Aside from her dad, who passed away when she was six, Cassidy Jameson has only ever trusted one man: her best friend, Tyler. So of course she follows him to Texas when he leaves for college. She just didn't expect to be so drawn to their new roommate, Gage, a gorgeous guy with a husky Southern drawl. The only problem? He's Tyler's cousin. Gage Carson was excited to

share an apartment off campus with his cousin. He didn't mind that Tyler was bringing the mysterious friend he'd heard about since they were kids . . . until the most beautiful girl he's ever seen jumps out of his cousin's Jeep. There's something about Cassi that makes Gage want to give her everything. Too bad Tyler has warned him that she's strictly off-limits. Despite everything keeping them apart, Cassi and Gage dance dangerously close to the touch they've both been craving. But when disaster sends her running into Tyler's arms, Cassi will have to decide whether to face the demons of her past . . . or to burn her chance at a future with Gage.

Jenna Lord's first sixteen years were not exactly a fairy tale. Her father is a controlling psycho and her mother is a drunk. She used to count on her older brother until he shipped off to Iraq. And then, of course, there was the time she almost died in a fire. Mitch Anderson is many things: A dedicated teacher and coach. A caring husband. A man with a certain...magnetism. Drowning Instinct is a novel of pain, deception, desperation, and love against the odds and the rules. BOOK ONE IN THE NEW YORK TIMES BESTSELLING SERIES One of Time Magazine's 100 Best Fantasy Books of All Time One of Time Magazine's 100 Best YA Books

of All Time Instant New York Times bestseller From #1 New York Times bestselling author Sabaa Tahir Amazon's Best Young Adult Book of 2015 People's Choice Award winner - Favorite Fantasy Bustle's Best Young Adult Book of 2015 "This novel is a harrowing, haunting reminder of what it means to be human — and how hope might be kindled in the midst of oppression and fear." — The Washington Post "An Ember in the Ashes could launch Sabaa Tahir into JK Rowling territory...It has the addictive quality of The Hunger Games combined with the fantasy of Harry Potter and the brutality of Game of Thrones."—Public Radio International "An Ember

in the Ashes glows, burns, and smolders—as beautiful and radiant as it is searing.”—Huffington Post “A worthy novel - and one as brave as its characters.” —The New York Times Book Review Laia is a slave. Elias is a soldier. Neither is free. Under the Martial Empire, defiance is met with death. Those who do not vow their blood and bodies to the Emperor risk the execution of their loved ones and the destruction of all they hold dear. It is in this brutal world, inspired by ancient Rome, that Laia lives with her grandparents and older brother. The family ekes out an existence in the Empire’s impoverished backstreets. They

do not challenge the Empire. They’ve seen what happens to those who do. But when Laia’s brother is arrested for treason, Laia is forced to make a decision. In exchange for help from rebels who promise to rescue her brother, she will risk her life to spy for them from within the Empire’s greatest military academy. There, Laia meets Elias, the school’s finest soldier—and secretly, its most unwilling. Elias wants only to be free of the tyranny he’s being trained to enforce. He and Laia will soon realize that their destinies are intertwined—and that their choices will change the fate of the Empire itself. In 1883, on the island of Java in the Dutch

East Indies, thirteen-year-old Katrien Courtland is determined to prove Darwin's theory of natural selection. Unfortunately, nothing causes her Aunt Greet more angst than Katrien crawling around the muddy jungle collecting bugs in the name of science -- and in the company of a native boy, no less! If only Katrien would take an interest in running a household and making friends with other girls. But Katrien has no interest in changing, especially if it means socializing with the likes of mean Brigitta Burkhart. Then, one stifling afternoon, Katrien's world turns upside-down when the nearby volcano Krakatau erupts with a terrifying blast.

For days, a deathly ash rains down on the Javan coast. Amidst the chaos, Katrien knows her only hope of survival is to flee the jungle with the one person she vowed she'd never befriend. "Stepping Through the Ashes" is a photographic elegy to those who died on September 11, and a portrait of how people are coping in the wake of the terrorist attack on New York. Many photographers have recorded the devastation, but Eugene Richards transcends description to offer instead a way of coming to terms with this tragedy. Interviews with survivors and victims' relatives complement Richards' beautiful and poignant images. It may be

the best photo book yet on those hard days. -- "Albuquerque Journal" Richards is arguably the most empathetic photographer working when it comes to showing the hard parts of people's lives... Once again, Richards has wrought a personal elegy for those who are just learning to cope with what has happened to them. -- "New Yorker" Inspired by true historical events, From the Ashes is the unforgettable story of a tortured man, torn between his ideals, the iron fist of Stalinism and the woman he loves. Marlene has no love lost for the Soviet occupying forces, who turn out to be every bit as cruel as the Nazis were. Living

in constant fear of the Russian soldiers, she works in a hospital to make ends meet, where she meets Werner, a cold-hearted career politician. Werner, a German émigré to Moscow, returns to his hometown with the highest hopes for a better future. Sent by the communist party to bring freedom, wealth and happiness to the people, he's soon caught in a moral conflict between loyalty to his party and his conscience. When Marlene criticizes the socialist German regime, she becomes the target of powerful men. Oblivious to the danger for her own life, she refused to back down, and there's only one thing Werner can do to save

her life: defy the party line. But will he be able to shed decades of indoctrination for the woman he loves? And what will become of him if he does? Because those who speak up against the regime, usually find themselves on a train to Siberia or worse. World War II is over, but another battle has just begun... From the bestselling author of the 'War Girls Series' comes this nail-biting story about Berlin sliding into the Cold War. Explores the phenomenon that millions of people, many who are not otherwise active in the practice of their faith, come back to church to receive ashes and engage in Lenten practices every year. It offers some practical ideas for active

Catholics to accompany newcomers and visitors throughout the season of Lent and beyond - and in so doing, help turn brief moments into memorable milestones on the journey of faith. *#1 NATIONAL BESTSELLER *Winner, Kobo Emerging Writer Prize Nonfiction *Winner, Indigenous Voices Awards *Winner, High Plains Book Awards *Finalist, CBC Canada Reads *A Globe and Mail Book of the Year *An Indigo Book of the Year *A CBC Best Canadian Nonfiction Book of the Year In this extraordinary and inspiring debut memoir, Jesse Thistle, once a high school dropout and now a rising Indigenous

scholar, chronicles his life on the streets and how he overcame trauma and addiction to discover the truth about who he is. If I can just make it to the next minute...then I might have a chance to live; I might have a chance to be something more than just a struggling crackhead. From the Ashes is a remarkable memoir about hope and resilience, and a revelatory look into the life of a Métis-Cree man who refused to give up. Abandoned by his parents as a toddler, Jesse Thistle briefly found himself in the foster-care system with his two brothers, cut off from all they had known. Eventually the children landed in the home of their paternal grandparents,

whose tough-love attitudes quickly resulted in conflicts. Throughout it all, the ghost of Jesse's drug-addicted father haunted the halls of the house and the memories of every family member. Struggling with all that had happened, Jesse succumbed to a self-destructive cycle of drug and alcohol addiction and petty crime, spending more than a decade on and off the streets, often homeless. Finally, he realized he would die unless he turned his life around. In this heartwarming and heart-wrenching memoir, Jesse Thistle writes honestly and fearlessly about his painful past, the abuse he endured, and how he uncovered the

truth about his parents. Through sheer perseverance and education—and newfound love—he found his way back into the circle of his Indigenous culture and family. An eloquent exploration of the impact of prejudice and racism, From the Ashes is, in the end, about how love and support can help us find happiness despite the odds. Sociopath. Killer. Deviant. Monster, devoid of morals, incapable of human emotion. The villain known as Spark has been called this and more, and as a super-powered aberrant has masterminded countless crimes to build his father's inhuman empire. Yet to professor Sean Archer, this fearsome creature is only

Tobias Rutherford--antisocial graduate researcher, quiet underachiever, and a fascinating puzzle Sean is determined to solve. But one kiss leads to an entanglement that challenges everything Tobias knows about himself, aberrants, and his own capacity to love. When his father orders him to assassinate a senator, one misstep unravels a knot of political intrigue that places the fate of humans and aberrants alike in Tobias's hands. As danger mounts and bodies pile higher, will Tobias succumb to his dark nature and sacrifice Sean--or will he defy his father and rise from the ashes to become a hero in a world of villains? After nuclear

holocaust, a former soldier fights to form a new nation and defeat mutants in this thrilling adventure from a USA Today–bestselling author. Destroyed by the fires of nuclear war, our once great nation is in shambles. Life as we know it is no more. But among the survivors stands Ben Raines, retired soldier, mercenary, and the only man alive trained to lead the Resistance into a visionary new America. But the Rebels' greatest adversary—our own government—forces Raines and his army into bloody guerilla combat—and an unavoidable civil war. Now, as brother turns against brother, an even greater peril is thrown into the

pot: a new, indestructible breed of post-apocalyptic enemies who threaten to wrest control of the new world and sink it into a hell on earth. Second in the long-running series! These stories of trauma cannot be limited to the catastrophes they name, and the theory of catastrophic history may ultimately be written in a language that already lingers in a time that comes to us from the other side of the disaster. An electromagnetic pulse flashes across the sky, destroying every electronic device, wiping out every computerized system, and killing billions. When it happens, Alex was hiking in the woods to say good-bye to her

dead parents and her personal demons. Now desperate to find out what happened after the pulse crushes her to the ground, Alex meets up with Tom—a young soldier—and Ellie, a girl whose grandfather was killed by the EMP. For this improvised family and the others who are spared, it's now a question of who can be trusted and who is no longer human. Author Ilsa J. Bick crafts a terrifying and thrilling novel about a world that could be ours at any moment, where those left standing must learn what it means not just to survive, but to live amidst the devastation. Child survivors of the Holocaust and World War II share their life experiences--

and how they became social scientists When your greatest dream is born from spite, will it make you truly happy? Indoctrinated from birth by his devout, God-fearing father, Felix discovered his magical abilities in a terrifying incident. Ever since that night, spite has festered within his heart, shaping his desire to become a powerful sorcerer. And much to his surprise, his dream may become reality as he receives a chance to study at the prestigious Dragora Institute of Magic in the Medeian Empire. There are secrets lurking in the shadows, however. An enigmatic masked man hangs just out of sight, stalking Felix and fueling the flames of his

hatred. And now, as Felix grows closer to realizing his dreams than ever before, a new, darker destiny threatens to corrupt his ambitions. As Felix forges new relationships with fellow magi from all across the world, he comes to discover more about himself and what he wants out of life. With an infinite number of winding, crisscrossing paths ahead of him, which will he take, and where will that road lead? Who will he choose to be? The only thing Dakota Quinn has known thus far is survival. After a tragic accident that left only she and her brother behind, it feels as if they've never stopped running. And for the first seventeen years of her

life, they've managed to make it work. Until one small slip-up causes their cover to be blown, landing Dakota on a one-way trip to California. Now, on her own for the first time in her life, Dakota finds herself in a group home, amongst a trio of girls with stories of loss strikingly similar to her own. Finley Brown-an eccentric girl with an unthinkable past; Gia Dawson-an outspoken rebel who's landed herself on probation; and Ryland Moreno-the foster kid raised by the system, disabled after an accident that tore her from her previous home. Paired with a hardened exterior and a unfamiliar magnetism, Ryland quickly catches Dakota's

attention-whose curiosity always seems to get the best of her. However, they can only run from their pasts for so long, and whether it shows up on the front doorstep or haunts them in nightmares, all four girls are forced to face the events that have brought them together in the first place. Despite their differences, they find themselves relying on each other in more ways than one. And for Dakota, there's something different about Ryland. After running for as long as she can remember, she's suddenly met with a pair of brown eyes that ground her, pulling her in like the tide. UP FROM THE ASHES tells the story of the development,

destruction, and rebuilding of a dynamic neighborhood from a child's perspective. Based on actual historical events, during the Tulsa, Oklahoma, race riots in 1921, it is a positive, life-affirming book. Readers will discover what it means to be part of a community, with all its ups and downs. The book demonstrates many of the timeless virtues we all cherish, not just for ourselves, but for our children: faith, determination, integrity, humility, and compassion. NEW YORK TIMES BESTSELLER • "Those who haven't discovered Elizabeth George . . . should rush to read *Playing for the Ashes*."—Us "The story begins with my father, actually, and

the fact that I'm the one who's answerable for his death. It was not my first crime, as you will see, but it is the one my mother couldn't forgive." Acclaimed author Elizabeth George reveals the even darker truth behind this startling confession in *Playing for the Ashes*, a rich tale of passion, murder, and love in which Inspector Thomas Lynley and Detective Sergeant Barbara Havers once again find themselves embroiled in a case where nothing—and no one—is really what it seems. Intense, suspenseful, and brilliantly written, *Playing for the Ashes* is "a treasure" (Cosmopolitan). "Out of the Ashes is a full-throated, stout-hearted call to

arms—soul-stirring, uncompromising, and irresistible." —ROD DREHER, author of *The Benedict Option*

What do you do when an entire civilization is crumbling around you? You do everything. This is a book about how to get started. The Left's culture war threatens America's foundation and its very civilization, warns Esolen in his brand new book, *Out of the Ashes: Rebuilding American Culture*. They will tell you that babies in the womb are fetuses, that gender is a social construct, and that the backbone of society is government not the community. In *Out of the Ashes*, Esolen outlines his surprisingly simple plan to take

back American culture— start at home. Esolen urges us to demand a return to values in our homes, our schools, our churches, and our communities, and to reject political correctness. "We must become tellers of truth again—and people who are willing to hear truths, especially when it hurts to hear them." I was born Christina Laura McIntyre, but that was a name that belonged to another person in another time. Now, it's Tina, because Tina would never allow those boys or even men to violate her that way again. Christina did fight back but lost the struggle that terrible night seventeen years ago. Tina was born when

Christina died. You ask: Do I remember that night? There is not even one second of that terrible night that I can ever forget. From the ashes, heroes will rise...In a matter of seconds, thirteen American cities were devastated by nuclear bombs. Millions fled the destruction as the lethal fallout descended. Now, entire cities are hot zones. The nation's supply chain is crippled. Hundreds of thousands of citizens are homeless, hungry, and growing more desperate with every passing hour. While the government scrambles to respond to the worst humanitarian crisis the United States has ever seen, Dakota

and Logan are still trapped in Miami. They may have fled the hot zone, but the insidious radiation can't be escaped. It's already inside them. Their only chance to survive is to reach the nearest emergency hospital at the Miami airport, but deadly foes are determined to stop them. And in the background, unnoticed, a formidable enemy rears its ugly head... The formation, organization, and accessibility of archives and libraries are critical for the production of historical narratives. They contain the materials with which historians and others reconstruct past events. Archives and libraries, however, not only help produce

history, but also have a history of their own. From the early colonial projects to the formation of nation states in Latin America, archives and libraries had been at the center of power struggles and conflicting ideas over patrimony and document preservation that demand historical scrutiny. Much of their collections have been lost on account of accidents or sheer negligence, but there are also cases of recovery and reconstruction that have opened new windows to the past. The essays in this volume explore several fascinating cases of destruction and recovery of archives and libraries and illuminate the

ways in which those episodes help shape the writing of historical narratives and the making of collective memories. Readers often think of Job sitting on the ash heap, his life in shambles. But how did he get there? What was Job's life like before tragedy struck? What did he think as his world came crashing down around him? And what was life like after God restored his wealth, health, and family? Through painstaking research and a writer's creative mind, Mesu Andrews weaves an emotional and stirring account of this well-known story told through the eyes of the women who loved him. Drawing together the account of Job with those of

Esau's tribe and Jacob's daughter Dinah, Love Amid the Ashes breathes life, romance, and passion into the classic biblical story of suffering and steadfast faith. In this powerful and culminating work about a group of inner-city children he has known for many years, Jonathan Kozol returns to the scene of his previous prize-winning books, and to the children he has vividly portrayed, to share with us their fascinating journeys and unexpected victories as they grow into adulthood. For nearly fifty years, Jonathan has pricked the conscience of his readers by laying bare the savage inequalities inflicted upon children for no reason but

the accident of being born to poverty within a wealthy nation. But never has his intimate acquaintance with his subjects been more apparent, or more stirring, than in Fire in the Ashes, as Jonathan tells the stories of young men and women who have come of age in one of the most destitute communities of the United States. Some of them never do recover from the battering they undergo in their early years, but many more battle back with fierce and often jubilant determination to overcome the formidable obstacles they face. As we watch these glorious children grow into the fullness of a healthy and contributive maturity, they ignite a flame of

hope, not only for themselves but also for our society. Two sisters take off on a wild road trip in this poignant tale for fans of Counting by 7s and Fish in a Tree After Mama Lacy's death, Fella was forced to move in with her grandmother, Mrs. Madison. The move brought Fella all sorts of comforts she wasn't used to at home, but it also meant saying goodbye to her sister Zoey (a.k.a. Zany) and her other mother, Mama Shannon. Though Mama Shannon fought hard to keep Fella, it was no use. The marriage act is still a few years away and the courts thought Fella would be better off with a blood relation. Already heartbroken, Fella soon finds

herself alone in Mrs. Madison's house, grieving both the death of her mother and the loss of her entire family. Then one night, Zany shows up at Mrs. Madison's house determined to fulfill Mama Lacy's dying wish: to have her ashes spread over the lawn of the last place they were all happy as a family. Of course, this means stealing Mama Lacy's ashes and driving hundreds of miles in the middle of night to Asheville, North Carolina. Their adventure takes one disastrous turn after another, but their impulsive journey helps them rediscover the bonds that truly make them sisters. A heartrending story of family torn apart and put back together again, Ashes to

Asheville is an important, timely tale. A skilled ex-soldier fights a Libyan terrorist and leagues of man-eating mutants in post-apocalyptic America—from a USA Today–bestselling author. The devastating nuclear nightmare of the Great War brings civilization to the brink of destruction. Only Ben Raines and his tireless Rebels share the dream of rebuilding society out of the smoldering remains of America.... The power-mad Middle Eastern terrorist, Khamasin, has already begun his bloodthirsty assault on America's southern tier. But an even deadlier threat lurks in the plague-ridden ruins of the country's once-great cities,

where crazed, flesh-eating packs of starved mutants hunt for fresh, human kill. Raines and his Rebels are in for the battle of their lives. But the do-or-die freedom fighters are willing to face Hell on Earth to strike a blow for America's survival. Seventh in the long-running series! In recent years, calls for reparations and restorative justice, alongside the rise of populist grievance politics, have demonstrated the stubborn resilience of traumatic memory. From the transnational Black Lives Matter movement's calls for reckoning with the legacy of slavery and racial oppression, to continued efforts to secure recognition of the Armenian

genocide or Imperial Japan's human rights abuses, international politics is replete with examples of past violence reasserting itself in the present. But how should scholars understand trauma's long-term impacts? Why do some traumas lie dormant for generations, only to surface anew in pivotal moments? And how does trauma scale from individuals to larger political groupings like nations and states, shaping political identities, grievances, and policymaking? In *From the Ashes of History*, Adam B. Lerner looks at collective trauma as a foundational force in international politics--a shock to political cultures that

can constitute new actors and shape decision-making over the long-term. As Lerner shows, uncovering collective trauma's role in international politics is vital for two key reasons. First, it can help explain longstanding tensions between groups--an especially relevant topic as scholars examine the transnational resurgence of nationalism and populism. Second, it pushes the discipline of International Relations to more completely account for mass violence's true long-term costs, particularly as they become embedded in longstanding structural inequalities and injustices. While IR scholarship has largely dismissed non-

systematic, latent phenomena like trauma, Lerner argues that collective trauma can help draw the lines between international political groups and frame the logics of international political action. Drawing on three historical cases that uncover the impact of collective trauma in Indian, Israeli, and American foreign policymaking, *From the Ashes of History* demonstrates the broad utility of collective trauma as a theoretical lens for investigating how mass violence's legacy can resurge and dissipate over time. In *The Fire and the Ashes*, long-time union economist and policy analyst Andrew Jackson looks back on a fascinating career in

the labour movement, the NDP, and left politics, combining keen historical analysis with a political manifesto for today. As one of the few trade union economists in Canada, Jackson brings a unique insider perspective and decades of experience to bear on his critical reflections on the history and changing fortunes of the NDP, the failures of neoliberalism, and the waning and recent renewal of the democratic socialist tradition. What plays out is a battle of ideas fought by Jackson and the wider left—one meant to rekindle both political veterans and a new generation of activists who believe that a true democracy cannot exist

with great inequalities of wealth and political power, and that social ownership and public investment must be brought squarely into the mainstream. Prepare for the jaw-dropping finale of Sabaa Tahir's beloved New York Times bestselling *An Ember in the Ashes* fantasy series, and discover: Who will survive the storm? Picking up just a few months after *A Reaper* at the Gates left off... The long-imprisoned jinn are on the attack, wreaking bloody havoc in villages and cities alike. But for the *Nightbringer*, vengeance on his human foes is just the beginning. By his side, Commandant Keris Veturia declares herself Empress, and

calls for the heads of any and all who defy her rule. At the top of the list? The Blood Shrike and her remaining family. Laia of Serra, now allied with the Blood Shrike, struggles to recover from the loss of the two people most important to her. Determined to stop the approaching apocalypse, she throws herself into the destruction of the *Nightbringer*. In the process, she awakens an ancient power that could lead her to victory—or to an unimaginable doom. And deep in the Waiting Place, the Soul Catcher seeks only to forget the life—and love—he left behind. Yet doing so means ignoring the trail of murder left by the

Nightbringer and his jinn. To uphold his oath and protect the human world from the supernatural, the Soul Catcher must look beyond the borders of his own land. He must take on a mission that could save—or destroy—all that he knows. An ancient alien menace threatens in this hardcover volume which collects for the first time Weber's epic space adventure trilogy--"Mutineer's Moon, The Armageddon Inheritance" and "Heirs of Empire." The first in a trilogy about the last emperor of southern Mozambique by one of Africa's most important writers Southern Mozambique, 1894. Sergeant Germano de Melo is posted to the village of

Nkokolani to oversee the Portuguese conquest of territory claimed by Ngungunyane, the last of the leaders of the state of Gaza, the second-largest empire led by an African. Ngungunyane has raised an army to resist colonial rule and with his warriors is slowly approaching the border village. Desperate for help, Germano enlists Imani, a fifteen-year-old girl, to act as his interpreter. She belongs to the VaChopi tribe, one of the few who dared side with the Portuguese. But while one of her brothers fights for the Crown of Portugal, the other has chosen the African emperor. Standing astride two kingdoms, Imani is drawn to

Germano, just as he is drawn to her. But she knows that in a country haunted by violence, the only way out for a woman is to go unnoticed, as if made of shadows or ashes. Alternating between the voices of Imani and Germano, Mia Couto's *Woman of the Ashes* combines vivid folkloric prose with extensive historical research to give a spellbinding and unsettling account of war-torn Mozambique at the end of the nineteenth century. *Genocidal Love* delves into the long-term effects of childhood trauma on those who attended residential school and demonstrates the power of story to help in recovery and healing. Presenting herself as "Myrtle,"

Bevann Fox recounts her early childhood filled with love and warmth on the First Nation reservation with her grandparents. At the age of seven she was sent to residential school, and her horrific experiences of abuse there left her without a voice, timid and nervous, never sure, never trusting, and always searching. This is the story of Myrtle battling to recover her voice. This is the story of her courage and resilience throughout the arduous process required to make a claim for compensation for the abuse she experienced at residential school--a process that turned out to be yet another trauma at the hands of

the colonial power. This is the story of one woman finally standing up to the painful truth of her past and moving beyond it for the sake of her children and grandchildren. In recounting her tumultuous life, Fox weaves truth and fiction together as a means of bringing clarity to the complex emotions and situations she faced as she walked her path toward healing. This is a true and incredible story of a Japanese adolescent, Shinji Mikamo, who miraculously survived the first atomic bombing of human kinds. He was on top of his house roof with nothing to shield him at only 3/4 of a mile (1,200m) from the epicenter in

Hiroshima on August 6, 1945 toward the end of the World War II. But what made Shinji stand out from most of the survivors of Hiroshima and Nagasaki, or even of many other man-made disasters in our history, he never hated Americans as aggressors. He somehow saw things from a much bigger perspective even in the very strict Japanese military government's mind control of civilians during the war. As one of his three legacy-carrying daughters, Dr. Akiko Mikamo wrote his story to send out the messages of human love and power of forgiveness to remind the world our worst enemies of yesterday could become the best friends of

tomorrow. The author recounts his childhood in Depression-era Brooklyn as the child of Irish immigrants who decide to return to worse poverty in Ireland when his infant sister dies. On a February night in 1897, the general store in Walford, Iowa, burned down. The next morning, townspeople discovered a charred corpse in the ashes. Everyone knew that the store's owner, Frank Novak, had been sleeping in the store as a safeguard against burglars. Now all that remained were a few of his personal items scattered under the body. At first, it seemed to be a tragic accident mitigated just a bit by Novak's foresight in buying generous life

insurance policies to provide for his family. But soon an investigation by the ambitious new county attorney, M. J. Tobin, turned up evidence suggesting that the dead man might actually be Edward Murray, a hard-drinking local laborer. Relying upon newly developed forensic techniques, Tobin gradually built a case implicating Novak in Murray's murder. But all he had was circumstantial evidence, and up to that time few murder convictions had been won on that basis in the United States. Others besides Tobin were interested in the case, including several companies that had sold Novak life insurance policies. One agency

hired detectives to track down every clue regarding the suspect's whereabouts. Newspapers across the country ran sensational headlines with melodramatic coverage of the manhunt. Veteran detective Red Perrin's determined trek over icy mountain paths and dangerous river rapids to the raw Yukon Territory town of Dawson City, which was booming with prospectors as the Klondike gold rush began, made for especially good copy. *Skull in the Ashes* traces the actions of Novak, Tobin, and Perrin, showing how the Walford fire played a pivotal role in each man's life. Along the way, author Peter Kaufman gives readers a fascinating

glimpse into forensics, detective work, trial strategies, and prison life at the close of the nineteenth century. As much as it is a chilling tale of a cold-blooded murder and its aftermath, this is also the story of three ambitious young men and their struggle to succeed in a rapidly modernizing world. After leading the Southern United States of America against a corrupt government, Ben Raines hunts for a terrorist organization in Canada. When his small plane crashes, he must face the enemy alone. Original. **Please note that this is book 2. The Way We Burn, book 1, must be read first.** Palmer: She left almost a year ago without giving me a

moment to explain myself. A lot has happened since then, and as we're about to find out, that shit show of a summer is going to be the least of our problems. She set fire to my life back then, igniting my tired soul. Now she's back looking better than ever and our fire still burns. But that's not the only thing burning this year. Kennedy: Everything in Beacon seems different. A lot has happened since I hightailed it out of here after catching Palmer in a lip lock with his ex-the main change being that he seems to have moved on. I'm willing to fight for him, and I know I'll need to pull out all the stops. We burned so hot last year...Can we find our way

back from the ashes? For the first time since the inception of his fictional Tri-States network 15 years ago, bestselling author William W. Johnstone delivers a complete guide to the first 24 books in his Ashes series. Here is Ben Raines on the IRA, the IRS, racism, the justice system, welfare, the military, politicians, prison reform, capital punishment, and the government. This definitive guide also offers a detailed synopsis of every novel, maps of each journey, and more. Sam Holmes' simple life is radically changed when his father suddenly passes away and the Last Will and Testament are read. To earn his inheritance, Sam must

travel to the places that had been significant and scatter his father's ashes at these destinations. "The most profound truth in the universe is this: that we are all one drum and we need each other."
—Richard Wagamese, *One Drum Fans*
Richard Wagamese's writing will be heartened by the news that the bestselling author left behind a manuscript he'd been working on until shortly before his death in 2017. *One Drum* welcomes readers to unite in ceremony to heal themselves and bring harmony to their lives and communities. In *One Drum*, Wagamese wrote, "I am

not a shaman. Nor am I an elder, a pipe carrier, or a celebrated traditionalist. I am merely one who has trudged the same path many of this human family has—the path of the seeker, called forward by a yearning I have not always understood." *One Drum* draws from the foundational teachings of Ojibway tradition, the Grandfather Teachings. Focusing specifically on the lessons of humility, respect and courage, the volume contains simple ceremonies that anyone anywhere can do, alone or in a group, to foster harmony and connection. Wagamese believed that there is a shaman in each of us, and we are all

teachers and in the world of the spirit there is no right way or wrong way. Writing of neglect, abuse and loss of identity, Wagamese recalled living on the street, going to jail, drinking too much, feeling rootless and afraid, and then the feeling of hope he gained from connecting with the spiritual ways of his people. He expressed the belief that ceremony has the power to unify and to heal for people of all backgrounds. "When that happens," he wrote, "we truly become one song and one drum beating together in a common purpose—and we are on the path to being healed."
