The Life of Andre Breton      **André Breton, Arbiter of Surrealism** Clifford Browder, 1967      **Anthologie de L'Humour Noir** André Breton,      **Anthology of Black Humour** André Breton, 2014-08-15 This is Breton's definitive statement on humour noir one of the seminal concepts of Surrealism In his provocative anthology of the writers he most admires Breton discusses the acerbic aphorisms of Swift Lichtenberg and Duchamp the theatrical slapstick of Christian Dietrich Grabbe the wry missives of Rimbaud the manic paranoia of Dal the ferocious iconoclasm of Alfred Jarry and the offhand hilarity of Apollinaire For each of the authors included Breton provides an enlightening preface situating both the writer and the work in the context of black humour a partly macabre partly ironic and often absurd turn of spirit that Breton defined as a superior revolt of the mind This edition includes Breton's original introduction and work from Duchamp Fourier De Quincey de Sade Borel Poe Forneret Baudelaire Dali Lewis Carroll Swift Lichtenberg Comte de Lautr amount Nietzsche Huysmans Corbiere Nouveau O Henry Gide Synge Roussel Picabia Apollinaire Jarry Arp Picasso Kafka Pr vert and Leonora Carrington      Artaud

Anthology Antonin Artaud, 1965 I am the man wrote Artaud who has best charted his inmost self Antonin Artaud was a great poet who like Poe Holderlin and Nerval wanted to live in the infinite and asked that the human spirit burn in absolute freedom To society he was a madman Artaud however was not insane but in luciferian pursuit of what society keeps hidden The man who wrote Van Gogh the Man Suicided by Society raged against the insanity of social institutions with insight that proves more prescient with every passing year Today as Artaud's vatic thunder still crashes above the larval confusion he despised what is most striking in his writings is an extravagant lucidity This collection gives us quintessential Artaud on the occult magic the theater mind and body the cosmos rebellion and revolution in its deepest sense      **Nadja** André Breton, 1960 Nadja originally published in France in 1928 is the first and perhaps best Surrealist romance ever written a book which defined that movement's attitude toward everyday life The principal narrative is an account of the author's relationship with a girl in the city of Paris the story of an obsessional presence haunting his life The first person narrative is supplemented by forty four photographs which form an integral part of the work pictures of various surreal people places and objects which the author visits or is haunted by in naja's presence and which inspire him to mediate on their reality or lack of it The Nadja of the book is a girl but like Bertrand Russell's definition of electricity as not so much a thing as a way things happen Nadja is not so much a person as the way she makes people behave She has been described as a state of mind a feeling about reality k a kind of vision and the reader sometimes wonders whether she exists at all yet it is Nadja who gives form and structure to the novel      **Revolution of the Mind** Mark Polizzotti, 2009 Aptly described by playwright Eugene Ionesco as one of the four or five great reformers of modern thought Andre Breton 1896 1966 was the founder and prime mover of Surrealism the most influential artistic and literary movement of the 20th century Poet and theorist artistic impresario and political agitator Breton was a man of paradoxical character inspiring one moment crushingly tyrannical the next embracing friends like Brunel Dali Duchamp Miro Man Ray Aragon and Eluard only to exile them as enemies later

From its emergence from Dada after World War I through its culmination in the 1960s here is the Surrealist world in detail Black Widow Press **André Breton** André Breton,2003-10 This is a kind of essence of Breton variously translated by some of our finest writers each of whom highlights different facets of Breton s complex work Mark Polizzotti s useful introduction provides context and a brief analysis of the artist and his times Diane di Prima author of *Recollections of My Life as a Woman* Mark Polizzotti who is a poet a translator and the author of the definitive biography of Andr Breton has chosen stellar translations of Breton s dazzling poetry and placed it in its lively context This shapely introduction to the life and work of Andr Breton is smart concise and exciting I cannot imagine a better one Ron Padgett poet and translator of *The Complete Poems of Blaise Cendrars* The Poets for the Millennium Series generally and Andr Breton s *Selected Works* specifically offers a workable image of an author and the work and the conjuncture all at once What comes across is a vivid presentation of Andre Breton not just as an art czar a manifesto merchant but a serious haunted inventive and strangely profound poet of the imagination who invented or archeologized new ways of dreaming but insisted on bearing witness with them in the actual world Polizzotti does justice as I think no other writer has to the double burden of Breton s work Robert Kelly A superbly chosen selection of Breton s poetry and prose translated in every case with an elegant intelligence and preceded by an unusually thorough introduction showing quite exactly how the poet s life informed each epoch of his work It proves again the remarkable un boringness of Breton and how important he is now to our own poetry and to us Mary Ann Caws author of *The Surrealist Look An Erotics of Encounter* and editor of *The Surrealist Painters and Poets* André Breton J. H. Matthews,1986-01-01 Breton s stature is much greater than that of a number of contemporaries who have received already far more attention from the critics than he It provides justification without excuse especially when the commentator s purpose is to shed light on the intricacies of Breton s mind the significance of his original work or the impact of his ideas on twentieth century culture Hence the aim pursued in the present study may be stated without further preamble To attempt to broaden understanding of the evolution of Andr Breton s thinking during a critical period in his life the one which brought him to leadership of the surrealist movement in France Evidently the focus here is narrow the goal being to give clearer definition to the intellectual state of a young man emerging from doubt and so from self doubt into renewed confidence in his poetic calling **Earthlight** André Breton,2004 Best known as the mastermind of the Surrealist movement and as the author of the dream logic fiction *Nadja* Breton was also a brilliant poet Written to friends and fellow Surrealists such as Pablo Picasso Andre Derain and Max Ernst the poems in this collection date from 1919 1936 spanning Breton s involvement with Dadaism and his founding and development of Surrealism The range of poetic forms from the early collage compositions to the *Five Dreams of Earthlight* and the incantatory love poem *Free Union* reveals Breton s compositional methods and styles *Black, Brown, & Beige* Franklin Rosemont,Robin D.G. Kelley,2009-12-07 This collection documents the extensive participation of people of African descent in the international surrealist movement over the past 75 years **Comedic**

**Nightmare** Marcel Danesi, 2022-11-21 The presidency of the 45th president of the United States Donald Trump impacted many sectors of society One of these was comedy which became obsessed with Trump who was himself a comedic figure This book looks at this impact called the Trump Effect on American comedy an effect that has changed its historical forms drastically

**On Bathos** Sara Crangle, Peter Nicholls, 2010-07-22 While the sublime has garnered a great deal of critical attention over the past twenty years its counterpart bathos has yet to receive any extended treatment Generally understood as an inadvertent descent to the low vulgar and ludicrous in writing or art the term bathos was popularised by Pope who used it to satirise his contemporaries Ironically likening bathos to the depths of profundity Pope lauded his peers for their influential writings whilst openly deriding their absurd misuses of figure and rhetorical device Pope's method proved prophetic today artists regularly celebrate and incorporate bathetic practice This essay collection considers how bathos has become so central to literature fine art and music The innovative and diverse contributions assess the consequences of this endemic inversion of aesthetic standards and consider where artistic production might go after hitting and so comfortably inhabiting rock bottom

*The Oulipo and Modern Thought* Dennis Duncan, 2019-07-08 The impact of the Oulipo Ouvroir de Littérature Potentielle one of the most important groups of experimental writers of the late twentieth century is still being felt in contemporary literature criticism and theory both in Europe and the US Founded in 1960 and still active today this Parisian literary workshop has featured among its members such notable writers as Italo Calvino Georges Perec and Raymond Queneau all sharing in its light hearted slightly boozy bonhomie the convivial antithesis of the fractious volatile coteries of the early twentieth century avant garde For the last fifty years the Oulipo has undertaken the same simple goal to investigate the potential of constraints in the production of literature that is formal procedures such as anagrams acrostics lipograms texts which exclude a certain letter and other strange and complex devices Yet far from being mere parlour games these methods have been frequently used as part of a passionate though sometimes satirical involvement with the major intellectual currents of the mid twentieth century Structuralism psychoanalysis Surrealism analytic philosophy all come under discussion in the group's meetings and all find their way in the group's exercises in ways that while often ironic are also highly informed Using meeting minutes correspondence and other material from the Oulipo archive at the Bibliothèque nationale de France *The Oulipo and Modern Thought* shows how the group have used constrained writing as means of puckish engagement with the debates of their peers and how as the broader intellectual landscape altered so too would the group's conception of what constrained writing can achieve

**The Screen in Surrealist Art and Thought** Haim Finkelstein, 2017-07-05 An interrogation of the notion of space in Surrealist theory and philosophy this study analyzes the manifestations of space in the paintings and writings done in the framework of the Surrealist Movement Haim Finkelstein introduces the screen as an important spatial paradigm that clarifies and extends the understanding of Surrealism as it unfolds in the 1920s exploring the screen and layered depth as fundamental structuring principles associated with the

representation of the mental space and of the internal processes that eventually came to be linked with the Surrealist concept of psychic automatism Extending the discussion of the concepts at stake for Surrealist visual art into the context of film literature and criticism this study sheds new light on the way film thinking permeates Surrealist thought and aesthetics In early chapters Finkelstein looks at the concept of the screen as emblematic of a strand of spatial apprehension that informs the work of young writers in the 1920s such as Robert Desnos and Louis Aragon He goes on to explore the way the spatial character of the serial films of Louis Feuillade intimated to the Surrealists a related mode of vision associated with perception of the mystery and the Marvelous lurking behind the surfaces of quotidian reality The dialectics informing Surrealist thought with regard to the surfaces of the real with walls doors and windows as controlling images are shown to be at the basis of Andr reton s notion of the picture as a window Contrary to the traditional sense of this metaphor Breton s window is informed by the screen paradigm with its surface serving as a locus of a dialectics of transparency and opacity permeability and reflectivity The main aesthetic and conceptual issues that come up in the consideration of Breton s window metaphor lay the groundwork for an analysis of the work of Giorgio de Chirico Ren agritte Max Ernst Andr asson and Joan Mir he concluding chapter consi

**Surrealpolitik** John Schoneboom,2022-09-30 Our times are not just weird but literally surreal we live in a

paranoid increasingly authoritarian culture in which the real the presumed and the purported are indistinguishable strands of a dense hallucinatory web of mediated spectacles Surrealpolitik takes up cultural theorist Mark Fisher's challenge to expose capitalist realism's realism as nothing of the sort To subject the symbolic order to a surrealist mode of inquiry is to transgress taboos reveal biases and inconsistencies test assumptions and investigate the extent to which the real is like our dreams a fungible projection of our unconscious expectations The nexus of dreams hyperreality paranoia totalitarianism terror art myth and culture is where realpolitik becomes the surrealpolitik of the title *Death by Laughter* Maggie Hennefeld, 2024-03-19 Can you really die from laughing too hard Between 1870 and 1920 hundreds of women suffered such a fate or so a slew of sensationalist obituaries would have us believe How could laughter be fatal and what do these reports of women's risible deaths tell us about the politics of female joy Maggie Hennefeld reveals the forgotten histories of hysterical laughter exploring how women's amusement has been theorized and demonized suppressed and exploited In nineteenth century medicine and culture hysteria was an ailment that afflicted unruly women on the cusp of emotional or nervous breakdown Cinema Hennefeld argues made it possible for women to laugh outrageously as never before with irreversible social and political consequences As female enjoyment became a surefire promise of profitability alarmist tales of women laughing themselves to death epitomized the tension between subversive pleasure and its violent repression Hennefeld traces the social politics of women's laughter from the heyday of nineteenth century sentimentalism to the collective euphoria of early film spectatorship traversing contagious dancing outbreaks hysteria photography madwomen's cackling cinematic close ups and screenings of slapstick movies in mental asylums Placing little known silent films and an archive of remarkable often unusual texts in conversation with affect theory comedy studies and feminist film theory this book makes a timely case for the power of hysterical laughter to change the world
