Summer Books You Won't Be Able To Put Down Book Riot's Best Summer Reads for 2022 and Dazed's Queer Books to Read in 2022 Nevada is defiant, terse, not quite cynical, sometimes flip, addressed to people who think they know. It is, if you like punk rock. The New Yorker Nevada is a book that changed my life; it shaped both my worldview and personhood, making me the writer I am. And it did so by the oldest of methods: by telling a wise, hilarious, and gripping story. Torrey Peters, author of *Detransition, Baby*, a beloved and blistering cult classic and finalist for the Lambda Literary Award for Transgender Fiction, finally back in print. Nevada follows a disaffected trans woman as she embarks on a cross-country road trip. Maria Griffiths is almost thirty and works at a used bookstore in New York City while trying to stay true to her punk values. She's in love with her bike but not with her girlfriend Steph. She takes random pills and drinks more than is good for her but doesn't inject anything except when she remembers estrogen because she's trans. Everything is mostly fine until Maria and Steph break up, sending Maria into a tailspin and then onto a cross-country trek in the car she steals from Steph. She ends up in the backwater town of Star City, Nevada, where she meets James, who is probably but not certainly trans and who reminds Maria of her younger self. As Maria finds herself in the awkward position of trans role model, she realizes that she could become James's savior or his downfall. One of the most beloved cult novels of our time and a landmark of trans literature, Imogen Binnie's Nevada is a blistering, heartfelt, and evergreen coming-of-age story and a punk-smear excavation of marginalized life under capitalism. Guided by an instantly memorable, terminally self-aware protagonist and back in print, featuring a new afterword by the author, Nevada is the great American road novel flipped on its head for a new generation. **The Age of Light** Whitney Scharer, 2019-02-05 One of the Best Books of the Year Parade Glamour Real Simple Refinery29 Yahoo Lifestyle A startlingly modern love story and a mesmerizing portrait of a woman's self-transformation from muse to artist. Celeste Ng, author of *Little Fires Everywhere*. I'd rather take a photograph than be one. Lee Miller declares after she arrives in Paris in 1929, where she soon catches the eye of the famous Surrealist Man Ray. Though he wants to use her only as a model, Lee convinces him to take her on as his assistant and teach her everything he knows. As they work together in the darkroom, their personal and professional lives become intimately entwined, changing the course of Lee's life forever. Lee's journey of self-discovery takes her from the cabarets of bohemian Paris to the battlefields of war-torn Europe during WWII, from inventing radical new photography techniques to documenting the liberation of the concentration camps as one of the first female war correspondents. Through it all, Lee must grapple with the question of whether it's possible to stay true to herself while also fulfilling her artistic ambition and what she will have to sacrifice to do so. [Invisible Man](#) Ralph Ellison, 2014 The invisible man is the unnamed narrator of this impassioned novel of black lives in 1940s America. Embittered by a country which treats him as a non-being, he retreats to an underground cell. *Unleashed in Oregon* Sue Fagalde Lick, 2017-09-28 What is a Californian?
