*Riding in the Zone* Ken Condon,2019-10-15 Riding motorcycles is fun but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road Riding in the Zone helps riders find that state of being It's the experience of being physically and mentally present in the moment where every sense is sharply attuned to the ride Your mind becomes silent to the chatter of daily life and everyday problems seem to dissolve You feel a deeper appreciation for life Your body responds to this state of being with precise fluid movements you feel in balance your muscles are relaxed and it seems as though every input you make is an expression of mastery This is the Zone Condon identifies all of the factors that affect entering the Zone and addresses each one individually from the development of awareness and mental skills to mastering physical control of the motorcycle At the end of each chapter are drills designed to transform the book's ideas into solid practical riding skills Riding in the Zone takes riders to the next level in their skill set
