**ISLAND STRIPERS** Capt. AL ANDERSON,2012-07-24 ISLAND STRIPERS is a result of the author s 45 years of fishing Block Island s waters and his offered contentions supported by science This effort is filled with insights into its history unique geology its tides currents early native fishing updates in striper biology evolution detailed day night surf boat angling striper diseases major action spots and techniques popular baits recent record breaking fish fly surf fishing interviews forage species various tagging agencies results of his striper tagging vessels used and much much more Early in 2012 he was selected for induction into the IGFA s World Fishing Hall of Fame a result of his career tagging nearly 60 000 documented game fish for science thanks to help from clients friends Of these 43 000 were striped bass for the American Littoral Society ALS the remainder for the National Marine Fisheries Service NMFS which included bluefin tuna various billfish and shark species Back in 2011 SPORTFISHING magazine commenced their annual Making A Difference MAD Campaign to identify fifty individuals nationwide who made significant contributions to sport fishing Capt Al Anderson was announced as one of their five winners He is a well known New England charter skipper author lecturer and conservationist long recognized for his ethic of marking game fish for science [www.ProwlerChartersRI.com](http://www.ProwlerChartersRI.com)

The Big One David Kinney,2010-07-06 The Big One is to competitive fishing what Friday Night Lights was to high school football News Janet Messineo a recovering alcoholic who says that striped bass saved her life Buddy Vanderhoop a boastful Native American charter captain who guides celebrity anglers like Keith Richards and Spike Lee and Wyatt Jenkinson a nine year old fishing fanatic whose mother is battling brain cancer At the center of it all is five time winner Lev Wlodyka a cagey local whose next fish will spark a storm of controversy and throw the tournament into turmoil The Big One is a rollicking true story of a grand American obsession You don t have to be a fisherman to relish David Kinney s marvelous account of the annual striper madness on Martha s Vineyard or his unforgettable portraits of the possessed It s a fine piece of journalism rich with color and suspense Carl Hiaasen New York Times bestselling author

**Striper Wars** Dick Russell,2013-02-22 When populations of striped bass began plummeting in the early 1980s author and fisherman Dick Russell was there to lead an Atlantic coast conservation campaign that resulted in one of the most remarkable wildlife comebacks in the history of fisheries As any avid fisherman will tell you the striped bass has long been a favorite at the American dinner table in fact we ve been feasting on the fish from the time of the Pilgrims By 1980 that feasting had turned to overfishing by commercial fishing interests Striper Wars is Dick Russell s inspiring account of the people and events responsible for the successful preservation of one of America s favorite fish and of what has happened since Striper Wars is a tale replete with heroes and some villains as the struggle to save the striper migrated down the coast from Massachusetts to Maryland Russell introduces us to a postman at arms against a burly trap net fisherman a renowned state governor caving to special interests and a fishing tackle maker fighting alongside marine biologists And he describes how champions of this singular fish blocked power plants and New York s Westway Project that would otherwise compromise its habitat Unfortunately those who cheered the triumphant ending to the campaign as the coastal states enacted measures that enabled the striped bass to make its comeback have found the peace transitory there is now a new enemy emerging on the front In recent years a chronic bacterial disease has struck more than seventy percent of the striped bass population in the primary spawning waters of the Chesapeake Bay Malnutrition seems to be a significant factor brought on by the same overfishing that plagued the bass in the first battle only this time the overfishing is devastating menhaden the silvery little fish upon which the bass feed Lessons learned during the first conservation battle are being applied here highlighting a need for a whole new ecosystem based approach to conserving species Only with constant vigilance by concerned citizens Dick Russell reminds us can environmental victories be sustained This particular fish story is a personal one for him and he follows the striper s saga today all the way to California where the fish was introduced in 1879 and where agribusiness now threatens its future For his conservation work during the 1980s Russell received a citizen s Chevron Conservation Award

**The Fishes of the Sea** Dave Preble,2001 In this wide ranging book Dave Preble who has spent a lifetime fishing the waters of the East Coast provides a fascinating overview of the history and nature of both commercial and sport fishing in New England waters He brings to life the glory days when fish were plentiful and new technology made huge catches commonplace He hauntingly describes the havoc wrought by overfishing in the 1980 s and finally expresses the hope that a new ethical approach to nature and strict adherence to quotas will combine with the fortuitous resurgence of species believed near extinction The scientific and technical discourse about the major species cod stripers bluefish tuna sharks etc is interspersed with exciting tales reminiscent of The Perfect Storm Through it all we experience firsthand a unique highly dangerous lifestyle always at the brink of disaster
