The international comedy star of *The Naked Gun*, *The Naked Gun 2 1/2*, and the upcoming *Naked Gun 33 1/3* reveals his own "naked truth"--as he tackles the world of kiss-and-tell autobiographies with the same hilarity and hi-jinks he's brought to his motion pictures. In this provocative book, Margaret Heffernan, former CEO and Fast Company contributor, fuses her own experience with that of hundreds of women to identify the biggest challenges and the best solutions that women face today. From VPs of Fortune 100 companies to entrepreneurs to women just starting their careers, she traces the patterns and themes underlying women's power, choices, love, sex, money, and many other vital topics for working women. Without sugar-coating the facts, preaching, or oversimplifying, she offers solutions and shares the truth about the working world: women's choices are limited, you can't have it all, women do work differently from men and, yes, it is possible to find success amidst all of this and feel good about it. "Finally! A book that exposes the masculine myths about what it takes to be effective in business and helps women reclaim the relational intelligence we have been taught to ignore. A must-read for all women who want to increase their power and influence in the workplace—especially those who are thinking of leaving because they are tired of the corporate gamesmanship that requires splitting themselves into a 'work me' and a 'home me.'" —Joyce K. Fletcher, professor of management, Simmons School of Management, Boston, Massachusetts Order your copy today! Meet the Real Danielle... You've seen her on *The Real Housewives of New Jersey*, turning heads, raising eyebrows, and igniting feuds with her feisty suburban neighbors. Now, the always fascinating Danielle Staub gets real about her scandalous past in the year's most explosive tell-all memoir. . . . When she signed on to appear in a reality TV show, Danielle had no idea what she was getting herself into. Hoping for a new lease on life after her recent divorce, the single mother of two became the target of vicious gossip, heated arguments, and endless controversy. When her housewife costars confronted her with the true crime book written about her ex-husband, the you-know-what hit the fan. Danielle knew she could no longer keep her checkered past a secret—and she had to set the record straight. This is the real Danielle Staub, in her own words, as you've never seen her before. The child of an unmarried Italian teenager, Danielle was born in Pennsylvania (under the name Beverly Merrill) after her mother was pressured by her well-to-do family to leave Italy and not return until after she'd put her baby up for adoption. After years of sexual abuse, she fled to Miami, where she became a model, living the kind of lifestyle she could only dream of as a child. She partied like a rock star and with them as well, but ended up marrying a deceitful man who held dangerous secrets of his own. Soon Danielle was caught up in a tangled web of lies, drugs, and abuse that landed her in the hospital more than once. How she survived—leaving

her husband, changing her name, and finally giving birth to two lovely daughters—is one shocking story you have to read to believe. If you thought *The Real Housewives of New Jersey* gave you the real story of Danielle Staub, you don't know the half of it. Filled with glamour and grit, heartbreak and heroism, this brave, no-holds-barred memoir reveals the naked truth behind reality TV's most talked-about star. "You either love me or you hate me, there is no in between ." —Danielle Staub

For the first time ever, one of the stars of the hit television show *The Real Housewives of New Jersey* tells her side of the story, including . . .

- The truth behind *Cop Without a Badge*, the book that shocked the other housewives in the first season's explosive finale.
- Her flashy, fast-paced life as a Miami model—and exotic dancer.
- Her controversial arrest and time spent in prison.
- Her wild hookups with famous celebrities, including an Olympian and a Miami Vice star.
- Her abusive childhood, rocky marriages, stormy divorces—and her triumphant rise as one of television's most intriguing personalities. It's all here—and all real—in this straight-from-the-hip memoir from the Real Housewife who has all of New Jersey talking . . . and the whole world watching.

A true New Yorker, Jules Ferguson serves as an active-duty Sailor in the United States Navy, and now calls Virginia home. After successfully overcoming many of life's challenges, Jules Ferguson humbly recaps a compilation of successful life lessons that he has learned through trial and error and cohesively pieced them together as a potential guide for self-development. In his darkest hour Jules Ferguson decided to reach out to Christianity and church for the answers in which he so desperately sought. And after finding some answers in church, but not others, even though he faithfully followed religious text to the letter, he felt seriously short-changed which led to a moment of clarity. Finally, after coming to a realization about what's at stake regarding his salvation, and desperately wanting to get it right this time Jules became determined to find out the truth for himself; which ultimately led him toward the pathway of Enlightenment Oneness with himself and God.

Scott Kelby, the outspoken, founding Editor of *Mac Today* magazine, takes a no-holds-barred look at what it's really like to be a Macintosh user in a PC-dominated world. This is definitely not another look at Apple's history. Instead, it's a hilarious, off-the-wall view of the Macintosh culture and lifestyle with a take-no-prisoners policy toward PC users. Microsoft, Apple, and anyone else who gets in his way. No topic is off limits and Mac fanatics will cheer as he really tells it like it is, using his unique brand of humor, in this PC-slammin', Microsoft-bashing, all-out Macintosh love fest! Plus, the book is filled with enough "Mac Ammo" to put any PC user down on the ground, cowering in the fetal position, begging for mercy in 60 seconds or less. If you're ready to finally see someone settle the score, this book is for you!

Dona Speir tells her story, from high school gymnast and track star to model, Playboy centerfold, B-movie icon, rape survivor, recovering addict, and recovery counselor and mentor. There was the rarified world of international modeling and global jet-setting, being photographed by the world-famous Army Freytag for a Playboy centerfold and starring in seven Andy Sidaris action adventure films. But there was also abuse by predatory and powerful men including Bill Cosby and struggles with drugs and alcohol. And then there was her journey toward recovery and helping others. This study of Dona's survival is a provocative, powerful blueprint of how to do more than just survive -- to recover and thrive. Dona is 32 years sober and CEO of Recovery Coaching Experts. She has mentored hundreds of women with substance abuse and behavioral issues and she has founded women's recovery homes. Her book can help others learn how to identify the traits of sexual predators and protect yourself and your children, even from those who use charm and persuasion. Dona's experiences can help women understand and survive the social, physical and emotional aspects of substance abuse and lead a peaceful, complete, whole and safe family life. It's a cautionary tale to be sure, but it's also a triumphant one, an uplifting, exciting story of perseverance with an unforgettable heroine that is both timely and timeless. As Oscar Wilde once wrote, "Fashion is a form of ugliness so absolutely unbearable that we have to alter it every six months." And yet it serves to make us beautiful, or at least make us feel beautiful. In this book, Mari Grinde Arntzen asks how and why this is—how can fashion simultaneously attract us to its glamour and repel us with its superficiality and how being called "fashionable" can be at once a compliment and an insult. Arntzen guides us through the major figures and brands of today's fashion industry, showing how they shape us and in turn why we love to be shaped by them. She examines both everyday, affordable "fast fashion" brands, as well as the luxury market, to show how fashion commands a powerful influence on every socioeconomic level of our society. Stepping into our closets with us, she thinks about what happens when we get dressed: why fashion can

make us feel powerful, beautiful, and original at the same time that it forces us into conformity. Stripping off the layers of the world's fifth largest industry, garment by garment, she holds fashion up as a phenomenon, business, and art, exploring the questions it forces us to ask about the body, image, celebrity, and self-obsession. Ultimately, Arntzen asks the most direct question: what is fashion? How has it taken such a powerful hold on the world, forever propelling us toward its concepts of beauty? "In the popular imagination, turn-of-the-century Vienna is a cerebral place, marked by Freud, the discovery of the unconscious, and the advent of high modernist culture. But as historian Alys George argues, this stereotype of Viennese Modernism as essentially "heady" overlooks a rich cultural history of the body in the period. Spanning 1870 to 1930, *The Naked Truth* is an interdisciplinary tour de force that recasts the visual, literary, and performative cultures of the era and offers an alternative genealogy of this fascinating moment in the history of the West. Starting with the Second Vienna Medical School and its innovations in anatomy and pathology, George traces an emerging culture of bodily knowledge by analyzing a variety of written and visual media, including theater and dance, and by drawing connections between scientific and artistic discourses. Paying equal attention to both low and high culture, bringing gender and class issues back to the fore, and highlighting the role of female thinkers and writers, George's book makes a signal contribution to our understanding of late nineteenth- and early twentieth-century Viennese and European culture. *The Naked Truth* shows us that the "inward turn" cannot be understood until it is set against the backdrop of a culture obsessed with exploring and displaying humanity in its embodied, carnal form"--

From #1 New York Times Bestseller Vi Keeland, comes a new, sexy standalone novel. It was just a typical Monday. Until the big boss asked me to make the pitch for a prospective new client. After two years on shaky ground at work because of my screw up, an opportunity to impress the senior partners was just what I needed. Or so I thought... Until I walked into the conference room and collided with the man I was supposed to pitch. My coffee spilled, my files tumbled to the ground, and I almost lost my balance. And that was the good part of my day. Because the gorgeous man crouched down and looking at me like he wanted to eat me alive, was none other than my ex, Gray Westbrook. A man who I'd only just begun to move on from. A man who my heart despised—yet my body obviously still had other ideas about. A man who was as charismatic and confident as he was sexy. Somehow, I managed to make it through my presentation

ignoring his intense stare. Although it was impossible to ignore all the dirty things he whispered into my ear right after I was done. But there was no way I was giving him another chance, especially now that he was a client ...was there? The Naked Truth takes you inside the limiting beliefs that may be keeping you stuck. Joie lets you see the raw and painful side of womanhood and how you can glean important lessons from every twist and turn. With all the talk and print about "scientifically based" reading research, what educational reformers have concealed is that these "findings" are scandalously flawed! Legislation mandating authoritarian and harmful prepackaged reading instruction does nothing but serve corporate interests and political agendas with little regard paid to actually improving reading skills. As he connotes in the title of this urgent expose, Gerald Coles uncovers what's absent from all the claims with which teachers and the public have been assailed. He offers a scathing indictment of the National Reading Panel's "research" and other attempts to undermine reading education and the educators equipped to do it best. Strong on slogans-"Reading First," "No Child Left Behind"-but falling far short on science, education legislation disguises itself in a cunning apolitical-research-as-final-arbiter stratagem. And this has only been fortified by the National Institute of Child Health and Human Development whose own studies, as Coles proved in *Misreading Reading*, are rife with deficiencies in design and reasoning. Coles analyzes in detail the language of the National Reading Panel Report, provides counterarguments to its claims, and investigates significant questions it has raised: What were those "100,000 studies" the NRP allegedly reviewed? What were the qualifications of the members of the NRP? Did the panel ask the right questions? Were the views represented on the panel sufficiently inclusive? Did the NRP satisfy the Congressional mandate to ensure that all children learn to read? Without Coles' thorough critique of this "scientific" foundation for reading legislation, the media will continue to portray the NRP Report as gospel; the public-particularly teachers, policy-makers, and parents-will have inadequate information for making informed instructional decisions; and federal, state, and local advocates of beginning reading instruction with a skills emphasis will have little opposition in achieving their objectives. Four fabulous authors deliver the whole truth and nothing but the truth about men, women, and the delicious games they play when it comes to love. Is he into me? Is he just playing games? Falling in love is never easy, but there's nothing like it to keep you on your toes. There are no rules to romance—and usually the only way to get a little is to take the plunge. Here are four new stories about four bold women who risk it all to win at the unpredictable game of love. TV host Eve Best is sitting pretty—a great talk show, amazing coworkers and soon she'll be waist-deep in lotto cash. But when Mitch Hayes, a national network scout, comes strolling into her office, Eve forgets it all in a sizzling urge to have her way with him. Repeatedly. And it's so not professional to drool.... Mitch needs to sign Eve's show for his network, or else. Fortunately, his boss did say something about "romancing" Eve—and after a split-second glance at the curvalicious woman, Mitch figures he might just have the best job ever. But can you get naughty with someone...without the naked truth getting in your way? "A formidable, addictive storyteller, Morgan provides a highly stimulating story of a midlife education in the messiness of modern sex and love. A steamy, liberating tale of self-exploration and self-love that encourages readers to 'revel in your sexuality'" —Kirkus Reviews Leslie Morgan, bestselling author of *Crazy Love* and *Mommy Wars*, was a mom turning fifty, reeling from divorce and determined to reclaim her life. In a radical break with convention, she dedicated a year to searching for five new lovers, seeking the rapture absent in a life of minivans and mom jeans—and finding a profound new sense of self-worth. When Leslie Morgan divorced after a twenty-year marriage, both her self-esteem and romantic optimism were shattered. She was determined to avoid the cliché of the "lonely, middle-aged divorcée" lamenting her stretch marks and begging her kids to craft her online dating profile. Instead, Leslie celebrated her independence with an audacious plan: she would devote a year to seeking out five lovers in hopes of unearthing the erotic adventures and authentic connections long missing from her life. Clumsy and clueless at first, she overcame mortifying early missteps, buoyed by friends and blind faith. And so she found men at yoga class, the airport, and high school reunions—all without the torture of dating websites. Along the way she uncovered new truths about sex, aging, men, self-confidence, and what it means to be an older woman today. Packed with fearless, evocative details, *The Naked Truth* is a rare, unexpected, and wildly entertaining memoir about a soccer mom who rediscovers the magic of sexual and emotional connection, and the lasting gifts of reveling in your femininity at every age. Fascinating, highly candid and often

uproarious, costume designer Jean-Pierre Dorléac's detailed Hollywood accounts strip back the façade from the years between 1973 and 1985, when classic glamour became a thing of the past. Through his award-winning works spanning theater, television, film, couture, burlesque and ballet, Jean-Pierre draws on firsthand, factual knowledge to paint an insider's picture of the entertainment industry. Get a behind-the-scenes account of what it took to create the magic of *Battlestar Galactica*, *Buck Rogers in the 25th Century*, *Somewhere in Time*, *The Blue Lagoon* and other diverse projects that brought recognition, respect and acclaim to Dorléac through Oscar, Emmys and The Los Angeles Drama Critics Circle Awards while he secured his idiosyncratic place in history as the creator of the figure-hugging, wildly popular, spandex pants. Guided by the treasured advice of his mentor, Edith Head, Dorléac was able to successfully retain his composure in exasperating situations and skillfully maintain his balance between obstreperous actors, demanding directors and powerful producers. This is an engaging chronicle of a crucial 12-year period when the dogged pursuit of higher profits radically changed the entertainment industry and replaced singular, custom-made designs with cut-rate, ready-to-wear on rolling racks. The surprisingly hopeful story of how a straight, nonpromiscuous, everyday girl contracted HIV and how she manages to stay upbeat, inspired, and more positive about life than ever before. At nineteen years of age, Marvelyn Brown was lying in a stark white hospital bed at Tennessee Christian Medical Center, feeling hopeless. A former top track and basketball athlete, she was in the best shape of her life, but she was battling a sudden illness in the intensive care unit. Doctors had no idea what was going on. It never occurred to Brown that she might be HIV positive. Having unprotected sex with her Prince Charming had set into swift motion a set of circumstances that not only landed her in the fight of her life, but also alienated her from her community. Rather than give up, however, Brown found a reason to fight and a reason to live. *The Naked Truth* is an inspirational memoir that shares how an everyday teen refused to give up on herself, even as others would forsake her. More, it's a cautionary tale that every parent, guidance counselor, and young adult should read. **BASED ON A TRUE STORY. NEW YORK CITY, 1868** They beguiled the suffragists, seduced the millionaires and answered to no one. Spiritualist sisters, VICTORIA WOODHULL and TENNSEE CLAFLIN were independent, politically progressive free thinkers when Victoria became the first woman to run for President of the United States. The Establishment vowed to destroy them. **SEX.** Splashed across magazine covers, billboards, and computer screens--sex is casual, aggressive, and absolutely everywhere. And everybody's doing it, right? In *Real Sex*, heralded young author Lauren F. Winner speaks candidly to Christians about the difficulty--and the importance--of sexual chastity. With honesty and wit, she talks about her struggle to live a celibate life. Never dodging tough terms like "confession" and "sin," Winner grounds her discussion of chastity first and foremost in Scripture. She confronts cultural lies about sex and challenges how we talk about sex in church. Her biblically grounded observations and suggestions will be especially valuable to unmarried Christians struggling with the sexual mania of today's culture. *Real Sex* is essential reading for Christians grappling with chastity and a valuable tool for pastors. Poetry doesn't always have to be structured. Written by a dyslexic author in a time where individuals thrive of living a life full of illusions and lies. *The Naked Truth* is a collection of poetry that reveals the authors past, present, and future while still connecting with the readers experiences. The title itself represents that everybody has something about them that is hidden beyond the surface that if revealed would leave them naked and exposed to the world. Welcome to *The Naked Truth*. In this gripping, compulsively readable story of romantic love and its dreadful underside (Susan Cheever), "Crazy Love" recounts Steiner's experiences as an abused wife--and how she found the courage to leave. **Sex. Purity. Virginity. Love. Moral Revolution** seeks to inspire a culture of love, honor and respect with people who walk in purity, passion and power. This intimate and honest book addresses the root causes of purity issues rather than merely communicating to the masses to "abstain from having sex." It will call you to a higher standard of living, imparting value for your heart and encouraging you to walk in all God has created you to be. Many who have given in to the power of peer pressure and the lure of distorted cultural values will find hope and courage to start over again. *Moral Revolution* is written for radical and passionate people who dream of being catalysts to a different kind of sexual revolution--one that transforms the way the world views sexuality, defines the unborn and embraces the family. Join the Moral Revolution! From parents and teachers to politicians and policymakers, there is a din of voices participating in the debate over how young people are affected by

violence, strong language, and explicit sexual activity in films. The Motion Picture Association of America (MPAA) responded to this concern in 1968 when it introduced a classification and rating system based on the now well-known labels: “G”, “PG”, “PG-13”, “R”, and “X”. For some, these simple tags are an efficient way to protect children from viewing undesirable content. But do the MPAA ratings actually protect children? In *The Naked Truth*, Kevin S. Sandler argues that the rating system does not protect children but instead protects the Hollywood film industry. One prime indicator of this is the collective abandonment of the NC-17 rating in 1990 by the major distributors of the MPAA and the main exhibitors of the National Association of Theatre Owners. By categorizing all films released by Hollywood and destined for mainstream theaters into R ratings (or lower), the industry ensures that its products are perceived as “responsible entertainment” to all audiences and “incontestable” to politicians and moral reformers. By embracing a no-NC-17 rule, the industry collapses mature subject matter with pornography, creating a national cinema where certain representations of sex and nudity are taboo. "You could already be a winner " And who wouldn't like to win \$10,000,000? This intriguing book tells the never-before-told, true story of a legendary company that is now part of American pop culture: Publishers Clearing House. The saga of Publishers Clearing House has been called one of the greatest marketing stories of the 20th century. As the veils of secrecy behind this iconic company are uncovered, the tale is sure to fascinate both consumers and the business world alike. The account tells how a small mom-and-pop company became one of the most profitable private companies in America, while the founders quietly became one of the most philanthropic families in the country. But after almost fifty years of spectacular growth and great acclaim, at the peak of their success, the tides suddenly took a disastrous turn. PCH was fiercely attacked from all sides, and faced an avalanche of negative publicity and lawsuits. This captivating chronicle reveals the private company's fabulous highs and devastating lows, the single incident that caused the dramatic change in climate, PCH's intense battle for survival, and the ensuing destruction of an entire industry. With thirty years at this famous company, the author has more insider knowledge of the history, inner workings, and personnel at PCH than any other person alive. This former Senior Vice President also shares many comical tales of the playful management team, fun-filled adventures of the Prize Patrol, and much more, including the provocative incident of the surprised, towel-wrapped prizewinner on the cover. This butt-naked memoir tells the story of a young man who 'trottered' across the globe - from Belgium to Australia, Vanuatu to Canada, Thailand to Nepal - to escape his toxic upper-class family and discover the freedom he needed to find his true sexual, spiritual, and emotional identity. It is the story of how one man learned to create the fertile soil of his growth from the paralyzing fear that can turn generation after generation of families into emotional wastelands. Written with humour and a healthy dose of self-awareness, the book is filled with astonishing anecdotes and encounters ranging from horrific to hilarious and from devastating to uplifting and enriching. It is a must-read for anyone who feels lonely miscomprehended and trapped by the expectations of family, friends and society, as well as for those seeking their own path through life or struggling with their sexuality. It is a manifest against the stigmatisation of gay people which is still taking place today. Sexuality does not define everyone. A practical book, it also provides tools and tips on how to hear the voice of your true self and break free of the prisons we find ourselves in. This book is also a must read for people who believe being 'on the road' is their one and only home. Harry Trotter's *The Naked Truth* is a testament to the resilience of the human spirit, and a reminder that it's never too late to begin the healing that allows us to discover and live our truth. It reminds us to just be ourselves - without putting a label on it. Harry Trotter is a mentor and an award-winning professional speaker who is better known as the Sexuality Cycle Breaker. His mission is to support as many people to break their cycles in terms of identity, sexuality, pressure and confidence so that they can live their truth. *The Naked Gospel* is a chapter-by-chapter assault on the churchy jargon and double talk of our day. It puts forth a message that is simple but life-changing. With a fresh take on Scripture and unapologetic style, *The Naked Gospel* will challenge you to re-examine everything you thought you already knew. “A formidable, addictive storyteller, Morgan provides a highly stimulating story of a midlife education in the messiness of modern sex and love. A steamy, liberating tale of self-exploration and self-love that encourages readers to ‘revel in your sexuality’”

In 2012, photographer and Hollywood executive Adrien Finkel turned her love of insightful quotes into a quest for hope and meaning. Armed with nothing but a camera and a black ink marker, she began asking friends, family, and co-workers to reveal what words moved and shaped them. The response she received was unexpected—timeless quotes were shared, personal confessions and advice flooded in, and total strangers wanted to get involved. My Naked Truth Project, a photoblog celebrating self-expression and emotional healing, soon became a safe space for people to bare all—mind, body, and soul. The experience transformed Finkel's outlook on life. Now, in her debut book, she continues to ask the world: What's your truth? Intimate and empowering, *My Naked Truth* is a candid photo journey that encourages us to trust more deeply, open our hearts, and expose what matters most. All of us are searching for answers about what our purpose is and why we're here. All of us have secrets to reveal. But when we share our hopes and fears with each other, we realize that none of us are ever really alone. In a world where it seems like “everybody's doing it” how do you help students say no to premarital sex? Lakita Garth tells you how! As an internationally known abstinence advocate and sought-after speaker, she talks to more than 500,000 students a year about abstinence and sexuality. Here, she frankly, humorously and passionately shares her principles with teens for staying pure until marriage, while equipping them with the life skills necessary to be responsible and successful. Through her four-phase Decision Making Model, young people will understand the principles of self-control, self-discipline, delayed gratification and achieving their dreams. They'll be ready to establish healthy dating relationships and clearly defined boundaries for physical intimacy, while understanding and valuing marriage. The eight-session companion DVD, a leader's guide and student guides will make this resource perfect for small-group use.
