Take a walk down memory lane with this 1950s decorating classic, re-released for a whole new generation The year is 1956. America is a mere decade past World War II. Richard Nixon is next in command to President Dwight Eisenhower, the Dow Jones soars above 500, and Norma Jean Mortenson legally changes her name to Marilyn Monroe. Two words described the decade, as John Updike wrote in the short story "When Everyone Was Pregnant": Fear and gratitude. And during this boom period, grateful young families thrilled to find themselves homeowners after the uncertainty of the Great Depression followed by a second Great War. Those empty rooms needed filling in order to make the house a home, and homeowners turned to the iconic Better Homes and Gardens brand. Better Homes and Gardens Decorating Book, the first edition of a title that would spawn ten editions over the years, became the new home bible for injecting class, style (and the occasional misguided cowboy wallpaper) into American homes. While exploring numerous styles, the main theme of the book is the on-trend mid-century modern sensibility, a style as appropriate today as it was six decades ago when the book was

initially released. Filled with hundreds of full-color period photos, dozens of adorable illustrations, and decorating tips and tricks that are both helpful and nostalgic, the book remains a fun classic. With this welcome hardcover release, reproduced exactly as it looked and read in the 1950s, everything old is new again. They have answers.” —The *New York Times* Designers create worlds and solve problems using design thinking. Look around your office or home—at the tablet or smartphone you may be holding or the chair you are sitting in. Everything in our lives was designed by someone. And every design starts with a problem that a designer or team of designers seeks to solve. In this book, Bill Burnett and Dave Evans show us how design thinking can help us create a life that is both meaningful and fulfilling, regardless of who or where we are, what we do or have done for a living, or how young or old we are. The same design thinking responsible for amazing technology, products, and spaces can be used to design and build your career and your life, a life of fulfillment and joy, constantly creative and productive, one that always holds the possibility of surprise. The ebook starts with an explanation of our view of the Universe from Earth, then takes a tour of the Solar System, the stars and galaxies, and the furthest reaches of space. From the author of the New York Times bestseller *Styled*, here is Emily Henderson's masterclass on interior design. "An approachable guide for anyone who is looking for tools and resources to create a home that speaks to who they are and what they love."—Joanna Gaines Whether you're embarking on a weekend refresh or complete renovation, interior designer Emily Henderson wants you to take risks with your home design without experiencing regret. In this visually driven decorating bible punctuated with photographs from real homes and colorful illustrations, she takes you through her entire process, including every single decision she makes when it comes to picking paint, arranging furniture, hanging window treatments, and deciding on lighting fixtures. You'll also learn when to hire a contractor versus an architect versus a handyperson, all the materials to consider (and why you might want to skip those marble countertops), proper measurements of the elements in each room, and so much more. By the end of the book, you'll feel more confident when it comes to visualizing the home of your dreams, and you'll finally know how to make it happen.

*Decorating with Funky Shui* encourages you to dig out all those wild and crazy pieces you've been hiding. So c'mon, gather up all those snow globes and let the disco ball sparkle in your living room. Let your rooms tell people who you really are-if you dare. Your home should be a reflection of your own personality, not a hodgepodge of mass-produced whatnots from a "big-box" chain retail store. Inspired by the popular Chinese art of feng shui, this lighthearted book takes you through the "Fun-damentals," the four directions to make your house yours, all yours: Find the playful center of the room: It can be a random garage-sale treasure, that cool mannequin you didn't think you could find a place for, or the tarnished tuba you inherited from Grandpa. That one goofy, unusual, or chic conversation piece can become the star of your room. Brighten up with color: Not everything has to match your boring beige sofa. Rooms without color lack flavor. Enlighten up: Fun, dynamic lighting can brighten a room in more ways than one. Candles add coziness; Christmas lights sparkle year-round. A string of hot-pepper lights can spice up a cool room. Abundance through abundance: The souvenirs you pick up during road trips. Your collection of vintage milk-bottle caps. All the Pez dispensers you can't bear to part with. If you've got 'em, flaunt 'em. Artfully display your collections-whatever they may be-to show them off.

*Decorating with Funky Shui* encourages you to stretch your imagination to find a style that's uniquely you. Set to become the bible of home decoration, Farrow & Ball *How to Decorate* provides a highly

practical and inspirational guide to the successful use of paint and paper in any home, large or small, urban or country. The book brings together the expertise of Joa Studholme and Farrow & Ball's creative team to demystify the nitty-gritty of transforming a home - from deciding which colors work best in a north-facing room to creating accents with paint and making the most of a feature wall. Jo is in a strange new country for university and having a more peculiar time than most. In a house with no walls, shared with a woman who has no boundaries, she finds her strange home coming to life in unimaginable ways. Jo's sensitivity and all her senses become increasingly heightened and fraught, as the lines between bodies and plants, dreaming and wakefulness, blur and mesh. This debut novel from critically acclaimed artist and musician Jenny Hval presents a heady and hyper-sensual portrayal of sexual awakening and queer desire.

You'll learn what to look for, whether you are at a flea market or a fancy boutique—or just mining what you already own. Celebrated artist Virginia Johnson's original watercolor illustrations bring the items and the inspiring rooms of world-famous tastemakers to vibrant life. Learn how to optimize your home's floor plan Discover tricks for mixing patterns, colors, and textures successfully Refresh your home's style without spending a fortune Decorate rental properties with eye-catching, trendy style Untangle the terms—mid-century modern, farmhouse, minimalism—and pinpoint your design style For those seeking ideas, resources, and budget-wise tips to spark their decorating creativity, Home Decorating For Dummies is a must-have. Cozy Minimalist Home helps you go beyond décor trends to make your home beautiful, stylish, and comfortable on any budget. Myquillyn Smith's first book, The Nesting Place, teaches us that our homes don't have to be perfect to be beautiful. But how can we apply that lesson to our actual, day-to-day design decisions? Cozy Minimalist Home is the answer to that question. Writing for the hands-on woman who'd rather move her own furniture than hire a designer, Smith helps you think through every room in your house, one purposeful design decision at a time. With people, priorities, and purpose in mind, you can create a warm, inviting, and timeless home that transcends the latest trends and centers around your personal style. You'll have the tools to create a home you're proud of in a way that honors your unique priorities, budget, and taste. And best of all, you can completely transform your home starting with furniture and décor that you already have! In Cozy Minimalist Home, Smith helps you: Recognize your role as the curator of your home who makes smart, style-impacting design choices Know what to focus on and what not to worry about Discover the real secret to finding your unique style Find a sofa you won't hate tomorrow Deconstruct each room and re-create it step by step Create a pretty home with more style and less stuff Make your home look the way you've always hoped so you can use it the way you've always dreamed Fall in love with the space you've created Discover how creating a cozy minimalist home goes beyond pretty and sets the stage for the true connection, relationship, and rest that you deserve. If you dream of decorating (or redecorating) your home but have no idea where to begin, this decorating workshop-in-a-book decodes an interior designer's thought process on creating a stylish home with vision and flow. The secret to those gorgeous interiors in the magazines lies not in the things that fill the rooms, but in the "decorating story" or point of view that the designer has applied to the space. With How to Decorate, learn how to create your own design concept and implement it with color, furniture, fabrics, lighting, accessorizing, and styling. This book also helps solve a decorator's biggest challenges, from working around a home's existing architecture and organizing a space, to mixing patterns and editing collections. Do have a great read! The art of decorating This book is an outstandingly personal and practical decorating guide that shows how designing a home can be made easy and an exercise in self-discovery. This book helps you designed your home, offices and other places in fresh, modern, and colorful, with brimming glamour and style. With this book you can finally make your house your home. Home Décor shares her creative and elegant interior design secrets so you can create a glamorous yet cozy home without spending a fortune. Farah Merhi launched Inspire Me! Home Decor in 2012 as a creative outlet during a transitional time in her life. Farah was about to graduate college and planned to attend law school. Going through the motions and feeling unfulfilled in her career choice, she built up the courage to face her truth. Taking time off to figure herself out, Farah, through a remodel project in her home, had her “ah-ha” moment. The importance of taking care of your home, specifically in the way you clean, organize, and design, was instilled in her at a young age, but she didn’t realize how much of an impact her upbringing had until she owned her own home. Farah knew she had found her passion and calling, and was determined to inspire home owners to live their best lives in their homes. Farah believes that taking care of your home is essential to your peace of mind. Her design style is elegant and glamorous but infused with warmth and coziness, creating a welcoming feel with neutral color palletes, soft and inviting fabrics, and exquisite design details that can work in any room. She believes you can make a statement without sacrificing an inviting feel to your rooms. There is no right and wrong when it comes to designing your home and Farah encourages you to focus on the overall look and feel you desire, and her tips and advice will help guide you through the process. Starting with her most frequently asked questions about paint color versus wallpaper, lighting and rugs, home organization, and of course styling, Farah walks you through every room in the house from the mudroom to the kitchen and kids’ bedrooms. Along the way, she includes quick seasonal updates on a budget, suggested routines for maintaining your space, and her unique reward system, which includes small styling vignettes around your home. Woven throughout are Farah’s personal stories that will feel like you’re getting design advice from a close friend.
