It used to be very rare for residential agents to participate in a commercial lease or sale, but today it is more common and acceptable to consumers and the commercial real estate industry. This is due to several factors: more internet resources available for residential agents to learn about commercial transactions; more digital platforms for residential agents to advertise their properties for sale or lease, and more flexible residential brokerage companies. Strong Towns Sep 13 2022 A new way forward for sustainable quality of life in cities of all sizes

Strong Towns: A Bottom-Up Revolution to Build American Prosperity is a book of forward-thinking ideas that breaks with modern wisdom to present a new vision of urban development in the United States. Presenting the foundational ideas of the Strong Towns movement he co-founded, Charles Marohn explains why cities of all sizes continue to struggle to meet their basic needs, and reveals the new paradigm that can solve this longstanding problem. Inside, you'll learn why inducing growth and development has been the conventional response to urban financial struggles—and why it just doesn't work. New development and high-risk investing don't generate enough wealth to support itself, and cities continue to struggle. Read this book to find out how cities large and small can focus on bottom-up investments to minimize risk and maximize their ability to strengthen the community financially and improve citizens' quality of life. Develop in-depth knowledge of the underlying logic behind the "traditional" search for never-ending urban growth Learn practical solutions for ameliorating financial struggles through low-risk investment and a grassroots focus Gain insights and tools that can stop the vicious cycle of budget shortfalls and unexpected downturns Become a part of the Strong Towns revolution by shifting the focus away from top-down growth toward rebuilding American prosperity Strong Towns acknowledges that there is a problem with the American approach to growth and shows community leaders a new way forward. The

Strong Towns response is a revolution in how we assemble the places we live.

Learn more at [From the Author Thank you for choosing From Condos to Complexes](#). I hope this book helps you take your real estate business to the next level! The tips and strategies detailed here are proven, easy to implement, and shared only with the intention of helping you succeed. Like you, I'm in this business to grow, help others, and have a fulfilling career. As with any profession, the best way to stand out and become successful is to add value. The marketplace, regardless of the industry we're talking about, is smart. The level of reward that one can expect is in direct proportion to the amount of value one can add. In our case, the value we will add is bringing good deals to real estate investors. As the old Arabic saying goes, "You make money when you buy, not when you sell." Much of this course

focuses on deal sourcing. In my experience, finding good deals for investors is extremely valuable. All businesses function with the assumption that underlying all the effort, processes, and systems, is a good deal. A value proposition. By becoming a source of good deals, you become the point where a real estate investing business starts. My goal is to add value wherever possible. The ideas and formulas that I outline in this course have worked for me, and I can promise you that, with the right approach and some patience, they can work for you, too. About the Author Ali Choucri is a real estate professional residing in Boston, Massachusetts.
