[Drafting Tax Provisions](#) Ivan Mitev, 2017-11-17 Tax provisions are a staple in many private M A and investment fund documents. Yet there is no comprehensive source that catalogs the various provisions, gives examples of alternative drafting approaches, and offers an in depth analysis of the tax language. This treatise offers such comprehensive source and sets the benchmark for tax documents and precedents related to the investment fund and private M A industry. This is a focused product. The treatise does not cover the entire breadth of tax related precedents from tax sharing agreements to 83 b elections. Instead it covers the tax provisions in the most pertinent documents that concern investment funds and the private M A practitioner.

[Georgia Legal Research](#) Nancy P. Johnson, Elizabeth Adelman, Nancy J. Adams, 2007 Georgia Legal Research is the first book of its kind devoted to the resources and strategies needed to research Georgia state law. Taking a process oriented approach, the book explains research in Georgia cases, statutes, legislative history, constitutional law, and administrative law, and legal ethics research. Additional chapters describe the research process, secondary sources, and practical guides, online research, and citators. Appendices include legal citation rules, bibliography of legal research texts, and a list of Georgia practice materials. Georgia Legal Research was designed specifically for teaching legal research to first year law students. Others who will find it helpful include practitioners, paralegals, librarians, college students, and even laypeople. It is clearly written, making even complex ideas accessible. Outlines of the research process and short excerpts from Georgia resources make the book easy to use. Web addresses point researchers to the many sources for finding free Georgia legal material online. Concise explanations of resources needed for researching federal law and the law of other states are provided throughout. Thus Georgia Legal Research can be used as a stand alone text or in conjunction with a research text concentrating on federal law. This book is part of the Legal Research Series edited by Suzanne E. Rowe, Director of Legal Research and Writing, University of Oregon School of Law.
