takes the student on a journey
beginning with European
contact with American Indians
and ending with the
inauguration of Donald Trump.
Along the journey, the course
highlights major historical
events that have shaped
American history, inviting
students to discuss the

ramifications of these events on society today. - Publisher.

An American History Nov 03 2021

Freedom Just Around the Corner Feb 29 2024 This powerful reinterpretation of United States history is remarkable not only for its scholarship and historical breadth, but also in its assertion that the success of the country depends in a large part on the unique American character, which has shaped so many historic events. In the first of a projected three-volume series, Pulitzer Prize-winning author Walter A. McDougall argues that the creation of the United States is the central event in the last

four hundred years of world history. *Freedom Just Around the Corner* masterfully chronicles the earliest years of this nation, revealing that the genius behind the success of the United States is not based on the works and ideas of one person, but rather on the complex, irrepensible American spirit. A professor of history at the University of Pennsylvania, Walter A. McDougall is the author of many books, including the Pulitzer Prize-winning *The Heavens and the Earth and Let the Sea Make a Noise...*, *Throes of Democracy: The American Civil War Era 1829-1877*, and *Freedom Just Around the Corner: A New American*

History: 1585-1828. He lives in Pennsylvania with his wife and two teenage children. "The chapter on the framing of the Constitution should be required reading ... Walter McDougall is a historian with a masterful grasp of his subject." — Claude Crowley, Fort Worth Star-Telegram

History Lessons Feb 16 2023 A "fascinating" look at what students in Russia, France, Iran, and other nations are taught about America (The New York Times Book Review). This "timely and important" book (History News Network) gives us a glimpse into classrooms across the globe,

where opinions about the United States are first formed. History Lessons includes selections from textbooks and teaching materials used in Russia, France, Iran, Saudi Arabia, Cuba, Canada, and others, covering such events as the American Revolution, the Cuban Missile Crisis, the Iran hostage crisis, and the Korean War—providing some alternative viewpoints on the history of the United States from the time of the Viking explorers to the post-Cold War era. By juxtaposing starkly contrasting versions of the historical events we take for granted, History Lessons affords us a sometimes hilarious, often sobering look at

what the world thinks about America's past. "A brilliant idea." —Foreign Affairs **World History** Mar 08 2022 *Lies My Teacher Told Me* Sep 25 2023 Criticizes the way history is presented in current textbooks, and suggests a more accurate approach to teaching American history.

The Leading Facts of American History Apr 28 2021

The Man in the High Castle Jun 10 2022 Slavery is back. America, 1962. Having lost a war, America finds itself under Nazi Germany and Japan occupation. A few Jews still live under assumed names. The 'I Ching' is prevalent in San Francisco. Science fiction

meets serious ideas in this take on a possible alternate history. **The Tragedy of U.S. Foreign Policy** May 22 2023 A fierce critique of civil religion as the taproot of America's bid for global hegemony Pulitzer Prize-winning historian Walter A. McDougall argues powerfully that a pervasive but radically changing faith that "God is on our side" has inspired U.S. foreign policy ever since 1776. The first comprehensive study of the role played by civil religion in U.S. foreign relations over the entire course of the country's history, McDougall's book explores the deeply infused religious rhetoric that has sustained and driven an

otherwise secular republic through peace, war, and global interventions for more than two hundred years. From the Founding Fathers and the crusade for independence to the Monroe Doctrine, through World Wars I and II and the decades-long Cold War campaign against “godless Communism,” this coruscating polemic reveals the unacknowledged but freely exercised dogmas of civil religion that bind together a “God blessed” America, sustaining the nation in its pursuit of an ever elusive global destiny.

Promised Land, Crusader State Aug 13 2022 'Promised Land, Crusader State' is a reinterpretation of the traditions that have shaped U.S. foreign policy from 1776 to the present. Looking back over two centuries, Walter

McDougal draws a striking contrast between America as Promised Land and a contrary vision of America as Crusader State.

2021 A textbook of American history from the arrival of the Indians through the 1980's and the presidency of Ronald Reagan.

U.S. History Apr 01 2024

Printed in color. U.S. History is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the

people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender.
