**Nine Lies About Work** Marcus Buckingham,Ashley Goodall,2019-04-02 Forget what you know about the world of work You crave feedback Your organization s culture is the key to its success Strategic planning is essential Your competencies should be measured and your weaknesses shored up Leadership is a thing These may sound like basic truths of our work lives today But actually they re lies As strengths guru and bestselling author Marcus Buckingham and Cisco Leadership and Team Intelligence head Ashley Goodall show in this provocative inspiring book there are some big lies distortions faulty assumptions wrong thinking that we encounter every time we show up for work Nine lies to be exact They cause dysfunction and frustration ultimately resulting in workplaces that are a pale shadow of what they could be But there are those who can get past the lies and discover what s real These freethinking leaders recognize the power and beauty of our individual uniqueness They know that emergent patterns are more valuable than received wisdom and that evidence is more powerful than dogma With engaging stories and incisive analysis the authors reveal the essential truths that such freethinking leaders will recognize immediately that it is the strength and cohesiveness of your team not your company s culture that matter most
