Elementary Music Theory Ralph Fisher Smith, 1945

Tonal Harmony, with an Introduction to Twentieth-century Music Stefan M. Kostka, Dorothy Payne, 2000 Tonal Harmony with an Introduction to 20th Century Music is intended for a two year course in music theory harmony It offers a clear and thorough introduction to the resources and practice of Western music from the 17th century to the present day Its concise one volume format and flexible approach make the book usable in a broad range of theory curricula The text provides students with a comprehensive but accessible and highly practical set of tools for the understanding of music Actual musical practice is emphasized more than rules or prohibitions Principles are explained and illustrated and exceptions are noted In its presentation of harmonic procedures the text introduces students to the most common vocal and instrumental textures encountered in tonal music Traditional four part chorale settings are used to introduce many concepts but three part instrumental and vocal textures are also presented in illustrations and drill work along with a variety of keyboard styles To encourage the correlation of writing and performing skills we have included musical examples in score and reduced score formats as well as charts on instrumental ranges and transpositions Some of the assignments ask the student to write for small ensembles suitable for performance in class Instructors may modify these assignments to make them most appropriate for their particular situations Preface

Music Theory in Practice ABRSM, 2009-04 The new Music Theory in Practice Model Answers series is a practical tool to use alongside the fully revised workbooks for Music Theory in Practice Grades 1 to 5 Each book includes correct answers to every question accepted options where there can be more than one answer and model answers for composition style questions
