This Courage of Mine (Raine Series 4) Amanda Bennett, 2015-08-09 This is the fourth installment in the Raine Series and is primarily Cami and Glenn's story. Sometimes there are things that can kill you and sometimes there are things that make you stronger. Meeting Glenn wasn't exactly on my to-do list when I went to go visit my best friend in Texas, but that's the funny thing about life: Everything happens when you least expect it. Our love was fast and hard, but it was everything I could've asked for. Life was picture perfect as I started my new married life with Glenn, but sometimes all good things have to come to an end, or so they say. I wasn't willing to let our marriage short out and fizzle the way my parents had. I was willing to fight every obstacle that came our way, and there were plenty. But was he? Sometimes you have to find the courage to stand and fight, even when it's a fight that wasn't meant to be won.

This Love of Mine (Raine Series 1) Amanda Bennett, 2013-04-17 I needed an escape. An escape from my momma, a woman who cared more about herself than her own daughter. A woman who couldn't stand the sight of me since my father left. A boyfriend who was nothing but trouble. Trouble that I couldn't say no to. Unfortunately, leaving them both would prove to be either the best decision I could ever make or the biggest mistake of my life. My plan was to escape to the one place I always felt safe. A place where life is simple and quiet, and a place where I could finish my senior year of high school unscathed. Abernathy, Texas, was my second home, and my grandparents were the parents I always wanted. There was no one around this one-horse town to complicate my life any further, or at least that's what I thought. That was until I met Madison Raine. He held the power to turn my peaceful escape upside down and inside out with just one look. He was beautiful in every sense of the word, and with that beauty came trouble. There were a million reasons why I should stay away from him, but none of them seemed to matter when I caught sight of those emerald green eyes. It was becoming clear that staying away from Madison would be harder than I had anticipated. A past like mine never fully disappears until you find yourself faced with the irreparable truth that sometimes you have to take matters into your own hands, consequences be damned. Kayla James, KJ, was everything I never knew I wanted. This was the last summer I would be on the farm before I headed off to college, and meeting her was the last thing I expected. I didn't know what had brought her here, and I honestly didn't care. I had my own things to deal with, and a relationship wasn't one of them. Little did I know that this girl would wind up being exactly what I needed in every way possible. Life hasn't always been easy, and telling my grandparents that I was going to college in another state was going to be the death of me, but it was something I needed to do. I needed a life outside of Texas, one where no one knew who I was or what I had lost. Between baseball and my band, I thought I had it made. All it took was one look into those baby blues, and I was a goner. I ended up needing her like I needed air to breathe, and everything inside of me wanted to be with her, regardless of the outcome. How do you choose between love and life, and convince the one person who trusts no one to take a chance on you? This is book 1 of

three in The Raine Series It contains mature language and situations

The 2030 Spike Colin Mason, 2013-06-17 The clock is relentlessly ticking Our world teeters on a knife edge between a peaceful and prosperous future for all and a dark winter of death and destruction that threatens to smother the light of civilization Within 30 years in the 2030 decade six powerful drivers will converge with unprecedented force in a statistical spike that could tear humanity apart and plunge the world into a new Dark Age Depleted fuel supplies massive population growth poverty global climate change famine growing water shortages and international lawlessness are on a crash course with potentially catastrophic consequences In the face of both doomsaying and denial over the state of our world Colin Mason cuts through the rhetoric and reams of conflicting data to muster the evidence to illustrate a broad picture of the world as it is and our possible futures Ultimately his message is clear we must act decisively collectively and immediately to alter the trajectory of humanity away from catastrophe Offering over 100 priorities for immediate action The 2030 Spike serves as a guidebook for humanity through the treacherous minefields and wastelands ahead to a bright peaceful and prosperous future in which all humans have the opportunity to thrive and build a better civilization This book is powerful and essential reading for all people concerned with the future of humanity and planet earth

Drive Kate Stewart, 2017-10-13 Music the heart's greatest librarian The average song is three and a half minutes long those three and a half minutes could lead to a slow blink a glimpse of the past or catapult the soul into heart shattering nostalgia At the height of my career I had the life I wanted the life I'd always envisioned I'd found my tempo my rhythm Then I received a phone call that left me off key You see my favorite songs had a way of playing simultaneously I was in love with one man's beats and another's lyrics But when it came to the soundtrack of a life how could anyone choose a favorite song So to erase any doubt I ditched my first class ticket and decided to take a drive fixed on the rearview Two days One playlist And the long road home to the man who was waiting for me

them **Days of Darkness** John Pearce, 1994-11-15 Among the darkest corners of Kentucky's past are the grisly feuds that tore apart the hills of Eastern Kentucky from the late nineteenth century until well into the twentieth. Now from the tangled threads of conflicting testimony John Ed Pearce, Kentucky's best known journalist weaves engrossing accounts of six of the most notorious accounts to uncover what really happened and why. His story of those days of darkness brings to light new evidence, questions commonly held beliefs about the feuds, and us, and long running feuds: those in Breathitt, Clay, Harlan, Perry, Pike, and Rowan counties. What caused the feuds that left Kentucky with its lingering reputation for violence? Who were the feudists, and what forces—social, political, financial—hurlled them at each other? Did Big Jim Howard really kill Governor William Goebel? Did Joe Eversole die trying to protect small mountain landowners from ruthless Eastern mineral exploiters? Did the Hatfield-McCoy fight start over a hog? For years Pearce has interviewed descendants of feuding families and examined skimpy court records and often fictional newspaper reports to rest some of the more popular legends.

Postcards Annie Proulx, 2007-12-01 E Annie Proulx's first novel *Postcards*, winner of the 1993 Pen Faulkner Award for Fiction, tells the mesmerizing tale of Loyal Blood, who misspends a lifetime running from a crime so terrible that it renders him forever incapable of touching a woman. Blood's odyssey begins in 1944 and takes him across the country from his hardscrabble Vermont hill farm to New York, across Ohio, Minnesota, and Montana to British Columbia, on to North Dakota, Wyoming, and New Mexico, and ends today in California with Blood homeless and near mad. Along the way he must live a hundred lives to survive: mining, gold, growing beans, hunting fossils, and trapping, prospecting for uranium, and ranching. In his absence disaster befalls his family; greatest among their terrible losses are the hard-won values of endurance and pride that were the legacy of farm people, rooted in generations of intimacy with soil, weather, plants, and seasons. *Postcards* chronicles the lives of the rural and the dispossessed and charts their territory with the historical verisimilitude and writerly prowess of Cather, Dreiser, and Faulkner. It is a new American classic.

The Criminal Brain, Second Edition Nicole Rafter, Chad Posick, Michael Rocque, 2016-08-30 A lively up-to-date overview of the newest research in biosocial criminology. What is the relationship between criminality and biology? Nineteenth-century phrenologists insisted that criminality was innate, inherent in the offender's brain matter. While they were eventually repudiated as pseudo-scientists, today the pendulum has swung back. Both criminologists and biologists have begun to speak of a tantalizing but disturbing possibility: that criminality may be inherited as a set of genetic deficits that place one at risk to commit theft, violence, or acts of sexual deviance. But what do these new theories really assert? Are they as dangerous as their forerunners, which the Nazis and other eugenicists used to sterilize, incarcerate, and even execute thousands of supposed born criminals? How can we prepare for a future in which leaders may propose crime control programs based on biology? In this second edition of *The Criminal Brain*, Nicole Rafter, Chad Posick, and Michael Rocque describe early biological theories of crime and provide a lively up-to-date overview of the newest research in biosocial criminology. New chapters introduce the theories of the latter part of the 20th century, apply and critically assess

current biosocial and evolutionary theories the developments in neuro imaging and recent progressions in fields such as epigenetics and finally provide a vision for the future of criminology and crime policy from a biosocial perspective The book is a careful critical examination of each research approach and conclusion Both compiling and analyzing the body of scholarship devoted to understanding the criminal brain this volume serves as a condensed accessible and contemporary exploration of biological theories of crime and their everyday relevance Bounty Kristen Ashley,2016-04-18 Justice Lonesome has enjoyed a life of bounty Even so she s inherited the curse of the Lonesome A poet s soul Which means she s still searching for something Searching for peace Searching for the less that s more And when the foundation of her life is pulled out from under her grieving she goes to the mountains to find her oasis She hits Carnal Colorado and decides to stay Deke Hightower lost everything at the age of two He lost it again at fifteen His life has not been about bounty It s been about learning to live with less because there s no way to get more Deke s also watched all his friends go down to the women who gave them what they needed He wants that for himself But he knows that search isn t going to be easy because he s a rider His home is the road That s the only place he can breathe And the woman who takes her place at his side has to do it sitting on the back of his bike When Deke meets Justice he knows she s not that woman She s cute She s sweet And she s into him but she s got it all and Deke knows he won t fit into that So he holds her at arm s length Establishes boundaries And Justice will take it because she wants Deke any way he ll let her have him But when Justice finds herself a pawn in a dangerous game Deke makes a decision When he does he has no idea he s just opened himself up to bounty With This Kiss: Part One Eloisa James,2013-03-12 With This Kiss Part One Lady Grace Ryburn the daughter of the Duke and Duchess of Ashbrook has fallen wildly in love with Colin Barry a dashing young lieutenant serving his country in the Royal Navy When he returns home to exuberant celebrations will he even notice the quiet wallflower he grew up with or will he fall for Grace s sparkling gorgeous sister Author s Note Lady Grace is the eldest daughter of the Duke and Duchess of Ashbrook from The Ugly Duchess and Colin is the eldest adopted son of Sir Griffin Barry from Seduced by a Pirate In its entirety With This Kiss is a 200 page double length novella **Dirty Girl** Meghan March,2016-05-14 Greer Karas s Internet personal ad goes viral attracting the attention of Hollywood movie star Cavanaugh Westman leaving Greer to wonder why he left her three years ago and what she should do now *The Gamble* Kristen Ashley,2017-06-20 Welcome to New York Times and USA Today bestselling author Kristen Ashley s Colorado Mountain Series where friends become family and everyone deserves a second chance Life isn t meant to be perfect It s meant to be lived Nina Sheridan thought she d found the perfect man who would become the perfect husband She was wrong When Nina realizes the man she planned to grow old with doesn t know her at all it s time to rethink her idea of perfect And what better place to get her life in order than a remote Colorado mountain town halfway around the world Gnow Bone Colorado may not be flashy or cosmopolitan but it s got a brand of hospitality all its own Nina isn t entirely sure she s ready to trade the life she thought she wanted in England for cozy evenings in her
