Intuition Dr Cate Howell,2020-04-15 Intuition is something most people would have experienced at one time or another it s that gut feeling or sixth sense It s instinctive by nature independent of rational analysis or deductive thinking But can we actively develop our intuition and learn how to better utilise it Author Dr Cate Howell believes we can and sets about to empower us to use intuition in everyday life Intuition is divided into three parts In the first she explores the nature of intuition from different perspectives including philosophy and psychology religion and spirituality She also looks at the use of intuition in decision making in the fields of business health and teaching The second part of the book is more practical and considers types of intuition how to develop your intuition and then use it in everyday life with a practical seven step plan Steps explored for developing intuition include meditation mindfulness creativity kindness and service The final part of the book looks at some issues related to intuition such as dreams and synchronicity and how the development of one s intuition often seems to correlate with an increased sense of peace purpose and joy in life Intuition is a vital part of life and practice and now we have a book that will help us to develop this essential skill Prof Ian Wilson Associate Dean Graduate School of Medicine University of Wollongong

Spirituality and Alternativity in Contemporary Japan Ioannis Gaitanidis,2022-10-20 This book critically analyses the creation and effects of spirituality as both discourse and practice in Japan It shows how the value of spirituality has been sustained by scholars who have wished for a more civic role for religion by the publishing industry whose exponential growth in the 1980s fashioned those who later identified as the representatives of this new spirituality culture by spiritual therapists who have sought to eke out a livelihood in an increasingly professionalized and regulated therapeutic field and by the cruel optimism of an increasingly precarious workforce placing its hopes in the imagined alternative that the supirichuaru represents Ioannis Gaitanidis offers a new transdisciplinary conceptualisation of alternativity that can be applied across and beyond the disciplines of religious studies media studies popular culture studies and the anthropology sociology of medicine
