Anyone involved in Christian ministry knows how challenging it is to balance ministry and family responsibilities. Many demands pull leaders in different directions—making it easy to neglect one or the other, often without even realizing it. Writing from decades of counseling and personal ministry experience, Ajith Fernando points Christian leaders back to the most important aspect of their lives: their relationship with God. He then offers practical guidance for responding to real-life situations in the home, including disciplining children, dealing with disappointment, loving one's spouse, and pursuing joy. This book presents Christian leaders with a healthy and God-centered understanding of family that leads to a flourishing home. Previously published under title: Head of the family: Christian fatherhood in the modern world : Manchester, N.H.: Sophia Institute Press, 2002. Sometimes the best lessons in life are simple and basic. In this new book, author Marlan Cannon discusses his upbringing and uses those remembrances to apply simple but effective truths that will touch and bless the hearts of believers and non-believers alike. To those who are struggling and are grappling with issues surrounding their family, faith, and life, this book, written in the basic prose of a friend to another friend, will administer encouragement and enlightenment. Completely discarding the notion of “silver spoons,” Cannon shares lessons from his humble upbringings, attributes his current successes to them, and inspires and exhorts the reader through his life experiences. These recollections will cause the reader to decry the apparent demise of the nuclear family and to celebrate the impact that strong, healthy Christian families can have on society at large. This book is recommended for those who wish to understand the impact that strong Christian families can have on the lives of their children. It is a clarion call to individuals and families to adopt these simple, profound, yet effective insights that will lead to victory in Christ and success in every area of their lives. Carol Bakhos steps back from the convention to ask: What is Abrahamic about these three faiths? She challenges references to Judaism and Islam as sibling religions and warns against uncritical adoption of the term. During the last three decades of the twentieth century, evangelical leaders and conservative politicians developed a political agenda that thrust "family values" onto the nation's consciousness. Ministers, legislators, and laypeople came together to fight abortion, gay rights, and major feminist objectives. They supported private Christian schools, home schooling, and a strong military. Family values leaders like Jerry Falwell, Phyllis Schlafly, Anita Bryant, and James Dobson became increasingly supportive of the Republican Party, which accommodated the language of family values in its platforms and campaigns. The family values agenda created a bond between evangelicalism and political conservatism. Family Values and the Rise of the Christian Right chronicles how the family values agenda became so powerful in American political life and why it appealed to conservative evangelical Christians. Conservative evangelicals saw traditional gender norms as crucial in cultivating morality. They thought these gender norms would reaffirm the importance of clear lines of authority that the social revolutions of the 1960s had undermined. In the 1970s and 1980s, then, evangelicals founded Christian academies and developed homeschooling curricula that put conservative ideas about gender and authority front and center. Campaigns against abortion and feminism coalesced around a belief that God created women as wives and mothers—a belief that conservative evangelicals thought feminists and pro-choice advocates threatened. Likewise, Christian right leaders championed a particular vision of masculinity in their campaigns against gay rights and nuclear disarmament. Movements like the Promise Keepers called men to take responsibility for leading their families. Christian right political campaigns and pro-family organizations drew on conservative evangelical beliefs about men, women, children, and authority. These beliefs—known collectively as family values—became the most important religious agenda in late twentieth-century American politics. There is a crisis in America today. Families are failing, the divorce rate is rising, marriage is being re-defined, and roles are no longer properly understood. And because of this crisis, far too many of our nation's children are growing up without a proper blueprint of the family. They are growing up without answers to questions like, “How do I become a man” or “What does a good wife look like?” There are answers to this crisis, and there is a road map to becoming a family under God. One Family Under God: Preserving the Home as God Intended will unveil the foundational issues within our homes and point you to lasting solutions. Dr. Tony Evans will help you understand the concept and importance of family as God intended and how the state of the family directly impacts our nation. We all know what families look like when they're broken. But how were they meant to look? Authors Glenn Stanton and Leon Wirth rediscover the Creator's majestic plan behind this essential, endangered institution—and bring it down to earth with practical application for every spouse and parent. This book is an extension of Focus on the Family's much-anticipated The Family Project, a 12-week church and small group series that will change the way moms, dads, wives, and husbands see themselves—and help them build healthy households from the best blueprint of all. While following the topic outline of The Family Project curriculum, this book stands alone and delves into the subject areas more deeply. It provides a solid exploration of God's design and the transformative purpose of biblical families, and also offers down-to-earth helps for living out God's design in your own family, along with inspiration for helping others do the same. What was the family like for the first Christians? Informed by archaeological work and illustrated by figures, this work is a remarkable window into the past, one that both informs and illuminates our current condition. The Family, Culture, and Religion series offers informed and responsible analyses of the state of the American family from a religious perspective and provides practical assistance for the family's revitalization. A parenting manual taking us through the major Bible principles for family life. Numerous books set out to help Christian parents in the challenging mission of raising their children well-so what's different about this one? Well, the answer's in the title! It's not about how the gospel fits into Christian family life, but how family life should fit into the gospel-God's greatest purpose for this universe, achieved in Christ. Many books aim to raise up competent, balanced parents and well-trained, well-rounded children. But Tim Chester and Ed Moll focus on families growing God-knowing, Christ-confessing, grace-receiving, servant-hearted, mission-minded believers-adults and children together. Christian families should be about... - not just making good citizens but also church planters, missionaries, reformers, servants and evangelists; - not just learning about God but also showing him to others; - not just controlling behaviour but also changing the heart; - not just parents and children, but being an integral part of the wider church family. In twelve concise chapters, Gospel-Centered Family takes us through the major Bible principles for family life, challenging us to give up our 'respectable' middle-class idols, and to become the distinctively different people that God, through his gospel, calls us to be. You're willing to do whatever it takes to ground your children in a faith your parents never embraced. Gregory Jones, Dean and Professor of Theology, Duke Divinity School I love this book. Adam Hamilton teaches us that we are far richer than we know, because the beauty and the fullness of the whole church is ours. Read, learn, and be happy. - John Ortberg, author of God Is Closer Than You Think In this book, Adam Hamilton presents a welcoming, inspiring vision of eight Christian denominations and faith traditions. Comparing the Christian family to our own extended families, he contends that each denomination has a unique, valuable perspective to offer on the Christian faith. The traditions he examines are Orthodoxy, Catholicism, Lutheranism, Presbyterianism, Anglicanism, Baptists, Pentecostalism, and Methodism. For each group, Hamilton gives a brief history, outlines major beliefs, and describes some things we can learn from that tradition to strengthen our own Christian faith. "And God created man in his image, in the image of God created he him; male and female created he them (Genesis 1:27). The concept of family had its origin with God at the very beginning when He created man, for God had an important purpose for the family to fulfill. Indeed, He will use the family of God—the church—to defeat His enemy, Satan. And hence, God's enemy is pouring out his fury to destroy the family. Thank God, through the redemptive work of Christ, we Christians are to have our families restored to God's original purpose. This short series of messages, delivered by the author before a gathering of God's people in Washington DC beginning in September 1974, is therefore being published as a way of helping Christian believers elsewhere to see and carry out God's purpose for the family. May the Lord bless all who read the pages of this volume. In this book, Ray S. Anderson, a pastor theologian, and Dennis B. Guernsey, a family sociologist, explore the connections that produce the marvelous, complicated and often contorted human family. The central thesis of the book is that God has placed human persons in a created order for which the covenant love of God provides the fundamental paradigm for parenting, sexuality, and marriage, and the formation of family life. From the perspective of the church as the new family of God, the human family is liberated from its own failures and fears, and each person is affirmed as having a place in God's kingdom.
