Consuming Life Zygmunt Bauman,2013-05-08 With the advent of liquid modernity the society of producers is transformed into a society of consumers In this new consumer society individuals become simultaneously the promoters of commodities and the commodities they promote They are at one and the same time the merchant and the marketer the goods and the travelling salespeople They all inhabit the same social space that is customarily described by the term the market The test they need to pass in order to acquire the social prizes they covet requires them to recast themselves as products capable of drawing attention to themselves This subtle and pervasive transformation of consumers into commodities is the most important feature of the society of consumers It is the hidden truth the deepest and most closely guarded secret of the consumer society in which we now live In this new book Zygmunt Bauman examines the impact of consumerist attitudes and patterns of conduct on various apparently unconnected aspects of social life politics and democracy social divisions and stratification communities and partnerships identity building the production and use of knowledge and value preferences The invasion and colonization of the web of human relations by the worldviews and behavioural patterns inspired and shaped by commodity markets and the sources of resentment dissent and occasional resistance to the occupying forces are the central themes of this brilliant new book by one of the world's most original and insightful social thinkers

The Violence of Modernity Debarati Sanyal,2020-03-03 The Violence of Modernity turns to Charles Baudelaire one of the most canonical figures of literary modernism in order to reclaim an aesthetic legacy for ethical inquiry and historical critique Works of modern literature are commonly theorized as symptomatic responses to the trauma of history In a climate that tends to privilege crisis over critique Debarati Sanyal argues that it is urgent to rethink literary experience in terms that recall its contestatory potential Examining Baudelaire s poems afresh she shifts the focus of critical attention toward an account of modernism as an active engagement with violence specifically the violence of history in nineteenth century France Sanyal analyzes a literary current that uses the traditional hallmarks of modernism irony intertextuality self reflexivity and formalism to challenge the historical violence of modernity Baudelaire and the committed ironists writing in his wake teach us how to read and resist the violence of history and thereby to challenge the melancholy tenor of our contemporary wound culture In a series of provocative readings Sanyal presents Baudelaire s poetry as an aesthetic form that contests historical violence through rhetorical strategies of complicity counterviolence and critique The book develops a new account of Baudelaire s significance as a modernist by dislodging him both from his traditional status as a practitioner of art for art s sake and from his more recent incarnation as the poet of trauma Following her extended analysis of Baudelaire s poetry Sanyal in later chapters considers a number of authors influenced by his strategies including Rachilde Virginie Despentes Albert Camus and Jean Paul Sartre to examine the relevance of their interventions for our current climate of trauma and terror The result is a study that underscores how Baudelaire s legacy continues to energize literary engagements with the violence of modernity
