This fully updated Textbook for Pearson Edexcel A-level Politics will help your students develop a critical understanding of the latest developments in UK Government and Politics. This trusted textbook by Neil McNaughton, revised by Toby Cooper, is specially designed to reflect the Edexcel specification and help your students approach complex topics with confidence. This Student Textbook: - Comprehensively covers Government of the UK and Politics of the UK, including the 2019 General Election and the Brexit process - Places recent developments in a historical context throughout to show the influence of political history on current events - Builds your confidence by highlighting key terms and explaining synoptic links between different topics in the specification - Develops your analysis and evaluation skills through debates and practice questions - Provides answer guidance for practice questions online at www.hoddereducation.co.uk Hodder Education textbooks covering the Core and Non-Core Political Ideas are available to complete your students' studies for Components 1 and 2 of the Pearson Edexcel specification. Core and Non-Core Political Ideas are compulsory elements of Components 1 and 2. This book describes a great change in the interest groups in American politics and includes analysis of the legal limits of non-profit politics. It examines the effects of the new Democratic majorities on partisan lobbying, political action committee spending. This introduction to comparative politics contains theoretical chapters that explore the 'purpose of government'. The theoretical section is followed by 12 individual country studies. This classic introduction to the Japanese political system has been revised and updated to take the account of

a time of turmoil in the country's political life. It incorporates new coverage of the end of the Koizumi era, the brief and troubled premiership of Abe, and the selection of Fukuda as prime minister. This edition also includes expanded material on "bubble" and "post-bubble" economic developments, as well as all-new coverage of health care policy. The text opens with an overview of Japan's geographical setting and history. The next group of chapters covers political institutions, processes, and actors. Two sections then address the country's distinctive social order and economy, educational, healthcare, and public safety systems. Part five looks at the increasingly contentious realm of foreign relations and security issues, including China's expanding role and the issue of North Korea. A concluding section considers dynamics of change in Japanese politics. A textbook your students will want to read. "If you would like students to understand hard political concepts, this work makes it accessible for them. By using pop culture, we can open ideological ideas and students are not bound by their own preconceived ideas."

—Leah Murray, Weber State University A Novel Approach to Politics turns the conventional textbook wisdom on its head by using pop culture references to illustrate key concepts and cover recent political events. Adopters of previous editions are thanking author Douglas A. Van Belle for some of their best student evaluations to date. With this Sixth Edition, Van Belle brings the book fully up-to-date with current events and policy debates, international happenings, and other assorted 'intergalactic' matters. Van Belle tackles the most tumultuous political periods in recent history head-on, encouraging students to engage with ideas, arguments, and information that makes them uncomfortable. Employing a wide range of references from Brooklyn Nine-Nine to The Good Place to Ready Player One, students are given a solid grounding in institutions, ideology, and economics. To keep things grounded, the textbook nuts and bolts are still there to aid students, including chapter objectives, chapter summaries, bolded key terms, and discussion questions. Included with this title: The password-protected Instructor Resource Site (formally known as SAGE Edge) offers access to all text-specific resources, including a test bank and editable, chapter-specific PowerPoint® slides. In Texas, myth often clashes with the reality of everyday government. Explore the state's rich political tradition with Lone Star Politics as the author team explains who gets what and how. Utilizing a comparative approach, the authors set Texas in context with other states' constitutions, policymaking, electoral practices, and institutions as they delve into the evolution of its politics. Critical thinking questions and unvarnished "Winners and Losers" discussions guide students toward understanding Texas government and assessing the state's political landscape. The highly anticipated Seventh Edition includes coverage of the state's response to the COVID pandemic, brand new chapter-level learning objectives, updated demographic and immigration statistics, and new Discussion Starter questions to help in-class discussion on critical policy debates. Digital Option / Courseware SAGE Vantage is an intuitive digital platform that delivers this text's content and course materials in a learning experience that offers auto-graded assignments and interactive multimedia tools, all carefully designed to ignite student engagement and drive critical thinking. Built with you and your students in mind, it offers simple course set-up and enables students to better prepare for class. Assignable Video with Assessment Assignable video (available with SAGE Vantage) is tied to learning objectives and curated exclusively for this text to bring concepts to life. LMS Cartridge: Import this title's instructor resources into your school's learning management system (LMS) and save time. Don't use an LMS? You can still access all of the same online resources for this title via the password-protected Instructor Resource Site. CQ Press Lecture Spark: Designed to save you time and ignite student engagement, these free weekly lecture launchers focus on current event topics tied to key concepts in American Government. Religion and politics are never far from the headlines, but their relationship remains complex and

often confusing. In this fifth edition of *Religion and Politics in America*, the authors offer a lively, accessible, and balanced treatment of religion in American politics. They explore the historical, cultural, and legal contexts that underlie religious political engagement while also highlighting the pragmatic and strategic political realities that religious organizations and people face. Incorporating the best and most up-to-date scholarship, the authors assess the politics of Roman Catholics; evangelical, mainline, and African American Protestants; Jews; Muslims and other conventional and not-so-conventional American religious movements. The author team also examines important subjects concerning religion and its relationship to gender, race/ethnicity, and class. The fifth edition has been revised to include the 2012 elections, in particular Mitt Romney's candidacy and Mormonism, as well as a fuller assessment of the role of religion in President Obama's first term. In-depth treatment of core topics, contemporary case studies, and useful focus-study boxes, provides students with a real understanding of how religion and politics relate in practice and makes this fifth edition essential reading for courses in political science, religion, and sociology departments. The Fifth Edition of *American Politics Today* is designed to show students the reality of politics today and how it connects to their own lives. New features--from chapter opening cases that address the kinds of questions students ask, to full-page graphics that illustrate key political processes--show students how politics works and why it matters. All components of the learning package--textbook, InQuizitive adaptive learning tool, and coursepack--are organized around specific chapter learning goals to ensure that students learn the nuts and bolts of American government. This book develops an approach to international political economy that focuses on culture. It examines Chilean communication scholarship as it developed under shifting political regimes and changing international political economic relations. Also examined is the importance of agency and culture in the political processes of building and challenging transnational hegemony, emphasizing the role of intellectuals. Following the epic, contentious 2016 presidential election, Joel Spring's ongoing documentation and analysis of political agendas for education reflect the major political issues since 2012. Here he examines the 2016 education planks of the Republican, Democratic, Libertarian, and Green Parties, using their official platforms and other statements, speeches given by each candidate, and media reports and publications. Each party's position is linked to previous political movements in education. Spring offers an alternative agenda for American schools, including a proposed education amendment to the U.S. Constitution and replacing human capital agendas with goals emphasizing education for a long life and happiness. Taking a fresh look at the social and political forces, educational research, and ideologies shaping their educational agendas and a comparative approach, the book stimulates reflection and discussion. Updates and changes in the Sixth Edition: Betsy DeVos's education agenda supporting vouchers, free market competition and for-profit schools and its relationship to the education section of the 2016 Republican platform The important role religion and culture played in the evolution of Republican education policies after the school prayer and Bible decisions of the 1960s The influence of human capital economics on Democratic education proposals How No Child Left Behind and Democratic President Barack Obama opened doors to the growth of the for-profit education industry and investment bankers The 2016 Democratic positions on the cost of higher education and student loan debts The Democratic left as represented by the 2016 campaign of Democrat Bernie Sanders and his influence on the presidential candidate Hillary Clinton and the Democratic Party platform The education proposals of the Green and Libertarian parties A Novel Approach to Politics turns conventional textbook wisdom on its head by using pop culture references to illustrate key concepts and cover recent political events. This is a textbook students want to read. Adopters of previous editions from schools all over the country are thanking author

Douglas A. Van Belle for some of their best student evaluations to date. With this Fifth Edition, Van Belle brings the book fully up to date with recent events such as Trump's executive orders on immigration, the 2016 elections in the US, current policy debates including recent court decisions that may affect gerrymandering, international happenings such as Brexit, and other assorted intergalactic matters. Van Belle adds a wealth of new and recent movies and books to the text as he illustrates key concepts in political science through examples that captivate students. Employing a wide range of references from 1984 to Game of Thrones to House of Cards, students are given a solid foundation in institutions, ideology, and economics. To keep things grounded, the textbook nuts and bolts are still there to aid students, including chapter objectives, chapter summaries, bolded key terms, and discussion questions. Give your students the SAGE edge! SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review, study, and further exploration, keeping both instructors and students on the cutting edge of teaching and learning. Learn more at edge.sagepub.com/vanbelle5e. Now in its fifth edition, this title has been fully revised and updated in the light of recent developments in world politics, with new chapters on the changing nature of war, human security, and international ethics. "A thorough yet concise overview of California institutions, politics, and initiative process, grounded in an overview of California's political culture." —Ronnee Schreiber, San Diego State University The thoroughly revised Fifth Edition of *California Politics: A Primer* concisely explains how California's history, political culture, rules, and institutions come together to shape politics today and how they will determine the state of affairs tomorrow. Author Renee B. Van Vechten begins with a brief political history of California, then walks through direct democracy, the legislature, executive branch, and court system. She covers local government and concludes with a discussion of the state's budget process, campaigns and elections, political engagement, and policy issues. From the structure of the state's government to its local representatives, policies, and voter participation, *California Politics: A Primer* delivers the concepts and details students need. New to the Fifth Edition An emphasis on California's place in the federal system provides students with context around the state leadership's resistance to Trump administration policies on things like California's sanctuary state status, immigration, the environment, and more. Increased coverage of policy topics throughout the book helps students see how recent policy has impacted issues such as greenhouse gas emissions regulations, attempted "fixes" for water- and drought-related issues, new transportation projects, and prison reform. Extended discussions of elections-related innovations introduce students to recent elections-related topics such as the Top-Two Primary, efforts to increase voter registration, all vote-by-mail elections, and redistricting. New coverage of the "Five Californias" gives students a better understanding of California's political geography and how distinct segments of the population are primed for political engagement or disaffection. New lists of key terms with clear definitions at the end of each chapter enable students to review the content more effectively. New and updated maps and graphics depict important topics such as California's newly proposed high-speed rail project. Instructors, sign in at study.sagepub.com/california5e to access test banks built on Bloom's Taxonomy; editable, chapter-specific PowerPoint® slides; a set of all the graphics from the text; and more! "Pollock and Edwards explain the nuts-and-bolts of research design and data analysis in a clear and concise style. The *Essential of Political Analysis* is an intuitive introduction to complex material, replete with examples from the political science literature that add relevance to statistical concepts. This text offers students an excellent balance between the technical and the practical." —Francis Neely, San Francisco State University Gain the skills you need to conduct political analysis and critically assess statistical research. In this Sixth Edition of *The Essentials of*

Political Science, bestselling authors Philip H. Pollock III and Barry C. Edwards build students' analytic abilities and develop their statistical reasoning with new data, fresh exercises, and accessible examples. This brief, accessible guide walks students through the essentials—measuring concepts, formulating and testing hypotheses, describing variables—while using key terms, chapter-opening objectives, over 80 tables and figures, and practical exercises to get them using and applying their new skills. Using SPSS, STATA or R? Discounted package deals available with Philip H. Pollock's companion workbooks. . Give your students the SAGE edge! SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review, study, and further exploration, keeping both instructors and students on the cutting edge of teaching and learning. In the third edition of this title, the author offers a broad critical preface to the relationship between politics, the media and democracy in the UK and other contemporary societies. Broadly viewing the global economy as a political competition that produces winners and losers, International Political Economy holistically and accessibly introduces the field of IPE to students with limited background in political theory, history, and economics. This text surveys major interests and institutions and examines how state and non-state actors pursue wealth and power. Emphasizing fundamental economic concepts as well as the interplay between domestic and international politics, International Political Economy not only explains how the global economy works; it also encourages students to think critically about how economic policy is made in the context of globalization. New to the 6th Edition Covers economic impacts of 2016 electoral events including new Trump administration initiatives related to TPP and NAFTA; UK and Brexit, and the European populist wave. Examines the global financial crisis, EU debt crisis, capital inflows, and development failures. Probes the death of the Doha Round and explores individual trade preferences, WTO dispute settlement, and other trade-related policies and proposals. Considers the question of the Chinese Renminbi as a global currency to displace the dollar. Nevada's politics are in large measure the result of its turbulent history and harsh environment. Michael W. Bowers's concise volume explains the dynamics of the state's political formation process, which is strikingly unique among the fifty states. Even today, Nevada is unlike the other states in its politics and culture: economically right, yet libertarian and home to widespread gaming and a 24/7 industry. It has a high percentage of federally owned lands and one of the highest rates of urbanism in the United States, yet is often dominated by rural legislators. This comprehensive and insightful explanation discusses how Nevada's history has shaped its political culture, and how its government operates today. The Sagebrush State serves as a highly readable and accessible text for the study of Nevada's political history and constitution, which is a graduation requirement at the state's colleges and universities. The sixth edition is updated through 2020 and includes the latest changes in the selection process of municipal court judges in the state, the resurgence of the Democrats after their losses in 2016, and the full text of the state constitution with extensive annotations of all amendments to the original 1864 document. It also examines the effects of the COVID-19 pandemic and the resulting economic downturn on the state's budget. Health Policy and Politics: A Nurse's Guide, Fifth Edition encompasses the entire health policy process from agenda setting through policy and program evaluation. This is an essential text for both graduate and undergraduate students. The Fifth Edition includes expanded information on the breadth of policy making and includes the impact of social media, economics, finance and other timely topics. The authors draw from their experience and provide concrete examples of real-life situations that help students understand the link between policy theory and political action. New to the Fifth Edition: Updated case studies involve the reader in making the connection between theory and active participation in policy making New chapter on inter-professional practice,

education, and research Reference to the Affordable Care Act and other laws that affect the health care of consumers and the organization of health care system Expanded content on economics and finance New co Now in its sixth edition, *Politics of Latin America: The Power Game* explores both the evolution and the current state of the political scene in Latin America. This text demonstrates a nuanced sensitivity to the use and abuse of power and the importance of social conditions, gender, race, globalization, and political economy throughout the region. It is uniquely divided into two parts: one that treats big-picture, thematic questions, and one that focuses on particular countries through case studies of ten representative nations: Guatemala, Mexico, Cuba, Brazil, Argentina, Chile, Venezuela, Colombia, Nicaragua, and Bolivia Covering global threats such as climate change, population growth, and loss of biodiversity, as well as national, state, and local problems of environmental pollution, energy use, and natural resource use and conservation, *Environmental Policy and Politics* provides a comprehensive overview of U.S. policy-making processes, the legislative and administrative settings for policy decisions, the role of interest groups and public opinion in environmental politics, and the public policies that result. It helps readers understand modern environmental policy and its implications, including the need for a comprehensive and integrated approach to problem solving. *Health Policy and Politics: A Nurse's Guide* 6th Edition Each new print copy includes Navigate 2 Advantage Access that unlocks a comprehensive and interactive eBook, student practice activities and assessments, a full suite of instructor resources, and learning analytics reporting tools. *Health Policy and Politics: A Nurse's Guide, Sixth Edition* encompasses the entire health policy process from agenda setting through policy and program evaluation. This is an essential text for both graduate and undergraduate students. The Sixth Edition features expanded information on the breadth of policy making and includes the impact of social media, economics, finance and other timely topics. The authors draw from their extensive experience and provides concrete examples of real life situations that help students understand the link between nursing, policy theory and political action. New to the Sixth Edition: Updated theory content across all chapters New case studies reflect current issues Discussion Points connect theory to practice New chapter focused on how students can become involved in the policy process *The Challenge of Politics* introduces students to the fundamental questions of political science. With a distinctive normative approach that portrays politics as a potentially humanizing enterprise, authors Neal Riemer, Douglas W. Simon and Joseph Romance equip readers to recognize major forms of government, evaluate research findings, and understand how policy issues directly affect people's lives. This comprehensive text balances classic and contemporary political theory with current events and empirical study. The Fifth Edition is fully revised to reflect recent national and international developments, including a new chapter on American Politics and Government. The freshest, most contemporary introduction to comparative politics. *Essentials of Comparative Politics* introduces students to the concepts that political scientists use to study and compare political systems and the particulars of specific political systems. The Fourth Edition has been revised and updated to include the most current and relevant examples and scholarship. The text is available with a corresponding casebook of 13 country studies and a corresponding reader; the three components can be used individually or in any combination. Fully revised and updated, the second edition of *Introduction to Global Politics* places an increased emphasis on the themes of continuity and change. It continues to explain global politics using an historical approach, firmly linking history with the events of today. By integrating theory and political practice at individual, state, and global levels, students are introduced to key developments in global politics, helping them make sense of major trends that are shaping our world. This is a highly illustrated textbook with informative and interactive boxed material throughout. Chapter opening timelines contextualise the material that

follows, and definitions of key terms are provided in a glossary at the end of the book. Every chapter ends with student activities, cultural materials, and annotated suggestions for further reading that now include websites. Key updates for this edition: New chapter on 'The causes of war and the changing nature of violence in global politics' New chapter on 'Technology and global politics' Enhanced coverage of theory including post-positivist theories Uses 'levels of analysis' framework throughout the text New material on the financial crisis, BRIC and Iran Introduction to Global Politics continues to be essential reading for students of political science, global politics and international relations. Thoroughly updated in its fifth edition, *World Politics in a New Era* is a comprehensive and thought-provoking text for introductory courses on world politics. Reflecting the changes that have occurred worldwide since the collapse of the Berlin Wall—including recent upheavals in the financial sphere—the book integrates coverage of the competing threads of globalization and fragmentation, examining how they tangle and weave through studies of global politics, economics, and culture. *World Politics in a New Era, Fifth Edition*, provides a uniquely in-depth treatment of the field by introducing key contemporary issues with theory; supporting these issues with historical context; and giving students the analytical tools to apply the theories to current issues. It introduces the major theories used to explain international relations—realism, liberalism, constructivism, and a few select alternatives—in Chapter 2, providing students with a primer on the topic. Discussions of these theories are then incorporated into the narrative throughout the text, creating a useful framework for analysis. Extensive historical coverage in four chapters (3-6) reviews key events in world politics from the Peace of Westphalia in 1648 to the present, offering students the best context to fully comprehend the modern political stage. Chapters 7-14 cover key topics in contemporary world politics: security, trade and investment, development, human and resource issues, global governance, and ethics. FEATURES: * "At a Glance" text boxes apply the theories and levels of analysis—individual, domestic, and systemic—to each chapter's theme * "What Would You Do" boxes profile real-life events, asking students to play the role of a world leader/decision maker and propose a solution that takes into account the many complexities of world politics * "Spotlight" features in every chapter highlight interesting people, places, and situations; discuss important international events and colorful personalities in greater depth; or focus on specific facets of complex conflicts or theories NEW TO THIS EDITION: * Thoroughly updated to reflect the economic crisis, the changing security environment, data on issues in population, migration, and health, and more * Refines the discussion of constructivism, emphasizing that its significance equals that of realism and liberalism * Explains (in the four history chapters) how specific events were chosen for study and why history itself is important SUPPLEMENTS: * A Companion Website at www.oup.com/us/spiegel offers substantial review materials for students and password-protected resources for instructors * Instructor's Resource Manual with Test Bank * Computerized Test Bank * PowerPoint-based slides * Instructor's Resource CD including the Instructor's Resource Manual with Test Bank, the Computerized Test Bank, the PowerPoint-based slides, and graphics from the text The fifth edition of this well-regarded text covers the period up through the 2012 elections. It has been revised to make it sleeker, more concise, and up-to-date with a clear organisational structure. This edition accomplishes these three important goals: First, it introduces readers to the American approach to public policy making as it has been shaped by our political institutions, changing circumstances, and ideology. Second, it surveys American public policy and policymaking in all the major policy areas from economic policy to health care policy to environmental policy, and does so clearly and even-handedly, with well-selected illustrations, case studies, terms, and study questions. Finally, in addition to providing analytical tools and empirical information, the book challenges readers to come to

terms with the widely shared but often competing values that must be balanced and rebalanced in the ongoing policy making process, affecting issues of the highest concern to the American public. International Human Rights examines the ways in which states and other international actors have addressed human rights since the end of World War II. This unique textbook features substantial attention to theory, history, international and regional institutions, and the role of transnational actors in the protection and promotion of human rights. Its purpose is to explore the difficult and contentious politics of human rights, and how those political dimensions have been addressed at the national, regional, and especially international levels. The fifth edition is substantially updated, rewritten, and revised throughout, including updates on multilateral institutions (especially the UN's Universal Periodic Review process and the Human Rights Council's Special Procedures mechanisms), regional systems, human rights in foreign policy (including a specific chapter on U.S. foreign policy), humanitarian intervention and the "responsibility to protect," and (anti)terrorism and human rights. The book also includes a new chapter on the unity (indivisibility) of human rights. Chapters include discussion questions, case studies for in-depth examination of topics (including new case studies on the U.N. Special Procedures, Myanmar, and Israeli settlements in West-Bank Palestine), and ten "problems" (including new entries on the war in Syria and hierarchies between human rights) tailored to promote classroom discussion.
