Master of the Mountain Dec 16 2022 Is there anything new to say about Thomas Jefferson and slavery? The answer is a resounding yes. Master of the Mountain, Henry Wiencek's eloquent, persuasive book—based on new information coming from archaeological work at Monticello and on hitherto overlooked or disregarded evidence in Jefferson's

papers—opens up a huge, poorly understood dimension of Jefferson's world. We must, Wiencek suggests, follow the money. So far, historians have offered only easy irony or paradox to explain this extraordinary Founding Father who was an emancipationist in his youth and then recoiled from his own inspiring rhetoric and equivocated about slavery; who enjoyed his renown as a

revolutionary leader yet kept some of his own children as slaves. But Wiencek's Jefferson is a man of business and public affairs who makes a success of his debt-ridden plantation thanks to what he calls the "silent profits" gained from his slaves—and thanks to a skewed moral universe that he and thousands of others readily inhabited. We see Jefferson taking out a slave-equity line of

credit with a Dutch bank to finance the building of Monticello and deftly creating smoke screens when visitors are dismayed by his apparent endorsement of a system they thought he'd vowed to overturn. It is not a pretty story. Slave boys are whipped to make them work in the nail factory at Monticello that pays Jefferson's grocery bills. Parents are divided from children—in his ledgers they are recast as money—while he composes theories that obscure the dynamics of what some of his friends call "a vile commerce." Many people of Jefferson's time saw a catastrophe coming and tried to stop it, but not Jefferson. The

pursuit of happiness had been badly distorted, and an oligarchy was getting very rich. Is this the quintessential American story?

Mysterious Disasters May 09 2022 Winner of the National Outdoor Book Award Grand Prize Winner, Banff Mountain Book Festival "Forever on the Mountain grips even non-climbers with its harrowing scenes of thorny relationships tested by extraordinary circumstances." —Washington Post In 1967, seven young men, members of a twelve-man expedition led by twenty-four-

year-old Joe Wilcox, were stranded at 20,000 feet on Alaska's Mount McKinley in a vicious Arctic storm. Ten days passed while the storm raged, yet no rescue was mounted. All seven perished in what remains the most tragic expedition in American climbing history. Revisiting the event in the tradition of Norman Maclean's *Young Men and Fire*, James M. Tabor uncovers elements of controversy, finger-pointing, and cover-up that make this disaster unlike any other.

My Side of the Mountain

Trilogy Apr 19 2023 In 1959, Jean Craighead George published My Side of the Mountain. The Mountain Is You Jun 02 2024 THIS IS A BOOK ABOUT SELF-SABOTAGE. Why we do it, when we do it, and how to stop doing it-for good. Coexisting but conflicting needs create self-sabotaging behaviors. This is why we resist efforts to change, often until they feel completely futile. But by extracting crucial insight from our most damaging habits, building emotional intelligence by better understanding our brains and bodies, releasing past experiences at a cellular level, and learning to act as our highest potential future selves, we can step out of our own way and into our potential. For centuries, the mountain has

been used as a metaphor for the big challenges we face, especially ones that seem impossible to overcome. To scale our mountains, we actually have to do the deep internal work of excavating trauma, building resilience, and adjusting how we show up for the climb. In the end, it is not the mountain we master, but ourselves.

Between the Mountain and the Sky Oct 14 2022

Between the Mountain and the Sky shows us the goodness that is possible when a single person--regardless of age--takes action to help another and, in the process, changes the lives of hundreds. Maggie's story begins in suburban New Jersey, in a comfortable middle-class family that supports her decision to travel the world during a gap year before starting college. During her

travels, the trajectory of her life alters when she has a surprise encounter with a Nepali girl breaking rocks in a quarry. Maggie decides to invest her life savings of five thousand dollars to buy a piece of land and open a children's home in Nepal. That home becomes Kopila Valley Children's Home, and eventually, the nonprofit Maggie launches, the BlinkNow Foundation, also starts the Kopila Valley School, which provides tuition-free education for more than four hundred students. Maggie and BlinkNow's work have been recognized around the world for their innovative, sustainable work. However, this book isn't

a how-to for fledging philanthropists or nonprofit founders--it's a coming-of-age story about a young woman suspended between two worlds, as well as the love, loss, healing, and hope she experiences along the way. And Maggie's inspiring, intimate tale shows readers an important truth: the power to change the world exists within all of us.

Chariot on the Mountain Mar 26 2021 Based on little-known true events, this astonishing account from Emmy and Peabody Award-winning journalist Jack Ford vividly recreates a treacherous journey toward freedom, a time when the traditions of the Old South still thrived—and is a testament to determination,

friendship, and courage . . . Two decades before the Civil War, a middle-class farmer named Samuel Maddox lies on his deathbed. Elsewhere in his Virginia home, a young woman named Kitty knows her life is about to change. She is one of the Maddox family's slaves—and Samuel's biological daughter. When Samuel's wife, Mary, inherits her husband's property, she will own Kitty, too, along with Kitty's three small children. Already in her fifties and with no children of her own, Mary Maddox has struggled to accept her husband's daughter, a strong-willed, confident, educated woman who works in the house and has been treated more like

family than slave. After Samuel's death, Mary decides to grant Kitty and her children their freedom, and travels with them to Pennsylvania, where she will file papers declaring Kitty's emancipation. Helped on their perilous flight by Quaker families along the Underground Railroad, they finally reach the free state. But Kitty is not yet safe. Dragged back to Virginia by a gang of slave catchers led by Samuel's own nephew, who is determined to sell her and her children, Kitty takes a defiant step: charging the younger Maddox with kidnapping and assault. On the surface, the move is brave yet hopeless. But Kitty has allies—her former

mistress, Mary, and Fanny Withers, a rich and influential socialite who is persuaded to adopt Kitty's cause and uses her resources and charm to secure a lawyer. The sensational trial that follows will decide the fate of Kitty and her children—and bond three extraordinary yet very different women together in their quest for justice.

Burying the Mountain Jun 09 2022 In Shangyang Fang's debut *Burying the Mountain*, longing and loss rush through a portal of difficult beauty. Absence is translated into fire ants and snow, a boy's desire is transfigured into the indifference of mountains and rivers, and loneliness finds its place in the wounded openness of language. From the surface of a Song Dynasty ink-wash painting to a makeshift bedroom in Chengdu, these poems thread intimacy, eros, and grief. Evoking the music of ancient Chinese poetry, Fang

alloys political erasure, exile, remembrance, and death into a single brushstroke on the silk scroll, where names are forgotten as paper boats on water.

Stand Up That Mountain Jul 11 2022 In the tradition of *A Civil Action*—this true story of a North Carolina outdoorsman who teams up with his Appalachian neighbors to save treasured land from being destroyed will “make you want to head for the mountains” (*Raleigh News & Observer*). *LIVING ALONE IN HIS WOODED MOUNTAIN RETREAT*, Jay Leutze gets a call from a whip-smart fourteen-year-old, Ashley Cook,

and her aunt, Ollie Cox, who say a local mining company is intent on tearing down Belview Mountain, the towering peak above their house. Ashley and her family, who live in a little spot known locally as Dog Town, are “mountain people,” with a way of life and speech unique to their home high in the Appalachians. They suspect the mining company is violating North Carolina's mining law, and they want Jay, a nonpracticing attorney, to stop the destruction of the mountain. Jay, a devoted naturalist and fisherman, quickly decides to join their cause. So begins the epic quest of “the Dog Town Bunch,” a battle that involves fiery public

hearings, clandestine surveillance of the mine operator's highly questionable activities, ferocious pressure on public officials, and high-stakes legal brinksmanship in the North Carolina court system. Jay helps assemble a talented group of environmental lawyers to contend with the well-funded attorneys protecting the mining company's plan to dynamite Belview Mountain, which happens to sit next to the famous Appalachian Trail, the 2,184-mile national park that stretches from Maine to Georgia. As the mining company continues to level the forest and erect the gigantic crushing plant on the site, Jay's

group searches frantically for a way to stop an act of environmental desecration that will destroy a fragile wild place and mar the Appalachian Trail forever.

In the Shadow of the Mountain Oct 02 2021 "In climbing the Seven Summits, Silvia Vasquez-Lavado did

nothing less than take back her own life—one brave step at a time. She will inspire untold numbers of souls with this story, for her victory is a win on behalf of all of us."—Elizabeth Gilbert *Endless* ice. Thin air. The threat of dropping into nothingness thousands of feet below. This is the climb Silvia Vasquez-Lavado braves in her page-turning, pulse-raising memoir chronicling her journey to Mount Everest. A Latina hero in the elite macho tech world of Silicon Valley, privately, she was hanging by a thread. Deep in the throes of alcoholism, hiding her sexuality from her family, and repressing the abuse she'd suffered as a child,

she started climbing. Something about the brute force required for the ascent—the risk and spirit and sheer size of the mountains and death's close proximity—woke her up. She then took her biggest pain as a survivor to the biggest mountain: Everest. "The Mother of the World," as it's known in Nepal, allows few to reach her summit, but Silvia didn't go alone. She gathered a group of young female survivors and led them to base camp alongside her. It was never easy. At times hair-raising, nerve-racking, and always challenging, Silvia remembers the acute anxiety of leading a group of novice climbers to Everest's base, all

the while coping with her own nerves of summiting. But, there were also moments of peace, joy, and healing with the strength of her fellow survivors and community propelling her forward. In the Shadow of the Mountain is a remarkable story of heroism, one which awakens in all of us a lust for adventure, an appetite for risk, and faith in our own resilience.

In Sight of the Mountain Feb 23 2021 In the devastating aftermath of the 1889 Great Seattle Fire, nineteen-year-old Anna Gallagher faces considerable pressure to marry well and soon. She has two serious suitors: a well-meaning but condescending doctor, and an evasive fisherman who

challenges her mind. But Anna has no intention of giving up her freedom to keep house; she has a dream to reach the summit of Mount Rainier. Despite her family's disapproval and her own self-doubt, she secretly trains, raises money for supplies, and buys a train ticket to the base of the mountain. If she succeeds in reaching its icy peak, she could pioneer the way for women mountaineers; but it's a tall task and there's much at risk--including the heart of a man who just might love her as an equal. On the journey, Anna will face glaciers, avalanches, and frozen temperatures, all without knowing if she even has a family or a future to

return to. Inspired by the trailblazing women of the Nineteenth Century who dared to summit Mount Rainier, IN SIGHT OF THE MOUNTAIN is a charming coming-of-age story, but it also casts the reader's gaze upon issues of colonialism, class, and women's far-too-narrow options.

[Laughter in the Mountains](#) Aug 12 2022 This book is a celebration of life. Its astonishing view is from the perspective of someone living a simple, isolated life in the Rocky Mountains as a mountain man. Sylvan Ambrose Hart was born in the Oklahoma Territory in 1906. In the 1930's, while still a young man, he walked into the Rocky Mountains and designed a unique life for himself in the wilds - hunting, fishing, trapping, panning gold,

crafting his own tools, weapons, shelter, and clothes. For almost fifty years he lived the life of a reclusive mountain man --eventually gaining national fame as Buckskin Bill, Last of the Mountain Men. In 1973 another young man, studying philosophy in a private college back east, found that he could no longer abide being shackled by the conventional wisdoms of our culture. To the dismay of all who knew and loved him, he dropped out of college and headed for the mountains. He caught a train cross-country to Montana, then hopped a bus southbound skirting the Rocky Mountains. At one point he simply stepped off the bus and

walked into the mountains with only a backpack, machete, and knife (no food or gun) determined to learn what the mountains offered to teach --or die trying. After a few months of eating rattlesnakes, ants and field mice, this struggling newcomer to the mountains (the author) discovered the now old and grizzled mountain man living not only successfully but quite flamboyantly in the depths of the Rocky Mountain wilderness on the River of No Return. Buckskin was an extraordinary man. Anyone who ever met him walked away with stories and memories to be cherished for a lifetime. Here are my favorite memories of the Last of the Mountain

Men.

Being the Mountain Dec 04

2021 The result of research PRODUCTORA initiated as winners of the Mies Crown Hall Americas Prize for Emerging Practice at Illinois Institute of Technology, *Being the Mountain* examines the relationship between architecture and the ground it occupies, an interaction so obvious-a building must touch the ground-that it often remains underexplored. Richly illustrated contributions by Carlos Bedoya, Frank Escher, Wonne Ickx, Véronique Patteeuw, and Jesús Vassallo revisit significant moments in architectural history that cast new light on the techniques and legacies of modernism, especially in settings like

Mexico and California, where architects such as Ricardo Legorreta and John Lautner incorporated dramatic natural topography in their agendas. Additional essays investigate the role of the ground in the thought of Kenneth Frampton in the 1980s and Luis Moreno Mansilla in the 1990s, as well as point to important parallels between premodern land practices, twentieth-century art, and today's architecture. *Facing the Mountain* Oct 26 2023 A NEW YORK TIMES BESTSELLER One of NPR's "Books We Love" of 2021 Longlisted for the PEN/Jacqueline Bograd Weld Award for Biography Winner of the Christopher Award

"Masterly. An epic story of four Japanese-American families and their sons who volunteered for military service and displayed uncommon heroism... Propulsive and gripping, in part because of Mr. Brown's ability to make us care deeply about the fates of these individual soldiers...a page-turner." - Wall Street Journal From the #1 New York Times bestselling author of *The Boys in the Boat*, a gripping World War II saga of patriotism and resistance, focusing on four Japanese American men and their families, and the contributions and sacrifices that they made for the sake of the nation. In the days and months after Pearl Harbor, the lives of

Japanese Americans across the continent and Hawaii were changed forever. In this unforgettable chronicle of war-time America and the battlefields of Europe, Daniel James Brown portrays the journey of Rudy Tokiwa, Fred Shiosaki, and Kats Miho, who volunteered for the 442nd Regimental Combat Team and were deployed to France, Germany, and Italy, where they were asked to do the near impossible. Brown also tells the story of these soldiers' parents, immigrants who were forced to submit to life in concentration camps on U.S. soil. Woven throughout is the chronicle of Gordon Hirabayashi, one of a cadre of patriotic resisters who

stood up against their government in defense of their own rights. Whether fighting on battlefields or in courtrooms, these were Americans under unprecedented strain, doing what Americans do best—striving, resisting, pushing back, rising up, standing on principle, laying down their lives, and enduring. At the Mountain's Base Aug 24 2023 A family, separated by duty and distance, waits for a loved one to return home in this lyrical picture book celebrating the bonds of a Cherokee family and the bravery of history-making women pilots. At the mountain's base sits a cabin under an old hickory tree. And in that cabin lives a family -- loving, weaving, cooking, and singing. The strength in their song sustains them through trials on the ground and in the sky, as they wait for their loved one, a pilot, to return from war. With an author's note that pays homage to the true history of

Native American U.S. service members like WWII pilot Ola Mildred "Millie" Rexroat, this is a story that reveals the roots that ground us, the dreams that help us soar, and the people and traditions that hold us up. *The Mountain Story* Sep 12 2022 "A ... survival story about four strangers who spend five days lost in the mountain wilderness above Palm Springs. Four go up the mountain, but only three will come down"-- [The Mountain](#) Jun 21 2023 In *The Mountain*, geographers Bernard Debarbieux and Gilles Rudaz trace the origins of the very concept of a mountain, showing how it is not a mere geographic feature but ultimately an idea, one that has

evolved over time, influenced by changes in political climates and cultural attitudes. To truly understand mountains, they argue, we must view them not only as material realities but as social constructs, ones that can mean radically different things to different people in different settings. From the Enlightenment to the present day, and using a variety of case studies from all the continents, the authors show us how our ideas of and about mountains have changed with the times and how a wide range of policies, from border delineation to forestry as well as nature protection and social programs, have been shaped according to them. A rich

hybrid analysis of geography, history, culture, and politics, the book promises to forever change the way we look at mountains.
