A Biographical Dictionary of Dissenting Economists Apr 08 2022 Annotation.

Historical Dictionary of the World Health Organization Feb 04 2022 "The World Health Organization's history spans more than six decades. The past twenty years has been a particularly busy period in the organization's development, given the transition from international to global health cooperation and thus the need to adapt to major changes in its operating environment. Consequently, the WHO has been a direct part of new institutional arrangements and has shared in increased funding to provide for global health. It has also had to adapt its activities and programs in response to rival initiatives, leading to many changes--not only to the names of specific parts of the WHO but also to the nature of their activities. This second edition explores the organization's institutional complexity."--Back cover.

Illustrated Dictionary of Mycology Jun 30 2021 Theoretically translated from the 1991 Diccionario Ilustrado de Micología, a reference for students of fungus, but in fact also updated and enlarged to include nearly twice as many terms and 80% more illustrations. Many of the some 4,000 entries include black-and- white drawings or photographs illustrating the part or feature being defined. Ulloa (botany, Universidad Nacional Autonoma de Mexico) and Hanlin (plant pathology, U. of Georgia) include the derivation of the words, most of which are from Latin. Unfortunately they do not indicate pronunciation. The cross-referencing is extensive, which mitigates the lack of an index. They also include a short bibliography and an extensive outline of the classification of the taxa they cover down to the genus level. Annotation copyrighted by Book News, Inc., Portland, OR

An American Dictionary of the English Language Jun 03 2024

A Concise Dictionary of Paleontology May 29 2021 This authored dictionary presents a unique glossary of paleontological terms, taxa, localities, and concepts, with focus on the most significant orders, genera, and species in terms of historical turning points such as mass extinctions. The book is an accurate and up-to-date collection of the most important paleontological terms and taxa, and may be used as a resource by students, researchers, libraries, and museums. Though useful to many in professional and academic settings, the book is also aimed at general readers of scientific literature who may enjoy the material without a background in paleontology. While there are many current resources on the subject, few fully encapsulate an accurate representation of the paleontological lexicon. This book attempts to compile such a representation in a moderately comprehensive manner, and includes a list of the most important monographs and articles that have been consulted to put together this essential work.

Webster's All-In-One Dictionary & Thesaurus, Second Edition Jul 24 2023 Combined alphabetically, offers over sixty thousand dictionary entries and more than one hundred thousand thesaurus entries.

APA College Dictionary of Psychology Sep 13 2022 This is a compact and economic student's version of the critically acclaimed "'APA Dictionary of Psychology'". It contains 5,000 entries offering clear and authoritative definitions - including many revised and updated definitions from the parent dictionary. It includes about 200 entries that have never appeared in the parent dictionary or its abridgment, the "'APA Concise Dictionary of Psychology'", selected through comparison with some of the best and most popular textbooks currently in use on college campuses. It offers basic coverage across 90 sub disciplines of psychology - with special emphasis on field typically encountered in undergraduate studies: general, social, developmental, abnormal, and cognitive psychology, as well as neuroscience and basic methodology and statistics. There is an appendix listing major figures in the history of psychology and their relation to outside disciplines and professions.

Dictionary of Energy Sep 25 2023 The Dictionary of Energy, Second Edition is a comprehensive and authoritative reference on all aspects of energy and its role in society. Edited by Cutler J. Cleveland and Christopher Morris, the editors of Handbook of Energy, Volumes 1 and 2, this authoritative resource comes at a time when the topic of energy prices, resources and environmental impacts are at the forefront of news stories and political discussions. The Second Edition of Dictionary of Energy contains over 10,000 terms, across 40 key subject areas in energy (e.g. solar, oil & gas, economics, models, policy, basic concepts, sustainable development, systems, renewable/alternative energy, water, etc), with additional window essays on key issues, such as Biomass, Ecological Footprint, Exergy, Fuel Cell, and Hybrid Vehicles. Dictionary of Energy, Second Edition is a valuable reference for undergraduate and graduate students, academics, and research scientists who study energy, as well as business corporations, professional firms, government agencies, foundations, and other groups whose activities relate to energy. Comprises over 10,000 terms and definitions covering 40 scientific disciplines and topics Window essays on subjects such as life cycle assessment, methane, and tragedy of the commons written by leading scientists in the field Definitions are accompanied by photos and illustrations Over 2,200 new or revised terms Seventy-five percent of photos and illustrations either revised or new for this edition

Webster's New World Children's Dictionary Feb 24 2021 PREFERRED BY LEADING EDUCATORS AND INFORMED PARENTS With more than 33,000 entries selected in consultation with top educators and definitions written specifically for children eight and up, this is the most up-to-date and kid-friendly dictionary ever. Designed to make kids enthusiastic instead of intimidated, it features: * More than 800 notes and tips on synonyms, homonyms, prefixes, spelling, and word histories * Over 750 photographs and illustrations * Current computer, scientific, and cultural terms * Interesting word histories * Important figures from literature and history * Sample sentences to show meanings and usage * Every country plus major cities * Spelling tips for tricky words * Clear definitions in language children understand * Parts of speech, plural forms, and verb forms * Color photos, drawings and maps * Easy to understand pronunciation guide on every spread The all-in-one reference with: * Children's Thesaurus * Album of U.S. Presidents * Tables of Weights and Measures * Atlas of the World * Album of U.S. States

The A to Z of the Crusades Jan 06 2022 During the late 11th through the early 14th centuries at least seven major expeditions were made between Western Europe and the Holy Land with the goal of ending Muslim control of Jerusalem. Ultimately the crusaders were driven out, but not before a cultural exchange had taken place that had an immense impact on Western Europe and an equally enormous, albeit less positive, impact on Arabs and the Islamic world. Although the crusades occurred many centuries ago, echoes still resound through the current clashes of nations and ideologies, kidnappings for ransom, assassinations, and the declaring of "jihad"--all making the crusades an eminently timely subject. This one-volume overview provides an accessible reference work for scholars, students, and general readers on the period with numerous entries on key persons, places, events, battles and sieges, use of weapons and armor, and the deeper issues of the political and cultural background. Complete with a detailed chronology and a bibliography, this work allows readers to learn how Europe was changed forever by these battles with Islam.

A Dictionary of Education Mar 27 2021 Education is of relevance to everyone, but it involves specialized terminology which may be unfamiliar or opaque. The second edition of this UK-focused dictionary - with around 1,100 authoritative entries - provides clear and accessible definitions of the terms, organizations, qualifications, statutes, and much more, involved in education today.

The Century Dictionary Aug 25 2023

A Dictionary of the English Language Dec 29 2023

Historical Dictionary of Sacred Music Oct 15 2022 Sacred music is a universal phenomenon of humanity. Where there is faith, there is music to express it. Every major religious tradition and most minor ones have music and have it in abundance and variety. There is music to accompany ritual and music purely for devotion, music for large congregations and music for trained soloists, music that sets holy words and music without words at all. In some traditions—Islamic and

many Native American, to name just two--the relation between music and religious ritual is so intimate that it is inaccurate to speak of the music accompanying the ritual. Rather, to perform the ritual is to sing, and to sing the ritual is to perform it. This second edition of Historical Dictionary of Sacred Music contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 800 cross-referenced entries on major types of music, composers, key religious figures, specialized positions, genres of composition, technical terms, instruments, fundamental documents and sources, significant places, and important musical compositions. This book is an excellent access point for students, researchers, and anyone wanting to know more about sacred music.

Historical Dictionary of Animation and Cartoons Jul 12 2022 Historical Dictionary of Animation and Cartoons is intended to provide an overview of the animation industry and its historical development. The animation industry has been in existence as long (some would argue longer) than cinema, yet it has had less exposure in terms of the discourse of moving-image history. This book introduces animation by considering the various definitions that have been used to describe it over the years. A different perception of animation by producers and consumers has affected how the industry developed and changed over the past hundred years. This second edition of Historical Dictionary of Animation and Cartoons contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 300 cross-referenced entries on animators, directors, studios, techniques, films, and some of the best-known characters. This book is an excellent resource for students, researchers, and anyone wanting to know more about animation and cartoons.

Webster's New World Compact Desk Dictionary and Style Guide May 22 2023 The Complete Resource for Effective Communication Use words with precision. Clear, concise definitions help you say exactly what you mean. With 61,000 entries, 3,000 of them new, this dictionary covers the practical language you need every day. Based on the prestigious Webster's New World College Dictionary, this compact desk edition is up-to-date, authoritative, and easy to use. Write clearly and persuasively. Succinct explanations of grammar and punctuation help you avoid common errors. Expert advice on word usage adds polish to your writing. The clear, readable style guide, now completely rewritten, includes numerous examples of the "do's and don'ts" of effective writing. Get the information you need. Helpful tables give quick access to frequently needed facts, from capitals of the states to measurement conversions. Tables are grouped together so that information is easy to find. The dictionary you know and trust plus a complete, concise style guide and more * Widely used scientific, technical, professional, and business terms * Frequently used foreign words and phrases * Common abbreviations * Guide to pronunciation * Concise word origins * Basic rules of grammar, punctuation, and capitalization * Proper expression of numbers * Spelling and hyphenation of compound words * Guide to proper use of frequently misused words and phrases * Handy reference tables

A Dictionary of Dentistry Oct 03 2021 This first edition of A Dictionary of Dentistry provides over 4,500 definitions covering all the important terms and concepts used in dentistry today. Entries are written in clear and concise English without the use of unnecessary dental or medical jargon, and many entries are supplemented by detailed line drawings. The dictionary defines terms in a broad range of dental specialist areas including primary care, anatomy and comparative anatomy, physiology, biochemistry, radiography, radiology, orthodontics, periodontology, restorative dentistry, dental public health, paediatric dentistry, oral surgery, embryology, homeopathy, pharmacology, sedation, histology, implantology, ethics, and oral medicine. For completeness, some drugs, techniques, and instruments of historical interest have been included. It also includes a number of biographies of those who are considered to have made a highly significant contribution to dentistry. The principal muscles, nerves, arteries, veins, foramina, and sinuses of the head and neck together with illustrations are grouped together as appendixes: also included is a further reading list, and a list of common symbols and abbreviations used in both the UK and America. A key feature of this book is the Dictionary of Dentistry companion website, which provides quick access to recommended web links for many entries, plus over 100 full-colour illustrations.. An essential guide for dental practitioners and dental students, it is also an invaluable reference source for all members of the dental team, medical practitioners, lawyers involved with members of the dental profession, and the general reader.

APA Dictionary of Clinical Psychology Feb 16 2023 APA dictionary of clinical psychology : 11, 000 entries offering clear and authoritative definitions ; Balanced coverage across core areas-including assessment, evaluation, diagnosis, prevention, and treatment of emotional and behavioral disorders; training and supervision; as well as terms more generally relevant to the biological, cognitive, developmental, and personality/social psychological underpinnings of mental health ; Hundreds of incisive cross-references to deepen the user's understanding of related topics ; A Quick guide to use that explains stylistic and formal features at a glance ; Appendixes listing major figures relevant in the history of clinical psychology and psychological therapies and psychotherapeutic approaches.--[book jacket].

Historical Dictionary of Slavery and Abolition May 10 2022 For almost four thousand years, men and women with power have exploited vulnerable populations for cheap or free labor. These slaves, serfs, helots, tenants, peons, bonded or forced laborers, etc., built pyramids and temples, dug canals and mined the earth for precious metals and gemstones. They built the palaces and mansions in which the powerful lived, grown the food they ate, spun the cloth that clothed them. This second edition of Historical Dictionary of Slavery and Abolition relates the long and brutal history of slavery and the struggle for abolition using several key features: Chronology Introductory essay Appendixes Extensive bibliography Over 500 cross-referenced entries on forms of slavery, famous slaves and abolitionists, sources of slaves, and current conditions of modern slavery around the world This book is an excellent access point for students, researchers, and anyone wanting to know more about slavery and abolition.

Webster's New Universal Unabridged Dictionary May 02 2024 The dictionary entries are based on the second edition of the Random House dictionary of the English language.

Oxford English Dictionary Apr 20 2023 The Oxford English Dictionary is the internationally recognized authority on the evolution of the English language from 1150 to the present day. The Dictionary of Lost Words Sep 01 2021 NEW YORK TIMES BESTSELLER • REESE'S BOOK CLUB PICK • "Delightful . . . [a] captivating and slyly subversive fictional paean to the real women whose work on the Oxford English Dictionary went largely unheralded."—The New York Times Book Review "A marvelous fiction about the power of language to elevate or repress."—Geraldine Brooks, New York Times bestselling author of *People of the Book* Esme is born into a world of words. Motherless and irrepressibly curious, she spends her childhood in the Scriptorium, an Oxford garden shed in which her father and a team of dedicated lexicographers are collecting words for the very first Oxford English Dictionary. Young Esme's place is beneath the sorting table, unseen and unheard. One day a slip of paper containing the word *bondmaid* flutters beneath the table. She rescues the slip and, learning that the word means "slave girl," begins to collect other words that have been discarded or neglected by the dictionary men. As she grows up, Esme realizes that words and meanings relating to women's and common folks' experiences often go unrecorded. And so she begins in earnest to search out words for her own dictionary: the *Dictionary of Lost Words*. To do so she must leave the sheltered world of the university and venture out to meet the people whose words will fill those pages. Set during the height of the women's suffrage movement and with the Great War looming, *The Dictionary of Lost Words* reveals a lost narrative, hidden between the lines of a history written by men. Inspired by actual events, author Pip Williams has delved into the archives of the Oxford English Dictionary to tell this highly original story. *The Dictionary of Lost Words* is a delightful, lyrical, and deeply thought-provoking celebration of words and the power of language to shape the world. WINNER OF THE AUSTRALIAN BOOK INDUSTRY AWARD

The Pianist's Dictionary Jan 30 2024 From A to Z to middle C: An "essential reference" for piano students, teachers, players, and music lovers, with hundreds of definitions (E.L. Lancaster, Alfred Music). The Pianist's Dictionary is a handy and practical reference dictionary aimed specifically at pianists, teachers, students, and concertgoers. Prepared by Maurice Hinson and Wesley Roberts, this revised and expanded edition is a compendium of information gleaned from a combined century of piano teaching. Users will find helpful and clear definitions of musical and pianistic terms, performance directions, composers, pianists, famous piano pieces, and piano makers. The authors' succinct entries make *The Pianist's Dictionary* the perfect reference for compiling program and liner notes, studying scores, and learning and teaching the instrument. "This new edition is a go-to source for piano scholars and students for quick information on musical terms, pianists, major works in the piano repertoire, piano manufacturers, and more . . . comprehensive, easy to use." —Jane Magrath, University of Oklahoma

Historical Dictionary of Marxism Jan 23 2021 The second edition of the *Historical Dictionary of Marxism* covers of the basics of Karl Marx's thought, the philosophical contributions of later Marxist theorists, and the extensive real-world political organizations and structures his work inspired—that is, the myriad political parties, organizations, countries, and leaders who subscribed to Marxism as a creed. This text includes a chronology, an introductory essay, and an extensive bibliography. The dictionary section has over 500 cross-referenced entries on important personalities, both thinkers and doers; political parties and movements; and major communist or ex-communist countries. This book is an excellent access point for students, researchers, and anyone wanting to know more about Marxism.

Merriam-Webster's Visual Dictionary Dec 17 2022 25,000 terms and their definitions with 8,000 full-color illustrations of a wide variety of objects from all aspects of life.

Beginner's Dictionary of American English Usage, Second Edition Jan 18 2023 Selling more than 58,000 in its first edition, *Beginner's Dictionary of American English Usage* has been revised and brought right up-to-date to contain today's 4,000 most commonly used words. Definitions are simple and brief, utilizing only words contained within the dictionary's pages. If you want to learn English as spoken by Americans, this dictionary is for you. It's easy to follow and absolutely indispensable. Each entry offers at least one example sentence, identifies parts of speech, and lists multiple meanings.

Historical Dictionary of the Fashion Industry Aug 01 2021 From the first animal skin body coverings, to today's high fashion collections, fashion has held an important role in the evolution of mankind. The fashion industry has, and continues to make, major contributions to our cultural and social environment. It is an industry that responds to our inherent longing for tribal belonging, our socio-economic needs, individual lifestyles, status stratification and profession apparel requirements. The fashion industry is fast-paced, complex and ever changing, in response to consumer needs. Throughout the world, vast numbers of people contribute to this industry, each with the shared goal of supplying an end product of a particular price point directed at a target consumer. This second edition of *Historical Dictionary of the Fashion Industry* contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 1,400 cross-referenced entries on designers, models, couture houses, significant articles of apparel and fabrics, trade unions, and the international trade organizations. This book is an excellent resource for students, researchers, and anyone wanting to know more about the fashion industry.

A Dictionary of Taxation Nov 15 2022 'Taxation affects all of us, directly or indirectly, on a daily basis in numerous ways. For those involved in studying and researching taxation, matters of definition and understanding of taxation terms frequently arise. Simon James' 1998 first edition has been where I first turn to as a reference source to provide insightful, concise and readily understandable explanations. Specifically *A Dictionary of Taxation* is an essential source whether the occasion is teaching, responding to student queries, or supporting one's own research. I congratulate Simon in preparing this second edition and would encourage a future edition to emerge significantly sooner than the gap between the first two editions. Every researcher and teacher of taxation should have a copy of this second edition on their desk.' Adrian Sawyer, University of Canterbury, New Zealand 'A Dictionary of Taxation, Second Edition is comprehensive and more substantive than a simple listing of definitions and will prove to be an enormously valuable reference. Professor James provides just the right amount of detail and insight for each entry, frequently commenting on the historical evolution of a term, and for many entries, providing a list of the original sources upon which the entry is based. I highly recommend this directory to academic researchers, makers of public policy, and private sector professionals.' Carl P. Kaiser, Washington and Lee University, US 'Simon James' second edition of *A Dictionary of Taxation* has arrived at last! Tax is one of those things that is universal and unavoidable, and at the same time, dynamic and intriguing. James does a sterling job at capturing so many terms herein, not just technical explanations, but also their history and significance. There are also helpful suggestions for further reading. Both experts and novices alike will find this an interesting and very useful text to have close at hand.' Margaret McKerchar, Australian School of Taxation and Business Law (Atax) 'I have known Simon for many years, through working in our respective roles as committee members for the Chartered Institute of Taxation. Simon has an extremely wide knowledge of taxation matters, which is ably demonstrated in this dictionary of tax terms and phrases. It is an essential guide in unraveling the mysteries of professional "tax talk" for the non practitioner. For those interested in obtaining further information or guidance there are many useful references to other works.' Dale Simpson, Chairman, South West England Region of the Chartered Institute of Taxation and Partner, Thomas Westcott, UK This second edition of the *Dictionary of Taxation* contains over 200 new or substantially revised entries to enhance the existing wide range of accessible definitions and terms used to describe various aspects of tax and tax systems around the world. The entries relate to the analysis of taxation, key concepts, major developments and controversies in taxation. The Dictionary draws on economic, accounting and legal aspects of taxation as well as the contributions of other social sciences to the understanding of taxation and its effects. Sorted alphabetically, with cross referencing, each entry presents the essential points of a particular law, accountancy practice or economic concept. Additionally this revised and updated Dictionary offers a guide to readers of other literature on certain concepts or practices. Written in an accessible style, it will be indispensable to all those who need to know more about the concepts of taxation including practitioners, academics and students.

German-English Dictionary, Second Edition Feb 29 2024 Now fully revised and updated and featuring more than 55,000 entries, these foreign language dictionaries feature hundreds of new words reflecting today's cultural, political, and technological changes plus contemporary idioms and expressions. Revised reissue.
