De Septem Secundeis Johannes Trithemius, 2016-04-21 Johannes Trithemius is best known for his steganographia but his less notorious works are no less interesting Here in *de septem secundeis* we have a fusion of history and occultism regarding celestial and angelic categorizations used to predict the future as well as correspond past events to the different characteristics of the secondary causes the seven angels with their seven planets Trithemius in his age thus delivered this knowledge to then emperor Maximilian of the Holy Roman Empire and this same system can be expanded infinitely into the past or future

Sanctum Regnum Eliphas Levi, 2017-03-12 Eliphas Lévi born Alphonse Louis Constant 8 February 1810 31 May 1875 was a French occult author and ceremonial magician Eliphas Lévi the name under which he published his books was his attempt to translate or transliterate his given names Alphonse Louis into the Hebrew language Constant was the son of a shoemaker in Paris he attended the seminary of Saint Sulpice since 1830 and began to study to enter the Roman Catholic priesthood However while at the seminary he fell in love and left in 1836 without being ordained He spent the following years among his socialist and Romantic friends including Henri Fran ois Alphonse Esquiros and so called petits romantiques such as G rard de Nerval and Th ophile Gautier During this time he turned to a radical socialism that was decisively inspired by the writings of F licit de Lamennais the former leader of the influential neo Catholic movement who had recently broken with Rome and propagated a Christian socialism When Constant published his first radical writing *La Bible de la libert* 1841 *The Bible of Liberty* he was sentenced to an eight month prison term and a high fine Contemporaries saw in him the most notorious disciple of Lamennais although the two men do not seem to have established a personal contact In the following years Constant would describe his ideology as *communisme n o catholique* and publish a number of socialist books and pamphlets Like many socialists he propagated socialism as true Christianity and denounced the Churches as corruptors of the teachings of Christ Important friends at that time include next to Esquiros the feminist Flora Tristan the eccentric socialist mystic Simon Ganneau and the socialist Charley Fauvety In the course of the 1840s Constant developed close ties to the Fourierist movement publishing in Fourierist publications and praising Fourierism as the true Christianity Several of his books were published by the Fourierist *Librairie phalanst rienne* He also turned to the writings of the Catholic traditionalist Joseph de Maistre whose writings were highly popular in socialist circles An especially radical pamphlet *La voix de la famine* 1846 *The Voice of Famine* earned Constant another prison sentence that was significantly shortened at the request of his pregnant wife Marie No mi Cadiot In his *Testament de la libert* 1848 Constant reacted to the atmosphere that would produce the February Revolution In 1848 he was the leader of an especially notorious Montagnard club known for its radicalism Although it has been claimed that the *Testament* marked the end of Constant s socialist ambitions it has been argued that its content is in fact highly euphoric announcing the end of the people s martyrdom and the resurrection of Liberty the perfect universal socialist order Like many other socialists the course of events especially the massacres of the June Uprising in 1849 left him devastated and disillusioned As his friend Esquiros recounted their belief in the peaceful realization of a harmonious universal had been shattered
