Towards the Prophetic Church Oct 04 2021

Thirty years ago John Hull wrote "What Prevents Christian Adults from Learning?".

This new book asks "What Prevents Christian Adults from Acting?" How has it come about that the Church appears to be so preoccupied with itself? What happened to the quest for the social justice of the Kingdom of God? John Hull's search for understanding took him back to the prophetic tradition of the Bible, and he discovered that this has become neglected and even betrayed. Christian discipleship must be more than church-going and prayer. Christians must resist the unjust structures of society in the prophetic tradition. Theological reflection is not enough!

Texas Rules of Evidence Manual - Ninth Edition

Oct 16 2022 Texas Rules of Evidence Manual - Ninth Edition provides an updated comprehensive reference to Texas evidence for both civil and criminal cases. The book provides a rule-by-rule analysis of each Rule of Evidence. This sturdy hard-cover text is designed for

heavy use in the courtroom. This text helps those who are bound to use the Texas Rules of Evidence, whether it is the bench or the bar or those studying evidence. While the text contains some academic discussions, the book is designed to explain what a particular Rule requires or prohibits, to indicate what the appellate courts have said about the Rules, and to offer some practical pointers on using the Rules. The book itself has been designed to make it as useful as possible to the harried judge, counsel, and student who must quickly find the "law." Following each Rule is an editorial commentary on the Rule explaining how the Rule works, what the Texas courts have said about the Rule, and how it compares with the Federal Rule, because Texas courts often review federal precedent where they find it helpful in applying a Texas Rule. When appropriate, practical pointers are also provided on how to use the Rule. Where the Rules apply in the same fashion for both civil and criminal cases, those points are discussed together. On the other hand, where they diverge, the authors have used separate headings for "Civil" and "Criminal" when that seems appropriate. One of the objectives of the Editorial Analysis in this text is to deal with the interrelationships of the various Rules. The authors have noted those areas where the Rules differ from pre-Rules case law or statutory provisions. Some of the Rules changed the prior Texas evidence law and, although many of the Texas Rules agree with the Federal Rules, a

number differ significantly.

Plague in the Early Modern World May 30 2021 Plague in the Early Modern World presents a broad range of primary source materials from Europe, the Middle East, North Africa, China, India, and North America that explore the nature and impact of plague and disease in the early modern world. During the early modern period frequent and recurring outbreaks of plague and other epidemics around the world helped to define local

identities and they simultaneously forged and subverted social structures, recalibrated demographic patterns, dictated political agendas, and drew upon and tested religious and scientific worldviews. By gathering texts from diverse and often obscure publications and from areas of the globe not commonly studied, *Plague in the Early Modern World* provides new information and a unique platform for exploring early modern world history from local and global perspectives and examining how early modern people understood and responded to plague at times of distress and normalcy. Including source materials such as memoirs and

autobiographies, letters, histories, and literature, as well as demographic statistics, legislation, medical treatises and popular remedies, religious writings, material culture, and the visual arts, the volume will be of great use to students and general readers interested in early modern history and the history of disease.

Cost Management Feb 17 2023 The Hilton/Maher/Selto text holds the more modern view that managers are active participants in cost minimization and control. Accountants are moving away from the traditional role of calculating and reporting results towards concentrating on the important tasks of timely analysis, interpretation, and communication of

financial and related information.
