**The Salt God's Daughter** Ilie Ruby, 2013-08-06 Beautifully evokes scenes of two girls adrift in the bohemian beach culture a breathtaking fiercely feminine take on American magical realism Interview Magazine Set in Long Beach California beginning in the 1970s The Salt God s Daughter follows Ruthie and her older sister Dolly as they struggle for survival in a place governed by an enchanted ocean and exotic folklore Guided by a mother ruled by magical elaborately told stories of the full moons which she draws from The Old Farmer s Almanac the two girls are often homeless often on their own fiercely protective of each other and unaware of how far they have drifted from traditional society as they carve a real life from their imagined stories Imbued with a traditional Scottish folktale and hints of Jewish mysticism The Salt God s Daughter examines the tremulous bonds between sisters and the enduring power of maternal love a magical tale that presents three generations of extraordinary women who fight to transcend a world that is often hostile to those who are different Indeed Ruby has written a complicated multi layered work that shifts shapes to bridge the relationship between tragedy and redemption The Huffington Post Three generations of indelibly original women wrestle with the confines of their lives against a shimmering backdrop of magic folklore and deep buried secrets To say I loved this book is an understatement Caroline Leavitt New York Times bestselling author The selkie myth lies at the heart of Ruby s second novel This is a bewitching tale of lives entangled in lushly layered fables of the moon and sea Kirkus Reviews

**The Language of Trees** Ilie Ruby, 2010-07-14 The Language of Trees like Whitman s Leaves of Grass though in a magic realist vernacular refreshingly asserts that deeply American conviction the gravest natural instinct is to heal and be healed A shimmeringly heartfelt story Gregory Maguire New York Times bestselling author of Wicked Crafted with suspenseful pacing and delicate imagery Ilie Ruby s book combines the qualities of an irresistible ghost story with a healing tale of redemption Elizabeth Rosner author of The Speed of Light A truly stunning literary debut Ilie Ruby s The Language of Trees is a fiercely beautiful novel that explores the relationships that define us the events that shape us and the places we will go to in order to save ourselves and those we love most Fans of Jennifer McMahon Alice Hoffman and Niall Williams will be captivated by this haunting tale of homecoming and secrets that sparkles with exceptional writing and a gothic edge

Beautiful Boy David Sheff, 2008 Sheff s story tells of his teenage son s addiction to meth in this real time chronicle of the shocking descent into substance abuse and the family s gradual emergence into hope

made everyone speak Latin and in India people learned their neighbors languages as did many ordinary Europeans in times past Christopher Columbus knew Italian Portuguese and Castilian Spanish as well as the classical languages But today we all use translation to cope with the diversity of languages Without translation there would be no world news not much of a reading list in any subject at college no repair manuals for cars or planes we wouldn't even be able to put together flat pack furniture Is That a Fish in Your Ear ranges across the whole of human experience from foreign films to philosophy to show why translation is at the heart of what we do and who we are Among many other things David Bellos asks What's the difference between translating unprepared natural speech and translating Madame Bovary How do you translate a joke What's the difference between a native tongue and a learned one Can you translate between any pair of languages or only between some What really goes on when world leaders speak at the UN Can machines ever replace human translators and if not why But the biggest question Bellos asks is this How do we ever really know that we've understood what anybody else says in our own language or in another Surprising witty and written with great joie de vivre this book is all about how we comprehend other people and shows us how ultimately translation is another name for the human condition *Glendalloch* William Drennan, John Swanwick Drennan, 1859 *Ball* Tara Ison, 2015-11-10 *Ball* is the thrilling and emotionally provocative debut collection of short fiction by the acclaimed author of the novels *Rockaway* and *A Child Out of Alcatraz* and the essay collection *Reeling through Life* *Ball* explores the darker edges of love and sex and death how they are intimately and often violently connected with bright vivid stories set mostly in contemporary Los Angeles In *Cactus* a young girl comes to fear the outside world following the freakish accidental death of her adventure seeking naturalist boyfriend in the California desert in *Wig* a woman must help her best friend face life threatening cancer while covering up an unseemly affair with her friend's husband in *Fish* the narrator sits watch over a dying uncle trying to pay for past sins while administering to his final needs but distracted by the ravenous fish in the Koi pond near the hospital and in the collection's stunning title story the bonds of friendship and pet ownership collide in the most startling and unexpected ways With a keen insight into the edges of human behavior and an assured literary hand *Ball* is the new book by one of the West's most provocative stylists **William Golding** Jack I.
