Online Journalism from the Periphery Scott A. Eldridge II,2017-09-26 Online Journalism from the Periphery looks at how a range of new media actors communicating online have challenged us to think differently about the journalistic field Emerging from the disruption of digital technology these new actors have been met with resistance by an existing core of journalism who perceive them as part of a digital threat and dismiss their claims of journalistic belonging As a result cracks are appearing in the conceptual foundations of what journalism is and should be Applying field theory as a conceptual lens Scott Eldridge guides the reader through the intricacies of these tensions at both the core and periphery By first unpacking definitions of journalism as a social and cultural construction this book explores how these are dominated by narratives which have reinforced a limited set of expectations about its purpose and reach The book goes on to examine how these narratives have been significantly undermined by the output of major new media players including Gawker reddit Breitbart and WikiLeaks Online Journalism from the Periphery argues for a broadening of ideas around what constitutes journalism in the modern world concluding with alternative approaches to evaluating the contributions of emerging media heavy weights to society and to journalism
