• More than 500 appearances on national bestseller lists • #1 Wall Street Journal, New York Times, and USA Today • Won 12 book awards • Translated into 35 languages • Voted Top 100 Business Book of All Time on Goodreads People are using this simple, powerful concept to focus on what matters most in their personal and work lives. Companies are helping their employees be more productive with study groups, training, and coaching. Sales teams are boosting sales. Churches are conducting classes and recommending for their members. By focusing their energy on one thing at a time people are living more rewarding lives by building their careers, strengthening their finances, losing weight and getting in shape, deepening their faith, and nurturing stronger marriages and personal relationships. YOU WANT LESS. You want fewer distractions and less on your plate. The daily barrage of e-mails, texts, tweets, messages, and meetings distract you and stress you out. The simultaneous demands of work and family are taking a toll. And what's the cost? Second-rate work, missed deadlines, smaller paychecks, fewer promotions--and lots of stress. AND YOU WANT MORE. You want more productivity from your work. More income for a better lifestyle. You want more satisfaction from life, and more time for yourself, your family, and your friends. NOW YOU CAN HAVE BOTH — LESS AND MORE. In The ONE Thing, you'll learn to * cut through the clutter * achieve better results in less time * build momentum toward your goal* dial down the stress * overcome that overwhelmed feeling * revive your energy * stay on track * master what matters to you The ONE Thing delivers extraordinary results in every area of your life--work, personal, family, and spiritual. WHAT'S YOUR ONE THING? This monograph presents a complete computational system for visual attention and object detection. VOCUS (Visual Object detection with a Computational attention System) represents a major step forward on integrating data-driven and model-driven information into a single framework. Additionally, the volume contains an extensive review of the literature on visual attention, detailed evaluations of VOCUS in different settings, and applications of the system. Finally, Discover How To Achieve Goals A Simple Goal Planner + Productivity Boosting System You Can Use To Achieve Your Goals In Less Time This Yearly Goal Planner is ready to take you to where you want to be! Prior research suggests that seeing events through an observer's eyes (i.e., adopting a third-person perspective) should facilitate goal pursuit. However, we find that third-person perspectives discourage goal-consistent intentions and behavior for health goals when goal centrality is low (i.e., the goal is peripheral to one's self-concept). In Experiment 1, people who adopted a third-person perspective chose more sugary foods if they considered a healthy eating goal to be more peripheral to the self. Experiment 2 examines why a third-person perspective can hinder goal pursuit; it encourages a breakdown in implemental thinking which, in turn, increases negative self-conscious emotions. While high goal centrality buffers people from negative effects on goal intentions, low centrality does not. Experiment 3 demonstrates that this effect is robust when goal centrality is manipulated. We recommend that consumers pursuing health goals (and individuals who support them) exercise caution when employing perspective-based strategies, as they may backfire for people at greatest risk of goal abandonment. Take A Visual Snapshot of the Future! 8X10 inches 110 total pages It's important to set goals for whatever it is you wish to accomplish. If so, perhaps it's time for a different approach? While this book won't help you to set goals, it will help you turn them into real results. Using a 3-step process, it applies strongly visual methods both to help you learn what to do, as well as how to then apply it in your daily life. In addition to other techniques, you'll also be shown how to make steady progress towards your goals, while still handling all those distractions and daily to-dos that will otherwise take you down. Everything is distilled into one piece of paper that will help you make the right decisions moment-by-moment. Visual learners will love it, plus you get free access to four short bonus video tutorials that will accelerate you even faster towards what you want. Quick to learn and simple to apply, this new and unique method can be the one difference you've been looking for. The #1 New York Times bestseller. Over 20 million copies sold! Translated into 60+ languages! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal. ? Goals is a Goal Setting and Productivity Daily Journal that helps you focus on your goals and achieve them faster. ? You will begin to see the positive effects of using this journal almost immediately. This DAILY journal helps you: ? Dream big, then narrow your focus ? Begin each day with intention and gratitude ? Set achievable goals ? Identify specifics tasks each day to move closer to achieving your goals ? Manage your time on what matters most ? Set yourself up to feel accomplished, not overwhelmed This journal is perfect for someone who is tired of starting and stopping on their goals over and over again. This journal provides focus and helps create productivity around your goals, even when life "gets in the way." Using this journal, you will be shocked at how much quicker you make progress on your goals. Achieve more than you ever thought possible by working on the goals that will make your dreams a reality. Each DAILY page includes prompts to write: Gratitude A daily gratitude practice has been proven to have nearly endless benefits, namely increased positivity, better health and improved sleep. Top 5 Goals Start your day with intention! Writing down your goals daily keeps them front and center, dramatically increasing your focus and productivity on the steps that will make your dreams come to life. #1 Focus for the Day "You can accomplish everything, but you can't accomplish everything at once." By narrowing your daily focus for each day, you can make meaningful traction toward your goals. TO DOs that support your goals This section is your fast-track to achieving your goals. Skyrocket your productivity on tasks that make a difference to your goals - eliminate "busy work" and distractions! To-do list for tasks that are not related to your goals By separating your "everyday" to-do list from the actions that directly support your goals, you get an instant visual representation of where your time and effort go. This section helps you keep "life" from getting in the way of your goals. Notes For everything else! FEATURES 90 days (3 months) of daily journal pages Space to write down your big dreams and long-term goals Pages to write goals you have accomplished. Be your own motivation! A "How to Use this Journal" page Sample of a completed daily journal page Pretty, matte cover with crisp white interior pages It's time to start living the life you've always dreamed of, and the The Goals, Goal Setting and Productivity Daily Journal can help you do it! Do you need support in achieving your goals? If journaling, lists, and worksheets leave you cold, try vision boarding. Dr. Faith walks you through the art and science of making a simple or complex visual representation of where you're going. This exercise can help you refine your goals in different aspects of your life, visualize the steps you need to take to achieve them, and focus on the process of getting there. Then, once you've made it and celebrated, your vision board can serve as a reminder of your success and a jumping off place for your next big thing. Embark on a Journey to Your Best Self! Imagine standing on the peak of your own personal success, looking back at the journey that got you there. It might seem daunting, but what if you had a roadmap to navigate this path, designed by those who've journeyed before and succeeded? Peak Performance: Goal Setting Secrets of the Successful is that very guide, illuminating the path from where you are now to where you've dreamed of being. Within these pages, you'll find not just a book but a blueprint. The Foundations of Goal Setting lay the groundwork, preparing you to understand the spectrum of goals that can transform your life. From the basics to the bedrock of your wildest dreams, you'll uncover the types of goals that lead to genuine, enduring success. But what elevates this book above the rest is its compelling dive into the Psychology Behind Successful Goal Setting. Here, you're invited to confront and conquer your mental barriers, with the role of mindset taking center stage." Ever wondered how to turn your vision into reality? Crafting Your Vision for Success doesn't just inspire; it instructs. Coupled with the SMART Goals framework and an actionable Action Plan Blueprint, your vision will start to materialize before your eyes, one achievable step at a time. Tools and Techniques reveal modern and traditional methods to maintain momentum, while the chapters on Time Management Strategies and Accountability and Support Systems ensure you're equipped to overcome common pitfalls, setting a steady pace towards your apex. As you progress, Celebrating Milestones and Successes reminds you to acknowledge your hard work, embedding the importance of reflection in your journey. And, inevitably, when faced with setbacks, learning to cope with failures becomes a source of strength, not despair. In this book, success is not a destination but a process. With each chapter, you're not only setting goals but also mastering the ability to sustain and build upon your achievements, ensuring that your peak performance becomes a permanent state. Peak Performance: Goal Setting Secrets of the Successful is more than just a book; it's your companion in carving out a path to a life of achievement, fulfillment, and undeniable success. Are you ready to take the first step? Visual illusions are compelling phenomena that draw attention to the brain's capacity to construct our perceptual world. The Compendium is a collection of over 100 chapters on visual illusions, written by the illusion creators or by vision scientists who have investigated mechanisms underlying the phenomena. -- Writing IEP goals is easier once the steps are revealed by Dr. Barbara Bateman in her latest bookWriting clear, measurable annual IEP goals is a difficult skill to master. The good news is that goal writing is easy once the steps are revealed. The climactic conclusion of Printz Award winner Melina Marchetta's epic fantasy trilogy! Separated from the girl he loves and has sworn to protect, Froi and his companions travel through Charyn searching for Quintana and building an army that will secure her unborn child's right to rule. While in the valley between two kingdoms, Quintana of Charyn and Isaboe of Lumatere come face-to-face in a showdown that will result in heartbreak for one and power for the other. The complex tangle of bloodlines, politics, and love introduced in Finnikin of the Rock and Froi of the Exiles coalesce into an engrossing climax in this final volume. THE ADULT SPEECH THERAPY WORKBOOK is your go-to resource for handouts and worksheets. It was designed for speech therapists new to adult speech therapy and covers the most common diagnoses and disorders across all adult speech therapy settings, from hospitals, to skilled nursing facilities, to home health. This workbook is packed with over 580 pages of practical, evidenced-based treatment material. I created this mobile vision board to help you stay focused on your goals. How to use, simply write the goal, vision or idea down immediately and begin to bring clarity through the actions you need to take or took, this will not only make it plain for you to see but for others who you may need to communicate this to in order to help you. In its early years, the field of computer vision was largely motivated by researchers seeking computational models of biological vision and solutions to practical problems in manufacturing, defense, and medicine. For the past two decades or so, there has been an increasing interest in computer vision as an input modality in the context of human-computer interaction. Such vision-based interaction can endow interactive systems with visual capabilities similar to those important to human-human interaction, in order to perceive non-verbal cues and incorporate this information in applications such as interactive gaming, visualization, art installations, intelligent agent interaction, and various kinds of command and control tasks. Enabling this kind of rich, visual and multimodal interaction requires interactive-time solutions to problems such as detecting and recognizing faces and facial expressions, determining a person's direction of gaze and focus of attention, tracking movement of the body, and recognizing various kinds of gestures. In building technologies for vision-based interaction, there are choices to be made as to the range of possible sensors employed (e.g., single camera, stereo rig, depth camera), the precision and granularity of the desired outputs, the mobility of the solution, usability issues, etc. Practical considerations dictate that there is not a one-size-fits-all solution to the variety of interaction scenarios; however, there are principles and methodological approaches common to a wide range of problems in the domain. While new sensors such as the Microsoft Kinect are having a major influence on the research and practice of vision-based interaction in various settings, they are just a starting point for continued progress in the area. In this book, we discuss the landscape of history, opportunities, and challenges in this area of vision-based interaction; we review the state-of-the-art and seminal works in detecting and recognizing the human body and its components; we explore both static and dynamic approaches to "looking at people" vision problems; and we place the computer vision work in the context of other modalities and multimodal applications. Readers should gain a thorough understanding of current and future possibilities of computer vision technologies in the context of human-computer interaction. "Radical Focus is a must-read for anyone who wants to accomplish out-sized results. Christina does a great job showing both the why and the how of OKRs. Avoid the all-too-common mistakes by reading this book first." - Teresa Torres, author Continuous Discovery Habits "This book is useful, actionable, and actually fun to read! If you want to get your team aligned around real, measurable goals, Radical Focus will teach you how to do it quickly and clearly." - Laura Klein, Principal, Users Know The award-winning author of The Team That Managed Itself and Pencil Me In returns with a new and expanded edition of her landmark book on OKRs. If you've ever wanted to know how to use OKRs, or why yours might not be working, Radical Focus teaches you everything you need to achieve your goals. The author pulls from her experience with Silicon Valley's hottest companies to teach practical insights on OKRs in the form of a fable. When Hanna and Jack receive an ultimatum from the only investor in their struggling tea supply company, they must learn how to employ Objectives and Key Results (OKRs) with radical focus to get the right things done. Using Hanna and Jack's story, Wodtke walks readers through how to inspire a diverse team to work together in pursuit of a single, challenging goal, and how to stay motivated despite setbacks and failures. Radical Focus has been translated into six languages and sold more than 50,000 copies. Now, the second edition of her OKR manifesto proves that Wodtke's business strategies are essential in a world where focus seems to be a more and more unreachable goal. The updated version includes 22,000 words of all-new material designed to help OKR users in larger companies create, grade, and manage OKRs in ways that accelerate success and drive rapid organizational learning. Ready to move your team in the right direction? Read this book together, and learn Wodtke's powerful system for attaining your most important goals with radical focus. ? #Goals is a "Start Today" goal setting and productivity journal that helps you focus on your goals and achieve them faster. ? An Extra-Ordinary Tips From An Expert Once And For All Every one of us is determined to become successful in life. We love to dreams, to cuddle life, and to achieve our goal in our own standpoint. We always wanted a life that define us as who we are in the future. But don't you know that making a vision board could help us realize our elusive dreams? Yes, it can definitely help us to foreshadow the ideal life we are looking forward to and making it realized. But first and foremost what is a vision board? Definitely, it is everything that makes you happy. It might be collages of images of people such famous celebrity that inspires you, pictures of places that you would like to visit, or even your dream career that you wanted to acquire. How to make it? You can start it, by setting your mood freely. Then, visualize the main theme of your board. Write all the things you have in thoughts generously. Point out your definite goals that you foresee for your career, school, relationship, family or even your health and wealth. Note down all the things that makes you happy. You should aspire more to attain that certain goal. Your belief and emotional power lies in your own thoughts. Make it real. Do not limit yourself by just imagining. Have fun and be innovative with your vision board. Look for your scissors, photos, glue or even research pictures on the internet and paste it to your vision board and write something about it. Be sure to make your board more appealing and enticing to your eyes. Place it in the area where you can take a look at it every day. Vision boards are very helpful. It brings joys and inspiration within us. There was a belief that when using the Law of Attraction it manifest, "like thoughts attract like thoughts", or it brings positiveness in our inner selves. Have the feelings of gratitude because living life to the fullest is treating yourself with enormous happiness and thus, gives meaning to your existence. Life is indeed a journey. Therefore, create the life you always wanted to live. Need more tips from an expert? Take me now!Purchase your copy today! Here Is A Preview Of What You'll Learn... "The Ultimate Guide To Vision Board: Visualize And Achieve Your Goals Effortlessly, Create The Life You Always Wanted To Live".Tags: Vision, Vision Board, Visualization, Visualisation, Success, Achieve your dream, Achieve success, Power of Visualization, True Self, Create Vision board, What is Vision Board, How to Manifest your dreams, Goal setting, achieve goals... Good Strategy/Bad Strategy clarifies the muddled thinking underlying too many strategies and provides a clear way to create and implement a powerful action-oriented strategy for the real world. Developing and implementing a strategy is the central task of a leader. A good strategy is a specific and coherent response to—and approach for—overcoming the obstacles to progress. A good strategy works by harnessing and applying power where it will have the greatest effect. Yet, Rumelt shows that there has been a growing and unfortunate tendency to equate Mom-and-apple-pie values, fluffy packages of buzzwords, motivational slogans, and financial goals with “strategy.” In Good Strategy/Bad Strategy, he debunks these elements of “bad strategy” and awakens an understanding of the power of a “good strategy.” He introduces nine sources of power—ranging from using leverage to effectively focusing on growth—that are eye-opening yet pragmatic tools that can easily be put to work on Monday morning, and uses fascinating examples from business, nonprofit, and military affairs to bring its original and pragmatic ideas to life. The detailed examples range from Apple to General Motors, from the two Iraq wars to Afghanistan, from a small local market to Wal-Mart, from Nvidia to Silicon Graphics, from the Getty Trust to the Los Angeles Unified School District, from Cisco Systems to Paccar, and from Global Crossing to the 2007–08 financial crisis. Reflecting an astonishing grasp and integration of economics, finance, technology, history, and the brilliance and foibles of the human character, Good Strategy/Bad Strategy stems from Rumelt’s decades of digging beyond the superficial to address hard questions with honesty and integrity. Finally, Discover How To Achieve Goals A Simple Goal Planner + Productivity Boosting System You Can Use To Achieve Your Goals In Less Time This Yearly Goal Planner is ready to take you to where you want to be!
