[The Hostage](#) Jun 20 2023 Fourteen-year-old Jamie has second thoughts about harboring a killer whale that his father and he captured off the coast of Vancouver, British Columbia and plan to sell to a sea amusement park.

[Walking Up a Rainbow](#) Nov 01 2021 Orphaned at fourteen, Susan Carlisle is suddenly the owner of her parents' beautiful Iowa home, two thousand sheep . . . and a huge debt that puts her at the mercy of a scoundrel determined to take it all the away. With barely a moment of hesitation, Susan heads for California to sell the sheep, and pay the debt. Along the way she bravely faces the hardships and excitement of the western trail, and boldly ropes an American cowboy into her scheme . . . and into her heart.

[Anything Goes](#) May 27 2021 A collection of never-before-seen pieces from one of Britain's most respected, admired and controversial commentators. Drawing on his vast experience as an inner-city doctor, Theodore Dalrymple, sometimes described as 'the Orwell of our times', examines the state of the NHS, the education system, British crime and criminal justice and, of course, politics. Eagerly awaited by his

many fans, his stories dissect modern Britain in the way only Theodore Dalrymple can.

Tuck Triumphant Jan 21 2021 In the long-awaited sequel to THE TROUBLE WITH TUCK, Helen's blind Labrador faces his greatest challenge ever when his own Seeing Eye dog is brutally killed and Tuck uses all of his senses to help a frightened Korean orphan who can't hear. "Exciting reading."-Horn Book

Nagasaki Jul 30 2021 On August 9th, 1945, the US dropped an atomic bomb on Nagasaki. It killed a third of the population instantly, and the survivors, or hibakusha, would be affected by the life-altering medical conditions caused by the radiation for the rest of their lives. They were also marked with the stigma of their exposure to radiation, and fears of the consequences for their children. Nagasaki follows the previously unknown stories of five survivors and their families, from 1945 to the present day. It captures the full range of pain, fear, bravery and compassion unleashed by the destruction of a city. Susan Southard has interviewed the hibakusha over many years and her intimate portraits of their lives show the consequences of nuclear war. Nagasaki tells the neglected story of life after nuclear war and will help shape public debate over one of the most controversial wartime acts in history. Published for the 70th anniversary of the Hiroshima and Nagasaki bombs, this is the first study to be based on eye-witness accounts of Nagasaki in the style of John Hersey's Hiroshima. On August 9th, 1945, three days after the atomic bombing of Hiroshima, a 5-tonne plutonium bomb was dropped on the small, coastal city of Nagasaki. The explosion destroyed factories, shops and homes and killed 74,000 people while injuring another 75,000. The two atomic bombs marked the end of a global war but for the tens of thousands of survivors it was the beginning of a new life marked with the stigma of being hibakusha (atomic bomb-affected people). Susan Southard has spent a decade interviewing and researching the lives of the hibakusha, raw, emotive eye-witness accounts, which reconstruct the days, months and years after the bombing, the isolation of their

hospitalisation and recovery, the difficulty of re-entering daily life and the enduring impact of life as the only people in history who have lived through a nuclear attack and its aftermath. Following five teenage survivors from 1945 to the present day Southard unveils the lives they have led, their injuries in the annihilation of the bomb, the dozens of radiation-related cancers and illnesses they have suffered, the humiliating and frightening choices about marriage they were forced into as a result of their fears of the genetic diseases that may be passed through their families for generations to come. The power of Nagasaki lies in the detail of the survivors' stories, as deaths continued for decades because of the radiation contamination, which caused various forms of cancer. Intimate and compassionate, while being grounded in historical research Nagasaki reveals the censorship that kept the suffering endured by the hibakusha hidden around the world. For years after the bombings news reports and scientific research were censored by U.S. occupation forces and the U.S. government led an efficient campaign to justify the necessity and morality of dropping the bombs. As we pass the seventieth anniversary of the only atomic bomb attacks in history Susan Southard captures the full range of pain, fear, bravery and compassion unleashed by the destruction of a city. The personal stories of those who survived beneath the mushroom clouds will transform the abstract perception of nuclear war into a visceral human experience. Nagasaki tells the neglected story of life after nuclear war and will help shape public discussion and debate over one of the most controversial wartime acts in history.

The Decision to Use the Atomic Bomb \_\_\_\_\_ Apr 06 2022 With a new preface by the author Controversial in nature, this book demonstrates that the United States did not need to use the atomic bomb against Japan. Alperovitz criticizes one of the most hotly debated precursory events to the Cold War, an event that was largely responsible for the evolution of post-World War II American politics and culture.

A Break with Charity Aug 30 2021 While waiting for a church meeting in 1706, Susanna English, daughter of a wealthy

Salem merchant, recalls the malice, fear, and accusations of witchcraft that tore her village apart in 1692.

Hello, Arctic! Aug 23 2023 Greet the birds and animals of the tundra as they experience the change of seasons in their frozen northern land.

Adventures in the Atomic Age May 08 2022 The renowned physicist describes his Nobel Prize-winning career, his work with the Manhattan Project, his discovery of the element that makes atomic bombs explode, and his term as chairman of the Atomic Energy Commission.

Lord of the Kill Nov 25 2023 In bestselling novelist Taylor's story, a 16-year-old boy must take charge of his family's wildlife preserve while his parents are away. But the job gets harder when one of the preserve's biggest tigers is kidnapped.

Sweet Friday Island Jan 28 2024 Vacationing on what they think is an uninhabited island, fifteen-year-old Peg and her father find their adventure turned into a fight for survival.

Battle in the Arctic Seas Feb 14 2023 In 1942, America's most crucial mission was to provide arms and supplies to our English and Russian allies. Theodore Taylor, who served in the merchant marines in World War II, tells the tragic tale of a convoy of 33 ships that sailed from Iceland to Russia in an effort to bring the Soviets needed tanks, trucks, airplanes, and ammunition. In vivid detail, Taylor follows one of the ships through the frigid waters of the Arctic as it battles Nazi bombers and submarines--and as its crew helplessly watches many of their companion ships perish in the mad dash to safe port.

The Cay Feb 27 2024 For fans of Hatchet and Island of the Blue Dolphins comes Theodore Taylor's classic bestseller and Lewis Carroll Shelf Award winner, The Cay. Phillip is excited when the Germans invade the small island of Curaçao. War has always been a game to him, and he's eager to glimpse it firsthand--until the freighter he and his mother are traveling to the United States on is torpedoed. When Phillip comes to, he is on a small raft in the middle of the sea. Besides Stew Cat, his only companion is an old West Indian,

Timothy. Phillip remembers his mother's warning about black people: "They are different, and they live differently." But by the time the castaways arrive on a small island, Phillip's head injury has made him blind and dependent on Timothy. "Mr. Taylor has provided an exciting story...The idea that all humanity would benefit from this special form of color blindness permeates the whole book...The result is a story with a high ethical purpose but no sermon."—New York Times Book Review "A taut tightly compressed story of endurance and revelation...At once barbed and tender, tense and fragile—as Timothy would say, 'outrageous good.'"—Kirkus Reviews \* "Fully realized setting...artful, unobtrusive use of dialect...the representation of a hauntingly deep love, the poignancy of which is rarely achieved in children's literature."—School Library Journal, Starred "Starkly dramatic, believable and compelling."—Saturday Review "A tense and moving experience in reading."—Publishers Weekly "Eloquently underscores the intrinsic brotherhood of man."—Booklist "This is one of the best survival stories since Robinson Crusoe."—The Washington Star · A New York Times Best Book of the Year · A School Library Journal Best Book of the Year · A Horn Book Honor Book · An American Library Association Notable Book · A Publishers Weekly Children's Book to Remember · A Child Study Association's Pick of Children's Books of the Year · Jane Addams Book Award · Lewis Carroll Shelf Award · Commonwealth Club of California: Literature Award · Southern California Council on Literature for Children and Young People Award · Woodward School Annual Book Award · Friends of the Library Award, University of California at Irvine

Hawke Mar 06 2022 While sailing in the Caribbean, young Alex Hawke witnesses an act of unspeakable horror as modern-day pirates brutally murder his parents. It is a tragedy that will haunt him forever and shape his destiny. As a direct descendant of a legendary English pirate, Lord Alexander Hawke is skilled in the ways of sea combat - and one of Britain's most decorated naval heroes. Now, Hawke returns to the Caribbean on a secret mission for the American government. A highly experimental stealth submarine

is missing. She carries forty nuclear warheads, and is believed to be in the hands of an unstable government just ninety miles from the US mainland. In a race against time, Hawke must locate the sub before a strike can be launched against the US - and, after a lifetime of nightmares, finally avenge himself on the mean who slaughtered his family . . .

On the Brink Oct 01 2021 Former Pentagon insider Van Jackson explores how Trump and Kim reached - and avoided - the precipice of nuclear war.

Rogue Wave Sep 23 2023 The award-winning author of *The Cay* presents eight gripping stories of adventure at sea, including the tale of a teenager who fights to survive after a thundering wave leaves her trapped in an overturned boat. Reprint.

Project Orion Apr 18 2023 "Project Orion describes one of the most awesome 'might have beens' (and may yet bes!) of the space age. This is essential reading for anyone interested in government bureaucracies and the military industrial complex." -Sir Arthur C. Clarke

Air Raid--Pearl Harbor! Jan 16 2023 Examines from both the American and Japanese points of view the political and military events leading up to the attack on Pearl Harbor and provides compelling insight into the motives and operations of the brave men and women swept up in the fight. Reissue.

The Weirdo Jun 28 2021 A reclusive teenager finds love while searching for his friend's killer in this Edgar Award-winning YA mystery—"timely and compelling" (*Publishers Weekly*). Seventeen-year-old Chip Clewt is known to most people simply as "the weirdo." After barely surviving a terrible fire, he's taken to living like a hermit in the Powhatan Swamp, a National Wildlife Refuge in South Carolina. These days, Chip works for the Refuge and has little contact with anyone besides his boss, Tom. But now his hideaway is at the center of a heated controversy. As the hunting ban on the Powhatan is about to expire, environmentalists want to protect the wildlife while eager hunters are oiling their guns. And when Tom disappears, Chip suspects that the conflict has turned deadly. While his new

friend Samantha inspires Chip to reconnect, the pair must also connect the dots of a puzzling and dangerous mystery before it's too late. Includes a reader's guide.

The Curve of Binding Energy Mar 30 2024 Theodore Taylor was one of the most brilliant engineers of the nuclear age, but in his later years he became concerned with the possibility of an individual being able to construct a weapon of mass destruction on their own. McPhee tours American nuclear institutions with Taylor and shows us how close we are to terrorist attacks employing homemade nuclear weaponry.

Teetoncey and Ben O'neal Apr 26 2021 Now recovered from the shipwreck that killed her parents, Teetoncey reveals a secret: Two chests full of silver went down with her ship. Can Tee, Ben, and his friends dredge up the treasure without arousing suspicions?

Billy the Kid Dec 27 2023 This YA Western adventure imagines an alternate fate for the famous outlaw: "Readers will hang on anxiously and eagerly as the plot gallops [forward]" (Publishers Weekly, starred review). William H. Bonney Jr., better known as Billy the Kid, isn't afraid to take risks. But when a train passenger recognizes him in the middle of a heist near his hometown, it seems like the odds have finally caught up with him. Fed up with Billy's bad ways, The Law sends its best man to bring him in: Sheriff Willis Monroe, Billy's own cousin and former best friend. But Willis isn't the only one on Billy's tail. The Kid's back-stabbing partners are hunting him, too—and a conniving posse wants Billy (and the sheriff!) dead. This fictional tale of real-life legend Billy the Kid imagines William Bonney's fate had his life of crime taken a very different turn. This edition includes an author's note about the real Billy the Kid.

Stepping on the Cracks Oct 13 2022 In a small Southern town in 1944, two girls secretly help a seriously ill army deserter, a decision that changes their perceptions of right and wrong. Issues of moral ambiguity and accepting consequences for actions are thoughtfully considered in this deftly crafted story.

The Bomb Jun 01 2024 In 1945, when the Americans liberate

the Bikini Atoll from the Japanese, 14-year-old Sorry Rinamu does not realize that the next year he will lead a desperate effort to save his island home from a much more deadly threat, in this long-out-of-print novel by the acclaimed author of "The Cay."

Sniper Aug 11 2022 Fifteen-year-old Ben must cope alone when a mysterious sniper begins shooting the big cats in his family's private zoological preserve.

Teetoncey Dec 03 2021 In this first novel of the Cape Hatteras Trilogy, twelve-year-old Ben rescues an English girl from a shipwreck off the Outer Banks of North Carolina; and, though she becomes part of his family, she never speaks.

The Bomb Dec 15 2022 The Bomb

The Trouble with Tuck Mar 18 2023 Available for the first time in a Yearling edition, the classic, inspiring story of a dog who triumphs against all odds, by the bestselling author of The Cay. Helen adored her beautiful golden Labrador from the first moment he was placed in her arms, a squirming fat sausage of creamy yellow fur. As her best friend, Friar Tuck waited daily for Helen to come home from school and play. He guarded her through the long, scary hours of the dark night. Twice he even saved her life. Now it's Helen's turn. No one can say exactly when Tuck began to go blind. Probably the light began to fail for him long before the alarming day when he raced after some cats and crashed through the screen door, apparently never seeing it. But from that day on, Tuck's trouble--and how to cope with it--becomes the focus of Helen's life. Together they fight the chain that holds him and threatens to break his spirit, until Helen comes up with a solution so new, so daring, there's no way it can fail.

Timothy of the Cay Apr 30 2024 A companion to Taylor's bestselling modern classic "The Cay," this prequel-sequel tells the rest of the story of Phillip, a young white boy, and Timothy, an old black man, who become stranded on a small sandy cay in the Caribbean.

Sniper Nov 13 2022 Fourteen-year-old Ben Jepson must cope alone when a mysterious sniper begins shooting the big cats

in his family's private zoological preserve.

**Ice Drift** Oct 25 2023 The year is 1868, and fourteen-year-old Alika and his younger brother, Sulu, are hunting for seals on an ice floe attached to their island in the Arctic. Suddenly the ice starts to shake, and they hear a loud crack--the terrible sound of the floe breaking free from land. The boys watch with horror as the dark expanse of water between the ice and the shore rapidly widens, and they start drifting south--away from their home, their family, and everything they've ever known. Throughout their six-month-long journey down the Greenland Strait, the brothers face bitter cold, starvation, and most frightening of all, vicious polar bears. But they still remain hopeful that one day they'll be rescued. This thrilling new adventure story from bestselling author Theodore Taylor is a moving testament to the bond between brothers--and to the strength of the human spirit. Includes a map, a glossary of Inuit words and phrases, and an author's note..

**Mossrose** Mar 25 2021

**Restricted Data** Sep 11 2022 The first full history of US nuclear secrecy, from its origins in the late 1930s to our post-Cold War present. The American atomic bomb was born in secrecy. From the moment scientists first conceived of its possibility to the bombings of Hiroshima and Nagasaki and beyond, there were efforts to control the spread of nuclear information and the newly discovered scientific facts that made such powerful weapons possible. The totalizing scientific secrecy that the atomic bomb appeared to demand was new, unusual, and very nearly unprecedented. It was foreign to American science and American democracy—and potentially incompatible with both. From the beginning, this secrecy was controversial, and it was always contested. The atomic bomb was not merely the application of science to war, but the result of decades of investment in scientific education, infrastructure, and global collaboration. If secrecy became the norm, how would science survive? Drawing on troves of declassified files, including records released by the government for the first time through the author's efforts, *Restricted Data* traces the complex evolution of the

US nuclear secrecy regime from the first whisper of the atomic bomb through the mounting tensions of the Cold War and into the early twenty-first century. A compelling history of powerful ideas at war, it tells a story that feels distinctly American: rich, sprawling, and built on the conflict between high-minded idealism and ugly, fearful power.

Air Raid--Pearl Harbor! \_\_\_\_\_ Jul 10 2022 On December 7, 1941, Americans were shocked to hear that Pearl Harbor had been devastated by a Japanese air raid. Theodore Taylor looks at Japanese intelligence work and at the American anti-intelligence efforts, which were often careless or ineffective. But once the raid was launched, bravery abounded--on both sides.

Soldier X Feb 02 2022 In 1943, 16-year-old Erik experiences the horrors of war when he is drafted into the German army and sent to fight on the Russian front.

Operation Freshman Jun 08 2022 In February 1943, the heavy water plant in Vermork/Rjukan, which Hitler needed for the making of the atomic bomb, was made useless by a combined British/Norwegian sabotage operation. There had been an earlier attempt, in 1942, to sabotage the plant. It was known as Operation Freshman. This book describes both these operations.

Amazing Stories of the Space Age Feb 22 2021 Reveals the most unusual space missions ever devised inside and outside of NASA during a time when nothing was too odd to be taken seriously, and the race to the moon and the threat from the Soviet Union trumped all other considerations. --Publisher.

The Odyssey of Ben O'neal Jan 04 2022 Ben and Teetoncey take to the sea--he, to find his brother, and she, to escape a forced return to England. But can they survive storms, harsh ship life, and a relentless pursuer?

The Magnificent Mitscher \_\_\_\_\_ May 20 2023 "First-class . . . more than the biography of a great aviator and military leader. It also is a detailed and lively history of naval aviation." —The New York Times Air Adm. Marc Mitscher is a legend in military circles for developing an entirely new concept of war at sea. His skills as both a carrier

tactician and genius for leading men rank him with the best World War II combat commanders. However, because Mitscher shunned publicity and destroyed his private papers shortly before his death in 1947, his accomplishments are not widely known. In this outstanding biography, Theodore Taylor traces the aviator's brilliant career from its beginnings and makes clear the major role played by the admiral in developing the Navy's air program, providing a lively and detailed history of the progress of naval aviation. "The likable personality and day by day achievements of Mitscher shine through to lift this above the run of the mill military biography."
