Abnormal Psychology Vincent Mark Durand, David H. Barlow, 1997 This exciting new version was created specifically for those professors who were drawn to the approach the authors introduced in their longer text Abnormal Psychology An Integrative Approach but wanted a bit less detail In this briefer version you ll find in approximately 550 pages a consistent organizational structure that makes the material easy to learn fascinating real life cases integrated into the flow of each chapter a mix of clinical and scientific approaches a conversational writing style and a variety of new built in study aids designed to make the briefer version easier to use Throughout the briefer version as in their groundbreaking original text the authors provide students with an integration of research on the biological psychological cultural and social aspects of abnormal behavior and its treatment To achieve this streamlined version the authors worked with users and non users alike who suggested how to collapse chapters and simplify the presentation

Case Studies in Abnormal Psychology Kenneth N. Levy, Kristen M. Kelly, William J. Ray, 2018-01-10 Case Studies in Abnormal Psychology presents a broad range of cases drawn from the clinical experience of authors Kenneth N. Levy, Kristen M. Kelly, and William J. Ray to take readers beyond theory into real life situations. The authors take a holistic approach by including multiple perspectives and considerations apart from those of just the patient. Each chapter follows a consistent format: Presenting Problems and Client Description, Diagnosis and Case Formulation, Course of Treatment, Outcome and Prognosis, Treatment Follow-up, and Discussion Questions. Providing empirically supported treatments and long-term follow-up in many case studies gives students a deeper understanding of each psychopathology and the effects of treatment over time.
