Incorporating the unique Decision Toolkit learning system, and developed around a framework of decision-making, Weygandt *Managerial Accounting* is the perfect fit for any one-semester undergraduate managerial accounting course. A novel about freaks, geeks, crushes, and friends—and how sometimes you can be all of them at once. Charlie is the freak. Gloria is the freak magnet. They're pretty much destined to meet. And when they do, sparks fly . . . for Charlie. Gloria, well, she just thinks he's like every other freak who feels compelled to talk to her, although a little better-looking than most. While Charlie has his head in the clouds, Gloria's got hers in a book: her *Freak Folio*—a record of every weirdo who's talked to her in the last year (it's a big book).
