97, Chrysler E-Class, 1983-84, Dodge Monaco/Chrysler Imperial, 1990-92, Chrysler LeBaron, 1982-95, Chrysler Town & Country/Dodge 600, 1982-88, Chrysler LHS/Chrysler New Yorker *LH body style, 1994-97, Chrysler New Yorker (1983-88) * except LH, Chrysler TC by Maserati, 1989-91, Chrysler Laser, 1984-86, Dodge 400, 1982-84, Dodge Aries/Plymouth Reliant, 1981-89, Dodge Colt/ Dodge Colt Vista, 1990-93, Dodge Colt Wagon, 1990, Dodge Daytona, 1984-93, Dodge Dynasty, 1988-93, Dodge Lancer/LeBaron GTS, 1985-89, Dodge Neon/Plymouth Neon, 1995-99, Dodge Shadow/Plymouth Sundance, 1987-94, Dodge Shadow, 1992-94, Dodge Spirit/Plymouth Acclaim, 1989-95, Eagle Premier, 1988-89, Plymouth Caravelle, 1985-88.
