**Bringing the PMBOK Guide to Life** Frank P. Saladis, Harold Kerzner, 2011-11-16 Transform the PMBOK Guide from a framework to a sharpened tool in your project manager's toolbox. In project management circles it's often joked that there's the right way, the wrong way, and the PMBOK way to manage projects. In truth, it's really about the methodology you choose. The PMBOK Guide is a consensus-based standard that thousands of project management professionals find immensely valuable in the process of developing an effective methodology. But exactly how does a project manager take the information provided in the PMBOK Guide and apply it most effectively and appropriately to an actual project environment? This book can be the answer. It is basically a guide to the guide, a road map to applying the tools of the PMBOK Guide to your organization's or project's unique nature and requirements. *Bringing the PMBOK Guide to Life: A Companion for the Practicing Project Manager* builds a bridge between the PMBOK Guide and the common needs of today's practicing project managers. It explains and elaborates on specific techniques, terms, and the application of tools that will enable project managers to effectively adapt the principles and processes described in the PMBOK Guide to the practical world of project management. Readers will find suggested approaches for the use of project management tools and techniques, along with templates developed directly from information provided in the PMBOK Guide. Suggestions and study tips are also included to assist in preparing for the PMP exam, and a Project Plan Accelerator (PPA) can be used with the PMBOK Guide by project managers and project teams to develop plans that are specifically tailored to meet the needs of your team, your clients, and your sponsoring organization. Written by two of the leading experts in the field, *Bringing the PMBOK to Life* will help every project manager translate the PMBOK Guide's tools and techniques into actionable, commonsense approaches to managing a project. PMI, PMBOK, PMP, and Project Management Professional are registered marks of the Project Management Institute, Inc.

Project Management Harold Kerzner, 2013-02 Project management is now understood as a critical part of any successful competitive business. This volume provides more than ninety case studies taken from real companies illustrating both successful and poor implementation of project management.

*A Project Manager's Book of Forms* Cynthia Snyder Dionisio, 2017-11-21 Essential project management forms aligned to the PMBOK Guide Sixth Edition. *A Project Manager's Book of Forms* is an essential companion to the Project Management Institute's *A Guide to the Project Management Body of Knowledge*. Packed with ready-made forms for managing every stage in any project, this book offers both new and experienced project managers an invaluable resource for thorough documentation and repeatable processes. Endorsed by PMI and aligned with the PMBOK Guide, these forms cover all aspects of initiating, planning, executing, monitoring, and controlling, and each form can be used as is, directly from the book, or downloaded from the companion website and tailored to your project's unique needs. This new third edition has been updated to align with the newest PMBOK Guide and includes forms for agile, the PMI Talent Triangle, technical project management, leadership, strategic, and business management, and more. The PMBOK Guide is the primary reference for project management, and the final authority on best practices, but implementation can quickly become complex for new managers on large projects or even experienced managers juggling multiple projects with multiple demands. This book helps you stay organized and on track, helping you ensure thorough documentation throughout the project life cycle. Adopt PMI-endorsed forms for documenting every process group. Customize each form to suit each project's specific needs. Organize project data and implement a repeatable management process. Streamline PMBOK Guide implementation at any level of project management experience. Instead of wasting time interpreting and translating the PMBOK Guide to real-world application, allow PMI to do the work for you. *A Project Manager's Book of Forms* provides the PMBOK-aligned forms you need to quickly and easily implement project management concepts and practices.
