Modern American Remedies: Cases and Materials, Fifth Edition is highly respected for its original and logical conceptual framework, comprehensive coverage, excellent case selection, and authoritative and well-written notes. The text achieves a balance of public and private law, and teaches and critiques the basics of economic analysis as applied to remedies issues. New to the Fifth Edition: New co-author Richard L. Hasen, author of Remedies: Examples and Explanations, a problem-based study guide and secondary adoptable for the casebook Key legal developments through the Supreme Court's June 2018 decisions, including litigation surrounding President Trump's travel ban Updated material on cy pres settlements in anticipation of Frank v. Gaos, the Supreme Court case involving Google Recent case law regarding the Third Restatement's approach to unjust enrichment New, updated, or expanded notes on current issues, such as The rise of nationwide injunctions in challenges to federal policy Disputes over the scope of qualified immunity rules for government officials, especially police officers Donald Trump, Stormy Daniels, and Michael Cohen's business partner A new drafting assignment involving an injunction in a case of same-sex harassment in employment New principal cases: Commercial Real Estate Investment v. Comcast of Utah, on new approaches to liquidated damages Sunnyland Farms v. Central New Mexico Electric Coop, on proximate cause in tort and contract Brown v. Plata, on structural injunctions and reform of prisons Lord & Taylor v. White Flint, on specific performance of long term contracts Armstrong v. Exceptional Child Center, on implied rights of action and the federal equity power Bonina v. Sheppard, on measuring restitution from innocent defendants In re Hypnotic Taxi LLC, on the standards for pre-judgment attachments James v. National Financial, LLC, on unconscionability in consumer contracts Arizona Libertarian Party v. Reagan, on laches in election cases Professors and students will benefit from: Strong conceptual organization based on remedies categories—compensatory and punitive damages, injunctions, restitution, declaratory judgments, enforcement of judgments (contempt and collections), attorneys' fees, and remedial defenses—and in terms of daily teaching units of roughly equal length, each unit having a clear central theme Appropriate balance of public and private law Highly teachable and memorable cases, well edited and supported by informative and authoritative notes Coverage and critique of basic law and economics as applied to key remedies issues Plenty of information to support class discussion, case analysis, and applying concepts to varied fact patterns Teaching materials include: Cases and notes from previous editions omitted from the 5th Edition available online Annual Professor's Update or Supplement Excellent Teacher's Manual (as PDF or Word files), including: Introduction Transition Guide Designing the Remedies Course Introduction, daily teaching units, suggested assignment sheets Sample Syllabi for a 1, 2, 3, 4, or 5 hour course Suggestions for teaching the cases (all units, all chapters) Wrapping Up: An Overview Lecture Praised for its depth of content and its clarity of style, the 5th Edition carries on this tradition of excellence with an enhanced layout and new content on ethics and communication and the needs of the elderly. It also shows the importance of the underpinning sciences in the understanding of clinical medicine, and explains clearly and in a consistent style, the epidemiology, examination, differential diagnosis, investigations, and management of disease. The classic *Designing with Type* has been completely redesigned, with an updated format and full color throughout. New information and new images make this perennial best-seller an even more valuable tool for anyone interested in learning about typography. The fifth edition has been integrated with a convenient website, [www.designingwithtype.com](http://www.designingwithtype.com), where students and teachers can examine hundreds of design solutions and explore a world of typographic information. First published more than thirty-five years ago, *Designing with Type* has sold more than 250,000 copies—and this fully updated edition, with its new online resource, will educate and inspire a new generation of designers.

*The West in the World, Fifth Edition*, prompts students to take an active, analytical approach to understanding history and historical change. Readers will come to appreciate that history does not happen in isolation but rather is the consequence of a complex set of intersecting events, forces, and human actions among which there are cause-and-effect links that extend into the present day. As it compellingly tells the story of Western civilization, *The West in the World* encourages a critical examination and analysis of major events and themes. The fifth edition retains the medium length of previous editions, long enough to present a comprehensive, rich narrative but concise enough to give instructors the flexibility to supplement reading with other sources and books. The fifth edition of *The West in the World* includes the exciting addition of LearnSmart and SmartBook, McGraw-Hill's online adaptive learning and reading systems. LearnSmart and SmartBook are the only adaptive learning programs proven to improve performance. LearnSmart and SmartBook help students study more efficiently and retain more knowledge, allowing instructors to focus valuable class time on higher-level concepts.

**SUCCEED ON THE SAT WITH THE PRINCETON REVIEW.** Get targeted help for the Math section of the SAT with this top-rated guidebook. Includes reviews for exam topics, section-specific strategy help, and practice tests and drills. Designed for students specifically looking for extra help on the SAT quantitative section, this 5th edition of *The Princeton Review's Math Workout for the SAT* provides the review and practice needed for subject mastery. **Everything You Need to Know to Help Achieve a High Score.**

- Expert review of core math concepts for all problems on the SAT
- A comprehensive review of everything on the Math section, from algebra to statistics
- Step-by-step walk-throughs that demonstrate tips for each type of question, including Grid-Ins Techniques That Actually Work
- Tried-and-true tactics to help you avoid traps and master both the No Calculator and Calculator portions of the exam
- Tips for tackling tricky questions with elimination techniques
- Essential strategies to help you maximize your efficiency

**Practice Your Way to Excellence.**

- 310+ total practice questions with complete answer explanations
- 28 quick quizzes throughout the content chapters to help assess understanding
- 19 problem sets to help focus on strengths and weaknesses, including an online challenge section to really put you to the test
- Detailed answer explanations that showcase each skill and strategy

Back and better than ever, *Darby and Walsh's Dental Hygiene: Theory and Practice, 5th Edition* offers everything you need to succeed in your coursework, at certification, and in clinical practice. No other dental hygiene text incorporates the clinical skills, theory, and evidence-based practice in such an approachable way. All discussions — from foundational concepts to diagnosis to pain management — are presented within the context of a unique patient-centered model that takes the entire person into consideration. New to this fifth edition is a much more streamlined approach — one that stays focused on need-to-know information, yet also houses expanded content on things like alternative practice settings, pediatric care, risk assessment, and dental hygiene diagnosis to give you added context when needed. This edition is also filled with new modern illustrations and new clinical photos to augment your learning. If you want a better grasp of all the dental hygienist's roles and responsibilities in today's practice, *the Darby and Walsh's* renowned text is a must-have. Focus on research and evidence-base practice provide proven findings and practical applications for topics of interest in modern dental hygiene care. Step-by-step procedure boxes with accompanying illustrations, clinical photos, and rationales outline the equipment required and the steps involved in performing key procedures. Critical thinking exercises, cases, and scenarios help hone your application and problem-solving skills. Feature boxes highlight patient education, law, ethics, and safety. **UNIQUE!** Discussions of theory provide a solid foundation for practice. Key terms are called out within chapters and defined in glossary with cross-references to chapters. Practice quizzes enable you to self-assess your understanding. **NEW!** Streamlined approach focuses on the information you need to know along with the practical applications. **NEW!** Added content covers alternative practice settings, new infection control guidelines, pediatric care, risk assessment, dental hygiene diagnosis, the electronic health record (EHR), and more. **NEW!** Modern illustrations and updated clinical photos give you a better picture of how to perform essential skills and utilize clinical technology. **NEW!** Online procedures videos guide you step-by-step through core clinical skills. **NEW!** Editorial team brings a fresh perspective and more than 30 years of experience in dental hygiene education, practice, and research. Learn what's private online (not much)—and what to do about it! Version 5.0, updated May 28, 2024

Nearly everything you do say or do online can be recorded and scrutinized by advertisers, data brokers, and a long list of other people and organizations—often without your knowledge or consent. When your personal data falls into the wrong hands, you risk theft, embarrassment, and worse. But you can take steps to greatly improve your online privacy without sacrificing all your convenience. Nowadays, online privacy is extremely hard to come by. Corporations, governments, and scammers alike go out of their way to gather up massive amounts of your personal data. The situation feels bleak, but you have more control than you may realize. In this book, Joe Kissell helps you to develop a sensible, customized online privacy strategy. No matter what devices or operating systems you use, you'll find practical advice that ordinary people need to handle common privacy needs. The massively revised fifth edition of *Take Control of Your Online Privacy* is packed with information that helps you get a handle on current topics in online privacy, including data breaches, hardware bugs, quantum computing, two-factor authentication, how ads can track you, and much more. You'll receive savvy advice about topics such as these: Why worry? Find out who wants your private data, why they want it, and what that means to you. Determine your personal risk level, learn which privacy factors are most important to you, what you can and can't control, and what extra steps you can take if you're at a high risk of being personally targeted. Hear some good news (five steps you could take that would massively increase your online privacy)...and some bad news (why some of those steps may be difficult or infeasible). Remove personal information from Google and data brokers, though the process comes with limitations and gotchas. Discover Apple-Specific Privacy Features for users of Macs, iPhones, and iPads. Manage your internet connection: Secure your Wi-Fi network and keep your data from leaking out. Find advice on why and when to use a VPN or a network-connected privacy appliance, plus why you should be skeptical of VPN reviews. Browse and search the web: Avoid bogus websites, control your cookies and history, block ads, browse and search anonymously, and find out who is tracking you. Send and receive email: Find out how your email could be intercepted, learn techniques for encrypting email when necessary, get tips for sending email anonymously, and know when email is not the best way to communicate. Watch your social media: Understand the risks of sharing personal information online (especially on Facebook!), tweak your settings, and consider common-sense precautions. Talk and chat online: Consider to what extent any phone call, text message, or online chat is private, and find tips for enhancing privacy when using these channels. Protect your smart devices: Address privacy issues with "Internet of Things" devices like smart TVs, smart speakers, and home automation gear. Think mobile: Ponder topics like supercookies, location reporting, photo storage, spear phishing, and more as you decide how to handle privacy for a mobile phone or tablet. Help your children: As a parent, you may want to take extra steps to protect your children's privacy. Find a few key tips to keep in mind.

*The History of Texas* is fully revised and updated in this fifth edition to reflect the latest scholarship in its coverage of Texas history from the pre-Columbian era to the present. Fully revised to reflect the most recent scholarly findings Offers extensive coverage of twentieth-century Texas history Includes an overview of Texas history up to the Election of 2012 Provides online resources for students and instructors, including a test bank, maps, presentation slides, and more

*Physical Activity and Health, Fifth Edition* offers expert knowledge based on the latest scientific evidence from physical activity and health research along with a variety of instructive elements that assist and encourage students in developing a personalized physical activity and health plan. The goal of the book is to introduce concepts and to develop the skills and interest to make physical activity a life-long habit. This text equips students with the information, skills, and practical know-how to gain control of their health and decide what to do and how and when to do it. Based on the fifth edition of Kaplin and Lee's indispensable guide to the law that bears on the conduct of higher education, *The Law of Higher*

Education, Fifth Edition: Student Version provides an up-to-date textbook, reference, and guide for coursework in higher education law and programs preparing higher education administrators for leadership roles. The Student Version includes the materials from the full fifth edition that most relate to student interests and are most suitable for classroom instruction. For example: The evolution of higher education law and governance Legal planning and dispute resolution The relationship between law and policy Faculty and staff employment issues, including collective bargaining Academic freedom for faculty and students Copyright basics The contract rights of students Legal issues in online education The rights of students and faculty with disabilities Campus issues: safety, registered sex offenders, racial and sexual harassment, student suicide, campus computer networks, searches of students' residence hall rooms Hate speech and freedom of speech, including the rights of faculty and students in public universities Student organizations' rights, responsibilities, and activities fees Governmental support for religious institutions and religious autonomy rights of individuals in public institutions Nondiscrimination and affirmative action in employment, admissions, and financial aid Athletics and Title IX FERPA (Family Educational Rights and Privacy Act) Each chapter is introduced with an overview of key terms and ideas the students will encounter. In addition, the book includes a general introduction to the study of higher education law, a glossary of key legal terms, and appendices for non-law students on the American court system and on how to read court opinions. The authors have also prepared a volume of teaching materials keyed to the Student Version, available from the National Association of College and University Attorneys (NACUA). In addition, the authors will periodically update the Student Version by posting recent developments on a Web site hosted by NACUA. Introduction to Research Methods contains everything from developing an initial idea into a proposal, through to analysing data and reporting results. Whether you have to undertake a project as part of your coursework, or as part of your employment, or simply because you are fascinated by something you have observed and want to find out more, this book offers you advice on how to turn your ideas into a workable project. Specifically it will show you how to: \*Choose your research methods \*Choose your participants \*Prepare a research proposal \*Construct questionnaires \*Conduct interviews and focus groups \*Analyse your data \*Report your findings \*Be an ethical researcher Your Last-Minute Guide to a High GRE Score! This eBook edition is formatted for on-screen viewing with cross-linked questions, answers, and explanations. If the big test is looming and you haven't opened a book yet, then here's your last-minute reprieve: a GRE book designed for the student who's running out of time. Crash Course for the GRE details the most critical tools and rules you need to help you get a high score with limited prep time. By following the 10 simple steps in this book, you'll be on the way to your best score. Everything You Need to Know to Help Achieve a High Score—Condensed. Concise, expert reviews of all question types you'll see on the test · Up-to-date information on the GRE · Essential, targeted strategies and exercises for each section of the exam Practice Your Way to Perfection. · Math and verbal drills with detailed answer explanations · In-depth instructions for writing high-scoring essays · Quick practice questions in every chapter The fifth edition of the Essential of Food Science text continues its approach of presenting the essential information of food chemistry, food technology, and food preparations while providing a single source of information for the non-major food science student. This latest edition includes new discussions of food quality and new presentations of information around biotechnology and genetically modified foods. Also new in this edition is a discussion of the Food Safety Modernization Act (FSMA), a comparison chart for Halal and Kosher foods and introductions to newly popular products like pea starch and the various plant-based meat analogues that are now available commercially and for household use. Each chapter ends with a glossary of terms, references, and a bibliography. The popular "Culinary Alert!" features are scattered throughout the text and provide suggestions for the reader to easily apply the information in the text to his or her cooking application. Appendices at the end of the book include a variety of current topics such as Processed Foods, Biotechnology, Genetically Modified Foods, Functional Foods, Nutraceuticals, Phytochemicals, Medical Foods, and a Brief History of Foods Guides including USDA ChooseMyPlate.gov. V.A. Vaclavik, Ph.D., RD. has taught classes in nutrition, food science and management and culinary arts for over 25 years at the college level in Dallas, Texas. She is a graduate of Cornell University, human nutrition and food; Purdue University, restaurant, hotel, institution management; and Texas Woman's University, institution management and food science. Elizabeth Christian, Ph.D. has been an adjunct faculty member at Texas Woman's University for more than 25 years, teaching both face-to-face and online classes in the Nutrition and Food Science department. She obtained her B.S. and her PhD. In Food Science from Leeds University, England, and then worked as a research scientist at the Hannah Dairy Research Institute in Scotland for Five years before moving to the United States. Tad Campbell, MCN, RDN, LD is a clinical instructor at The University of Texas Southwestern Medical Center at Dallas, where he teaches Food Science and Technology as well as other nutrition courses in the Master of Clinical Nutrition – Coordinated Program. He holds a Bachelor of Business Administration degree from Baylor University as well as a Master of Clinical Nutrition from UT Southwestern where he studied Food Science under Dr. Vickie Vaclavik. Written in a style that speaks directly to today's teacher, The Ethics of Teaching, Fifth Edition uses realistic case studies of day-to-day ethical dilemmas. The book covers such topics as: punishment and due process intellectual freedom equal treatment of students multiculturalism religious differences democracy teacher burnout professional conduct parental rights child abuse/neglect sexual harassment. '... definitely the best revision guides on the market.' Nayiri Keshishi, law student Tried and tested by undergraduate law students across the UK. 94% of students polled agree that Law Express helps them to revise effectively and take exams with confidence. Make your answer stand out with Law Express, the UK's bestselling law revision series. Review the key cases, statutes and legal terms you need to know for your exam. Improve your exam performance with helpful advice on effective revision. Maximise your marks with tips for advanced thinking and further debate. Avoid losing marks by understanding common pitfalls. Practise answering sample questions and find guidance for structuring strong answers. Hone your exam technique further with additional study materials on the companion website. For senior-level undergraduate and first and second year graduate systems engineering and related courses. A total life-cycle approach to systems and their analysis. This practical introduction to systems engineering and analysis provides the concepts, methodologies, models, and tools needed to understand and implement a total life-cycle approach to systems and their analysis. The authors focus first on the process of bringing systems into being—beginning with the identification of a need and extending that need through requirements determination, functional analysis and allocation, design synthesis, evaluation, and validation, operation and support, phase-out, and disposal. Next, the authors discuss the improvement of systems currently in being, showing that by employing the iterative process of analysis, evaluation, feedback, and modification, most systems in existence can be improved in their affordability, effectiveness, and stakeholder satisfaction. Free instructor resources Free instructor resources including an instructor's solution manual and image powerpoints are available via this link. These resources are only available for Systems Engineering and Analysis, 5th Edition. No instructor resources are available for the Systems Engineering and Analysis Pearson New International Edition, 5th Edition The full text downloaded to your computer With eBooks you can: search for key concepts, words and phrases make highlights and notes as you study share your notes with friends eBooks are downloaded to your computer and accessible either offline through the Bookshelf (available as a free download), available online and also via the iPad and Android apps. Upon purchase, you'll gain instant access to this eBook. Time limit The eBooks products do not have an expiry date. You will continue to access your digital ebook products whilst you have your Bookshelf installed. Highly recommended." —Joel Friedlander, The Book Designer "...a must-read for anyone thinking about publishing their own works. She's a great friend to the indie community and provides this valuable resource as a gift of love." —Robin Cutler, Director of IngramSpark This 2020 5th

edition of the Self-Publishing Boot Camp Guide for Independent Authors offers advice on marketing, editing, design, book production, and business author needs. It's meant for authors willing to do the work to create a readership and make real money from their books. It's meant for authors who want to do it all themselves and for those who want to hire out all or part of the tasks toward publishing. Authors who wish to set up a business as a small press will also benefit from the processes spelled out here. From beta publishing to distribution to media relations, authors will learn how to set a foundation for success from the idea stage to a quality, finished book. The step-by-step process includes recommendations for self-publishing products, tools, and services from reputable companies that are proven and trusted to help authors succeed. Reader's updates keep authors abreast of new offerings and changes in the self-publishing industry. Carla King has more than twenty years of experience as a writer, self-publisher, web developer, and book consultant. She started self-publishing in 1995 as a technology and travel writer. In 2010, she founded the Self-Publishing Boot Camp series of books, workshops, and online courses. She has been connected with the Silicon Valley self-publishing technology industry from its inception and has served as a trusted advisor to authors eager to use the tools to reach readers.

Prepare for your future nursing career with *Essentials of Pathophysiology: Concepts of Altered Health States*. This clear, readable, and student-friendly text delivers "need to know" disease content along with the essential foundation in science that students need to succeed in their future careers. Approaching the topic as an exploration of pathophysiology, the book relates normal body functioning to the physiologic changes that occur as a result of disease and provides concise yet complete coverage of how the body works. The Fifth Edition, which is based on the comprehensive Porth's *Pathophysiology*, 10th edition, includes a dynamic art program, unit-opening case studies, and lifespan content threaded throughout. 3D animations online and a brilliant art program enhance the learning experience. Key benefits of *Essentials of Pathophysiology* include: Unit Opening Case Studies prepare students for clinical practice and put a real face on pathophysiology and help relate the clinical presentation to the underlying pathophysiology. "Chunked" content, including learning outcomes and summary statements, encourages students to pause to review salient points. Full-color Art increases understanding of key concepts showing the clinical manifestations of diseases and disease processes. Lab References are easily accessible with lists of common suffixes and prefixes, normal laboratory values in both conventional and SI units, and a comprehensive glossary. Narrated Animations, available on thePoint, bring to life the most clinically relevant and difficult to understand disorders. The leading content is also incorporated into Lippincott CoursePoint, a dynamic learning solution that integrates this book's curriculum, adaptive learning tools, and real-time data reporting into one powerful student learning experience. From award-winning author Karen Kearns, *The Big Picture, 5e* is written to support training delivery in CHC30113 Certificate III in Early Childhood Education and Care. It provides students with a practical introduction to working in a children's service environment, while helping to bridge the gap between theory and best practice. It is designed to address the relevant units of competency in a holistic and integrated way while covering the skills and knowledge students need to be deemed competent in this qualification. The text also examines the personal and professional skills needed to be an effective early childhood educator. Students are introduced to the Early Childhood Australia Code of Ethics and the challenges faced by educators when working with families and children. In addition, Kearns emphasises the importance of knowing the traditional domains of early education and development, and links them to the Early Years Learning Framework (EYLF) and the National Quality Standards (NQS). *The Big Picture, 5e* is a highly visual and engaging text for students, or anyone wanting to undertake study in Early Childhood Education and Care. Premium online teaching and learning tools are available on the MindTap platform. Learn more about the online tools [cengage.com.au/mindtap](http://cengage.com.au/mindtap)

A complete, accessible, evidence-based guide to better teaching in higher education This higher education playbook provides a wealth of research-backed practices for nearly every aspect of effective teaching throughout higher education. It is filled with practical guidance and proven techniques designed to help you improve student learning, both face-to-face and online. Already a bestselling research-based toolbox written for college instructors of any experience level, *Teaching at Its Best* just got even better. What is new? A lot. For this updated 5th edition, Todd Zakrajsek joins Linda Nilson to create a powerful collaboration, drawing on nearly 90 combined years as internationally recognized faculty developers and faculty members. One of the most comprehensive books on effective teaching and learning, the 5th edition of *Teaching at its Best* brings new concepts, new research, and additional perspectives to teaching in higher education. In this book, you will find helpful advice on active learning, interactive lecturing, self-regulated learning, the science of learning, giving and receiving feedback, and so much more. Each chapter has been revised where necessary to reflect current higher education pedagogy and now includes two reflection questions and one application prompt to reflect on your teaching and stimulate peer discussions. Discover the value of course design and how to write effective learning outcomes Learn which educational technology is worthwhile and which is a waste of time Create a welcoming classroom environment that boosts motivation Explore detailed explanations of techniques, formats, activities, and exercises—both in person and online Enjoy reading about teaching strategies and educational concepts Whether used as a resource for new and seasoned faculty, a guide for teaching assistants, or a tool to facilitate faculty development, this research-based book is highly regarded across all institutional types. Whatever information you want, Find It Fast will tell you, step by step, how to track it down, whether it's consumer advice, information for your job or project, facts for starting a new business, or answers to questions on obscure topics. Newly revised, the bestselling book gives expert advice on how to locate the best information sources, how to find and utilize the professionals behind those sources, and how to combine these techniques to complete an information search on any subject. Fully revised and updated, this 5th edition includes hundreds of new web addresses—the "Best of the Best" for researchers— and reveals how to evaluate internet sources for reliability. You'll also find expert advice on: How to use search engines for fast facts and precise searches How to avoid "Information Overload," the bane of today's researcher How to tap into the huge storehouse of data available online from the U.S. government and from business sources When and why it's still critical to use your library And much more In its 5th edition *International Marketing* guides students to understand the importance of international marketing for companies of every size and how going international can enhance value and growth. It provides a solid understanding of the key principles and practices of international marketing. The text has been thoroughly updated to reflect the most recent developments in the current business environment and encourages students to critically engage with the content within the context of modern life. Key Features: - A new chapter dedicated to Digital and Social Media Marketing - Fully updated pedagogy, including 'Going International' vignettes and End of Chapter questions - Brand new examples and case studies from global and innovative companies including Red Bull, Gillette and Audi - Now includes Interactive activities, Testbank questions and Quizzes available on Connect®

*International Marketing* is available with McGraw Hill's Connect®, the online learning platform that features resources to help faculty and institutions improve student outcomes and course delivery efficiency. "International Marketing continues to be an essential subject in any business or management degree. Ghauri and Cateora's book, now in its fifth edition, provides a most up-to-date and authentic evolution of the subject." George S. Yip, Emeritus Professor of Marketing and Strategy, Imperial College Business School. Professor Pervez Ghauri teaches International Business at Birmingham Business School. He is Founding Editor for *International Business Review* (IBR) and Consulting Editor for *Journal of International Business Studies* (JIBS). Philip R. Cateora is Professor Emeritus at the University of Colorado. His teaching spanned a range of courses in marketing and international business from fundamentals through to doctoral level. *Birth to Big School* is designed to support the Certificate III in Early Childhood Education and Care in a holistic and integrated way while addressing the relevant units of the Training Package, and mapping is available to link content to units. The text emphasises the importance of knowing the traditional domains of development and links them to the Early Years Learning Framework (EYLF) and the National Quality Standards (NQS) by using down-to-earth practical examples. Questions enable students to check their understanding of the content and provide a reference point to the NQS. Premium online teaching and learning tools are available on the MindTap platform.
