exam...” — G. Patton “I highly recommend this book! “The book was extremely helpful for me passing the exam. The questions really challenged me to dig deeper into the details of each category. I felt this was one of several tools to help me be prepared for the exam. I highly recommend this book.” — Edwin F Sierra “Such a great tool! “I passed the exam at the first attempt. I would recommend this as an additional study material for this exam." —Cynthia Zorrilla-Canteros ("czcante") "Fantastic! " "When I first began to prepare for this exam; the number of content areas seemed overwhelming and daunting at best. However, this guide clearly dissected each content area into small management components. Of all the study guides

currently available for this test - this exam not only included numerous resources (web links, you tube clips, etc..), but also the sample test was extremely helpful. The sample test incorporated a nice balance of diagrams, calculations and general concepts - this book allowed me to highlight any "weak" content areas I had prior to the real exam.
