Chilton's Auto Repair Manual, 1954-1963 Feb 27 2024 Most do-it-yourselfers' needs are amply filled by Chilton's Auto Repair Manual, Chilton's Import Car Repair Manual, and Chilton's Truck and Van Repair Manual the most popular consumer auto repair manuals on the market. Updated each fall, these cover cars manufactured in the last four years -- 25% of all cars on the road. Chilton's Collector's Editions offer the same comprehensive coverage for older automobiles, both American and imported. These hardcover volumes offer a single source for valuable and hard-to-find information on car, truck, and van models.

Chilton's Auto Troubleshooting Guide Dec 15 2022

Chilton's Labor Guide Manual May 27 2021 Chilton has added another exciting product to their new Professional Series for the professional technician and the advanced do-it-yourselfer.

Building a Special with Ant Anstead Master Mechanic May 20 2023 Ant Anstead's Building a Special brings the Haynes story full circle, coming 61 years after the original Building a 750 Special was written by John Haynes, Haynes Publishing's founder, when he was still a schoolboy. This book is a TV tie-in, following the 12-part TV series Ant Anstead Master Mechanic, aired on Motor Trend, part of the Discover Network in the US and UK, following Ant Anstead's build of his own-design 'special' car, taking inspiration from the Alfa 158 - the first World Championship-winning F1 car, which raced from the 1930s until the 1950s. The 12-part TV series followed Ant's build of the car, from the first design ideas, through the construction, culminating in the debut of the car during the 2019 US Grand Prix weekend in Austin, Texas. The book follows Ant's personal build of the car, from the selection of the donor MG TD for the chassis, and Alfa Romeo Spider for the engine and gearbox, through modifying the chassis, building the suspension, steering, brakes, bodywork and interior, and putting all the components together to produce a finished one-off 'special.' Content includes: Introduction The history of specials Planning Donor car Chassis, suspension, steering, rear axle Engine, fuel system, cooling system, ancillaries, exhaust Gearbox Bodywork Braking system Cockpit Wiring Preparation and painting Testing Setting up and Making road legal.
