A Voyage to Arcturus David Lindsay,2023-03-01 On hearing the title *A Voyage to Arcturus* one might picture an astronaut strapping themselves into a rocket and flying into space for a swashbuckling adventure Nothing could be further from what this book actually is *Voyage* is in fact a fascinating bizarre bewildering and thought provoking sort of acid fueled Pilgrim's Progress a philosophical allegory told through the frame of a psychedelic gender bending journey to an alien planet After a terrifying sance the protagonist Maskull is offered the chance of an adventure on a different world He agrees and the reader follows him on his blood soaked path through lands representing different philosophies and ways of life as he searches for the world's godhead Surtur Or is it Crystalman *Voyage* features fiction wildly ahead of its time and is hardly classifiable as either science fiction or fantasy one might even say that the book is better approached as a philosophical work than a straightforward narrative It's not a book for a reader seeking simple fiction but rather for a reader seeking a thoughtful imaginative and totally unexpected exploration of philosophy and of life Decades ahead of its time *Voyage* was praised by contemporaries like C S Lewis and J R R Tolkien and by modern authors like Clive Barker and Alan Moore Many modern reviewers consider it a masterpiece of 20th century fiction and the work of an underappreciated genius A century later it boasts a significant cult following having inspired movies plays albums and even operas as well as a modern sequel by famous literary critic Harold Bloom the only work of fiction he ever wrote

You Should Come With Me Now M. John Harrison, 2017-11-23 M John Harrison is a cartographer of the liminal His work sits at the boundaries between genres horror and science fiction fantasy and travel writing just as his characters occupy the no man's land between the spatial and the spiritual Here in his first collection of short fiction for over 15 years we see the master of the New Wave present unsettling visions of contemporary urban Britain as well as supernatural parodies of the wider political landscape From gelatinous aliens taking over the world's financial capitals to the middle aged man escaping the pressures of fatherhood by going missing in his own house these are weird stories for weird times M John Harrison's slippery subversive stories mix the eerie and familiar into beguiling alarming marvels No one writes quite like him no one I can think of writes such flawless sentences or uses them to such disorientating effect Olivia Laing author of *The Lonely City* These stories map a rediscovered fictional hinterland one tucked behind the glossier edifices of modernity and genre with views down alleyways into pubs and flats where Patrick Hamilton glares balefully at J G Ballard Will Eaves author of *This is Paradise* M John Harrison moves elegantly passionately from genre to genre his prose lucent and wise his stories published as SF or as fantasy as horror or as mainstream fiction In each playing field he wins awards and makes it look so easy His prose is deceptively simple each word considered and placed where it can sink deepest and do the most damage Neil Gaiman author of *American Gods* With an austere and deeply moving humanism M John Harrison proves what only those crippled by respectability still doubt that science fiction can be literature of the very greatest kind China Miéville author of *Perdido Street Station*
