The Conspiracy against the Human Race Thomas Ligotti,2018-10-02 In Thomas Ligotti s first nonfiction outing an examination of the meaning or meaninglessness of life through an insightful unsparing argument that proves the greatest horrors are not the products of our imagination but instead are found in reality There is a signature motif discernible in both works of philosophical pessimism and supernatural horror It may be stated thus Behind the scenes of life lurks something pernicious that makes a nightmare of our world His fiction is known to be some of the most terrifying in the genre of supernatural horror but Thomas Ligotti s first nonfiction book may be even scarier Drawing on philosophy literature neuroscience and other fields of study Ligotti takes the penetrating lens of his imagination and turns it on his audience causing them to grapple with the brutal reality that they are living a meaningless nightmare and anyone who feels otherwise is simply acting out an optimistic fallacy At once a guidebook to pessimistic thought and a relentless critique of humanity s employment of self deception to cope with the pervasive suffering of their existence *The Conspiracy against the Human Race* may just convince readers that there is more than a measure of truth in the despairing yet unexpectedly liberating negativity that is widely considered a hallmark of Ligotti s work

Cosmic Pessimism Eugene Thacker,2016-03-01 We re doomed So begins the work of the philosopher whose unabashed and aphoristic indictments of the human condition have been cropping up recently in popular culture Today we find ourselves in an increasingly inhospitable world that is at the same time starkly indifferent to our species specific hopes desires and disappointments In the Anthropocene pessimism is felt everywhere but rarely given its proper place Though pessimism may be as Eugene Thacker says the lowest form of philosophy it may also contain an enigma central to understanding the horizon of the human Written in a series of fragments aphorisms and prose poems Thacker s *Cosmic Pessimism* explores the varieties of pessimism and its often conflicted relation to philosophy Crying laughing sleeping what other responses are adequate to a life that is so indifferent
