Can't Teach an Old Demon New Tricks Jul 12 2021 Get an east Texas girl good and mad, and there's going to be hell to pay! Rachel Farnsworth doesn't believe in the paranormal—she can find plenty of evil forces right in Dogwood County, like the Mega-Mart that's driving her family's hardware store into the ground. Then there's her own little hell-raiser—a rowdy toddler who can turn his birthday candles into a blazing inferno with just one breath. But when her marriage goes up in smoke, Rachel discovers her husband, Kevin, isn't just a deadbeat, he's also a demon (a sloth demon, no less, which explains why he never helped around the house) with a renegade bounty hunter—a fallen angel named Sam—chasing down a powerful secret Kevin has kept for a millennium or two. Sam's downfall was a beautiful mortal woman . . . and now, the heavenly attraction zinging between them has down-to-earth Rachel believing in celestial magic. But will it be enough to save her and her son from the dark forces Kevin has unwittingly unleashed on Dogwood County?

Wisconsin Driver's Book Oct 27 2022

JAPANESE MINI TRUCK Apr 08 2021 The utilitarian capabilities of a Japanese mini truck are remarkable, making it one of most versatile vehicles on the planet. Small enough in stature as to fit in the bed of an F150, but amazingly resilient, conquering mountainous terrain as a top-notch four-wheel drive should. As no English writing was found to exist, I thought it about time to write one, especially as Americans have been catching the buzz on mini trucks as the rest of world has been utilizing their attributes for decades. This guide through over 160 full-color images will bring to light as to what you've been missing; a mini truck truly will be a different experience than you can compare with any other vehicle in the automotive realm. Covered here are the history, uses, configuration, comparisons, specifications, makes, parts, accessories, and conversions (electric and amphibious). A book/guide you may start out reading alone, but as I've always discovered, the excitement this book lends through its photos and exposing mini trucks' odd capabilities; you will wind up sharing it with family and friends. Sincerely, Mark Roehrig I was amazed to find that English books on Kei trucks don't exist (kei is Japanese for lightweight truck, pronounced "K"). That didn't seem right; after all, there's been over four million built and delivered to every corner of the world. So I thought it was about time that these magnificent, mighty mini trucks were put into words and photos for the English speaking and reading public. My hope is this illustrated guide will become your illustrated review as you can shelf it, and come back as needed, and it's the perfect show-and-tell for your family and friends who may have never heard of Kei trucks. What this book will do for you, after you've completed this guide, you'll be able to quote which states allow Kei trucks on public access roads, load and tow capabilities, the differences between a Acty and a Carry, or a Jumbo from a standard Hijet. You'll discover the possibilities that await you, commercial and private. You'll learn what to look for in a Kei truck and what to ask a prospective dealer; also included is what the DMV will want from you if you decide to register a Kei truck in one of the states allowing Kei trucks on the roadway.
