International Event Management Hugues Séraphin, Maximiliano Korstanje, 2018 The event industry is a robust economic force worldwide It spans into many other important sectors like travel tourism hospitality technology media and communication inter alia In America it is estimated that 18 million events are organised yearly generating approximately 280 billion in spending and 66.8 billion in labour income Event Industry Outlook 2016 Events showcase talent and are perhaps those moments when societies and communities group together to revive certain traditions and cultures which are otherwise dormant In other contexts like the case of tourism events create economic value for the hosting destination which boosts the economy In contrast to permanent attractions an event has the potential to promote authenticity and hence is increasingly tapped by marketers for the purpose of differentiation For instance destinations celebrate their unique culture and heritage through events which represent important milestones in their tourism history Given their capacity to attract visitors and generate profit tourism destinations are increasingly capitalising on events as a diversification strategy This trend has undoubtedly precipitated popularity in event studies and hence the writing of this book The landscape of the book covers a broad spectrum of research The chapters explore the changing dimensions in the industry based on the following themes Event Management Trends and Policies Events and Destination Image and Preference Events and Education Events Attendees and Organisers In the present book an attempt is made to cover a wide range of events sport cultural festivals and weddings and issues related to the organisation and management of these events policies terrorism etc The chapters also provide solutions and strategies for the organisation of successful events protocol etc The book also offers an opportunity to understand attendees from a consumer behaviour point of view More importantly some chapters cover events from an education point of view by examining the question from both a Higher Education perspective universities and an event organiser angle what is done to make people aware of sustainability The editors have invited academics from Africa Kenya Algeria South America Argentina Europe England Italy and Greece and the Middle East Abu Dhabi to contribute thirteen chapters in the fields of their expertise With its perfect combination of theoretical and practical issues this book aims to share with readers the knowledge needed to professionally manage events in different fields The latest trends including the key theories concepts and case studies related to event management are presented in a manner that intellectually stimulates readers to get ready for an experiential learning journey This book will enable readers to understand the impact of events on destination management organisations explain the role of events in promoting international sport competitions and understand the key issues in planning and designing collaborative partnerships in event management Each chapter features a real life case study to highlight key concepts and replace theoretical concepts with practical solutions to effectively approach the organisation of events as well as preparing readers to tackle any challenges they might face in their future opportunities to manage events

Exploring Green Criminology Michael J. Lynch, Paul B. Stretesky, 2016-04-22 Few criminologists have drawn attention to the fact that widespread and significant forms of harm such as green or environmental crimes are neglected by criminology Others have suggested that green crimes present the most important challenge to criminology as a discipline This book argues that criminology needs to take green harms more seriously and to be revolutionized so that it forms part of the solution to the large environmental problems currently faced across the world It asks how criminology should be redesigned to consider green environmental harm as a key area of study in an era where destruction of the earth and the world's ecosystem is a major concern and examines why this has remained unaccomplished so far The chapters in this book apply an environmental frame of reference underlying a green approach to issues which can be addressed from within criminology and which can encourage criminologists and environmentalists to respond and react differently to environmental crime
