#1 NATIONAL BESTSELLER • A profoundly moving spiritual journey through our system of capital punishment and an unprecedented look at the human consequences of the death penalty • "Stunning moral clarity." —The Washington Post Book World • Basis for the award-winning major motion picture starring Susan Sarandon and Sean Penn "Sister Prejean is an excellent writer, direct and honest and unsentimental. . . . She almost palpably extends a hand to her readers." —The New York Times Book Review In 1982, Sister Helen Prejean became the spiritual advisor to Patrick Sonnier, the convicted killer of two teenagers who was sentenced to die in the electric chair of Louisiana's Angola State Prison. In the months before Sonnier's death, the Roman Catholic nun came to know a man who was as terrified as he had once been terrifying. She also came to know the families of the victims and the men whose job it was to execute—men who often harbored doubts about the rightness of what they were doing. Out of that dreadful intimacy comes a profoundly moving spiritual journey through our system of capital punishment. Here Sister Helen confronts both the plight of the condemned and the rage of the bereaved, the fears of a society shattered by violence and the Christian imperative of love. On its original publication in 1993, *Dead Man Walking* emerged as an unprecedented look at the human consequences of the death penalty. Now, some two decades later, this story—which has inspired a film, a stage play, an opera and a musical album—is more gut-wrenching than ever, stirring deep and life-changing reflection in all who encounter it. A terrific historical novel full of compelling events, vivid communities and the irresistible character of Conrad Rasmussen. In this companion novel to the bestselling Denniston novels, the free spirit is pitted against the forces of tradition. On the run from an unfortunate 'indiscretion', young Conrad Rasmussen finds refuge in the North Island of New Zealand under the employ of the famous (or notorious) Dane, Bishop Monrad. However Conrad - a talented and impetuous Faroeman, known in bestselling author Jenny Patrick's Denniston novels as Con the Brake - finds he cannot escape his past. This is Conrad's story, and that of the unusual woman Anahua. It is a tale of new lands and old songs, of seafaring and war and the search for love. It is also the story of the Faroe Islands and of Denmark's early connection with New Zealand. "The definitive inside story of the New England Patriots dynasty"-- Whether you view living alone as the ultimate compromise or the ultimate luxury, it presents daily challenges, such as cooking for one, organising holidays, juggling finances, and avoiding the siren call of wine, Ugg boots and Netflix. And there are the less tangible tests, like nailing the octopus of loneliness to the wall, and holding your head high in a society where solo living is viewed (consciously or not) as the runner-up prize. Author Jane Mathews believes that to be truly content living alone, it pays to examine every aspect of your life-relationships, health, home, finances, interests and spirituality-and then take action. No matter what your unique situation, there's something here for you. Jane provides the map and you choose the route to a more joyful, contented life. Iron Man Cal Ripken Jr.—the 19-time All-Star, World-Series winning legend, American League MVP, and record holder who played 2,632 consecutive games—outlines eight rules for the game of baseball and life, drawn from the lessons he has learned on and off the field. Cal Ripken Jr. is a baseball legend. But legends aren't born, they're made. For twenty-one seasons, Ripken took the field day in and day out, through cold, heat, rain, and sometimes snow, playing in more than 3,000 games for the Baltimore Orioles. In 1983, the revered shortstop helped lead his team to victory in the World Series. On September 6, 1995, Ripken did the seemingly impossible, he surpassed Lou Gehrig's unbreakable fifty-six-year-old Iron Man record, setting a new mark of 2,131 consecutive games—then played another 501 consecutive games. Throughout his career, Ripken was admired for his consistency, hard work, and loyalty. There were successes and failures, but above all was an old-fashioned sense of doing what's right, every single day. Since retiring in 2001, Ripken has enjoyed a successful career as a baseball analyst, entrepreneur, and author. Now, in *Just Show Up*, he reflects on his life and career to offer lessons for the next generation and those to come. Ripken speaks eloquently about the timeless values he has lived by: Life is a streak, play the long game; Success and money are not the same; Play fair, win fair. And he shares stories of his legendary father, Baltimore Oriole coach and manager Cal Ripken Sr., what it took to keep the streak alive, and what it meant to bring the World Series to Baltimore. Cal Ripken's message is simple yet poignant; wisdom essential to anyone trying to forge a successful life in times that are often chaotic. Blending insights from sports, business, and a life well-lived, *Just Show Up* is the story of an American legend and the principles he has lived by—standards our time needs. Dark fiction and horror with addiction as the theme. Novellas and Novelletes written by authors Caroline Kepnes, Kealan Patrick Burke, Gabino Iglesias, Mark Matthews, Mercedes M Yardley, and John FD Taff THE INTERNATIONAL BESTSELLER - MILLIONS OF COPIES SOLD WORLDWIDE Gloriously bonkers - Guardian, Best Autobiographies and Memoirs of 2020 A rollicking, contemplative trip - Financial Times From the Academy Award-winning actor, an unconventional memoir filled with raucous stories, outlaw wisdom, and lessons learned the hard way about living with greater satisfaction. I've been in this life for fifty years, been trying to work out its riddle for forty-two, and been keeping diaries of clues to that riddle for the last thirty-five. Notes about successes and failures, joys and sorrows, things that made me marvel, and things that made me laugh out loud. How to be fair. How to have less stress. How to have fun. How to hurt people less. How to get hurt less. How to be a good man. How to have meaning in life. How to be more me. Recently, I worked up the courage to sit down with those diaries. I found stories I experienced, lessons I learned and forgot, poems, prayers, prescriptions, beliefs about what matters, some great photographs, and a whole bunch of bumper stickers. I found a reliable theme, an approach to living that gave me more satisfaction, at the time, and still: If you know how, and when, to deal with life's challenges - how to get relative with the inevitable - you can enjoy a state of success I call 'catching greenlights.' So I took a one-way ticket to the desert and wrote this book: an album, a record, a story of my life so far. This is fifty years of my sights and seens, felts and figured-outs, cools and shamefuls. Graces, truths, and beauties of brutality. Getting away withs, getting caughts, and getting wets while trying to dance between the raindrops. Hopefully, it's medicine that tastes good, a couple of aspirin instead of the infirmary, a spaceship to Mars without needing your pilot's license, going to church without having to be born again, and laughing through the tears. It's a love letter. To life. It's also a guide to catching more greenlights-and to realising that the yellows and reds eventually turn green too. Good luck. "Quiet but compelling arguments about the importance of kids getting out more and connecting to nature . . . A book that deserves to flourish." —The Guardian From climbing trees and making dens, to building sandcastles and pond-dipping, many of the activities we associate with a happy childhood take place outdoors. And yet, the reality for many contemporary children is very different. The studies tell us that we are raising a generation who are so alienated from nature that they can't identify the commonest birds or plants, they don't know where their food comes from, they are shuttled between home, school and the shops and spend very little time in green spaces—let alone roaming free. In this timely and personal book, celebrated nature writer Patrick Barkham draws on his own experience as a parent and a forest school volunteer to explore the relationship between children and nature. Unfolding over the course of a year of snowsuits, muddy wellies, and sunhats, *Wild Child* is both an intimate story of children finding their place in the natural world and a celebration of the delight we can all find in even modest patches of green. "Entrancing . . . If ever there was a book to fuel the ecological interest of future generations, this is it."—Isabella Tree, author of *Wilding* "Barkham takes us through a year giving his children an education in wildness. He encourages them that a physical relationship with wildlife is of the utmost importance . . . His memoir reveals the abundance of wildlife that can be explored in our own back gardens." —The Herald On a rainy afternoon, a mother's life is shattered as her son slips from her grip and runs into the street. A fireman in charge of burning books meets a revolutionary school teacher who dares to read. Depicts a future world in which all printed reading material is burned. Ansel is sure there is no such things as dragons. So what is the man-eating creature that lives in the crags of Dragon Mountain? As he and Brock climb the perilous ice-face to its lair, Ansel is about to discover the horrifying truth. A heart-pounding new fantasy with a brilliant twist from Philip Reeve, one of the world's greatest writers. The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature

and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

A boy goes on the run in this fast-paced fantasy debut. Created by dragons. That's the truth that Al has known all his life: The five mortal races were created by dragons to gather magic. Since then, the dragons have ruled the world, branding mortals according to their worth, shaping their societies, even training a lucky few to handle magic themselves. Now Testing Day is here, the day when Al will be assigned his place in the world. If his rank is high enough, he'll have everything he's ever wanted. But Al is in for the shock of his life. By the time Testing Day is over, he will be shunned . . . and targeted by the ruthless assassins known as Cullers. With no magic, little money, and a sword he's not entirely sure how to use, Al must escape into the wilderness, beginning a journey that will lead him to strange new friends, brutal enemies, and the terrifying truth about the dragons. It's one boy against the world - and some fearsome beasts - in this fun fantasy-adventure! The end of physical life does not have to mean the end of a day-to-day relationship with the people we love. An electrifying thriller set during the height of the Cuban Missile Crisis, seen from a bone-chilling vantage point: set somewhere off the Florida coastline, trapped aboard the claustrophobic confines of an isolated Soviet submarine with open orders to fire its nuclear payload.

- From the author of *Black Sun*. The year is 1962, and KGB Lieutenant Colonel Alexander Vasin is chasing a white elephant: the long-rumored existence of an American spy embedded at the highest echelon of Soviet power. In a wild-goose chase that has Vasin engaged in high-stakes espionage against a rival State agency, he first hears whispers of an ominous top-secret undertaking: Operation Anadyr. As tensions flare between Nikita Khrushchev and President Kennedy over Russian missiles hidden in Cuba, four Soviet submarines are ordered to make a covert run at the American blockade in the Caribbean—each sub carrying tactical ballistic missiles armed with thermonuclear warheads. Critically acclaimed novelist Owen Matthews has crafted an incredibly taut thriller around one of the most treacherous moments in modern history, where the fate of the world rested on the itchy trigger finger of one lone Soviet naval officer, 100-meters under the sea, out of all contact with his commanders. The *New York Times* bestseller about the historic dealings between Ronald Reagan and Tip O'Neill—"A superb tribute to the neglected art of compromise" (*Daily News (New York)*). Tip and the Gipper is an "entertaining and insightful" (*The Wall Street Journal*) history of a time when two great political opponents served together for the benefit of the country. Chris Matthews was an eyewitness to this story as top aide to Speaker of the House Tip O'Neill, who waged a principled war of political ideals with President Ronald Reagan from 1980 to 1986. Together, the two men became one of history's most celebrated political pairings—the epitome of how ideological opposites can get things done. When Reagan was elected to the presidency in a landslide victory over Jimmy Carter, Speaker O'Neill was thrust into the national spotlight as the highest-ranking leader of the Democratic Party—the most visible and respected challenger to President Reagan's agenda of cutting the size of government programs and lowering tax rates. Together, the two leaders fought over the major issues of the day—welfare, taxes, covert military operations, and social security—but found their way to agreements that reformed taxes, saved Social Security, and, their common cause, set a course toward peace in Northern Ireland. Through it all they maintained respect for each other's positions and worked to advance the country rather than obstruct progress. At the time of congressional gridlock, Tip and the Gipper stands as model behavior worthy of study by journalists, academics, and students of the political process for years to come. "This book is an invitation to join Tip and the Gipper in tall tales about how grand it was in the old country" (*The Washington Post*). "Bradley's Dragons is a magical journey that has a great message on handling bullying. It was an exciting adventure that my son couldn't put down." - *Creative Child Magazine* (winner of their 2020 Children's Book Of The Year award) "A compelling cast of characters with rich backstories round out this fantastical story of a scared kid learning to stand up to bullies and be true to himself." - *Booklife* "This book is seriously awesome! 5 stars are rare for us, yet we'd give this one 7 if that were possible. Seriously, I could barely put it down – great characters, good plot lines, enough depth, and breadth to really get into it. And finally, a tale told fully that will have you biting your nails and turning pages as fast as you can." - *ReadingWithYourKids.com*

The Lawrence raid of August 21, 1863, was considered one of the bloodiest events of the Civil War. The actions that brought on the raid are researched and explored in depth here for the very first time. What is discovered is a collusion in a "legacy of lies" that surrounded the stories of the raid. In Chris Matthews's New York Times bestselling portrait of Robert F. Kennedy, "Readers witness the evolution of Kennedy's soul. Through tragedy after tragedy we find the man humanized" (Associated Press). With his bestselling biography *Jack Kennedy*, Chris Matthews profiled one of America's most beloved Presidents and the patriotic spirit that defined him. Now, with *Bobby Kennedy*, Matthews provides "insight into [Bobby's] spirit and what drove him to greatness" (New York Journal of Books) in his gripping, in-depth, behind-the-scenes look at one of the great figures of the American twentieth century. Overlooked by his father, and overshadowed by his war-hero brother, Bobby Kennedy was a perpetual underdog. When he had the chance to become a naval officer like his older brother, Bobby turned it down, choosing instead to join the Navy as a common sailor. It was a life-changing experience that led him to connect with voters from all walks of life: young and old, black and white, rich and poor. They were the people who turned out for him in his 1968 campaign. RFK would prove himself to be the rarest of politicians—both a pragmatist who knew how to get the job done and an unwavering idealist who could inspire millions. Drawing on extensive research and interviews, Matthews pulls back the curtain on the private world of Robert Francis Kennedy. Matthew illuminates the important moments of his life: from his early years and his start in politics, to his crucial role as attorney general in his brother's administration and, finally, his tragic run for president. This definitive book brings Bobby Kennedy to life like never before. In 2008, Kevin Matthews, a well-known ABC and CBS radio personality in Chicago, was diagnosed with multiple sclerosis. As the drive-time radio host for seventeen years and also the voice of his sports commentator, Jim Shorts, and other characters, Matthews entertained ten million listeners weekly, sold out every appearance in the Midwest, and performed in front of 65,000 fans at Grant Park. He traveled around the world, met the famous, had babies named after him, and helped countless charities. He entertained hundreds of thousands of people inside prisons, army bases, and backyards. His promotions included comedy jams, a band, barbecue throw downs, and golf outings. *Broken Mary* is Matthews' story of his early years in radio and stand-up comedy, his successful career, his struggle with MS, his awakening to the dignity of women, and, importantly, his chance encounter with a broken statue of Mary left next to a dumpster and all that happened as a result. Told with Matthews' signature good humor, this confession of the brokenness of mankind is touchingly honest, personally inspiring, and full of hope. Before *Game Change* there was *What It Takes*, a ride along the 1988 campaign trail and "possibly the best [book] ever written about an American election" (NPR). Written by Pulitzer Prize-winning journalist and New York Times bestselling author Richard Ben Cramer, *What It Takes* is "a perfect-pitch rendering of the emotions, the intensity, the anguish, and the emptiness of what may have been the last normal two-party campaign in American history" (Time). An up-close, in-depth look at six candidates—George H. W. "Poppy" Bush, Bob Dole, Joe Biden, Michael Dukakis, Richard Gephardt, and Gary Hart—this account of the 1988 US presidential campaign explores a unique moment in history, with details on everything from Bush at the Astrodome to Hart's Donna Rice scandal. Cramer also addresses the question we find ourselves pondering every four years: How do presumably ordinary people acquire that mixture of ambition, stamina, and pure shamelessness that allows them to throw their hat in the ring as a candidate for leadership of the free world? Exhaustively researched from thousands of hours of interviews, *What It Takes* creates powerful portraits of these Republican and Democratic contenders, and the consultants, donors, journalists, handlers, and hangers-on who surround them, as they meet, greet, and strategize their way through primary season chasing the nomination, resulting in "a hipped-up amalgam of Teddy White, Tom Wolfe, and Norman Mailer" (Los Angeles Times Book Review). With timeless insight that helps us understand the current state of the nation, this "ultimate insider's book on presidential politics" explores what helps these people survive, what makes them prosper, what drives them, and ultimately, what drives our government—human beings, in all their flawed glory (San Francisco Chronicle). "Darryl knows my game now. He knows what's going to work and what's not going to work. It's about fine-tuning it and always trying to improve....
