Until the End of Time Sep 17 2021 NEW YORK TIMES BESTSELLER • A captivating exploration of deep time and humanity's search for purpose,

from the world-renowned physicist and best-selling author of *The Elegant Universe*. "Few humans share Greene's mastery of both the latest cosmological science and English prose." —The New York Times *Until the End of Time* is Brian Greene's breathtaking new exploration of the cosmos and our quest to find meaning in the face of this vast expanse. Greene takes us on a journey from the big bang to the end of time, exploring how lasting structures formed, how life and mind emerged, and how we grapple with our existence through narrative, myth, religion, creative expression, science, the quest for truth, and a deep longing for the eternal. From particles to planets, consciousness to creativity, matter to meaning—Brian Greene allows us all to grasp and appreciate our fleeting but utterly exquisite moment in the cosmos.

Bubble in the Sun Apr 12 2021 Christopher Knowlton, author of *Cattle Kingdom* and former Fortune writer, takes an in-depth look at the spectacular Florida land boom of the 1920s and

shows how it led directly to the Great Depression. The 1920s in Florida was a time of incredible excess, immense wealth, and precipitous collapse. The decade there produced the largest human migration in American history, far exceeding the settlement of the West, as millions flocked to the grand hotels and the new cities that rose rapidly from the teeming wetlands. The boom spawned a new subdivision civilization—and the most egregious large-scale assault on the environment in the name of “progress.” Nowhere was the glitz and froth of the Roaring Twenties more excessive than in Florida. Here was Vegas before there was a Vegas: gambling was condoned and so was drinking, since prohibition was not enforced. Tycoons, crooks, and celebrities arrived en masse to promote or exploit this new and dazzling American frontier in the sunshine. Yet, the import and deep impact of these historical events have never been explored thoroughly until now. In *Bubble in the Sun* Christopher

Knowlton examines the grand artistic and entrepreneurial visions behind Coral Gables, Boca Raton, Miami Beach, and other storied sites, as well as the darker side of the frenzy. For while giant fortunes were being made and lost and the nightlife raged more raucously than anywhere else, the pure beauty of the Everglades suffered wanton ruination and the workers, mostly black, who built and maintained the boom, endured grievous abuses. Knowlton breathes dynamic life into the forces that made and wrecked Florida during the decade: the real estate moguls Carl Fisher, George Merrick, and Addison Mizner, and the once-in-a-century hurricane whose aftermath triggered the stock market crash. This essential account is a revelatory—and riveting—history of an era that still affects our country today.

Kill as Few Patients as Possible Dec 13 2023

This oft-quoted all-time favorite of the medical community will gladden--and strengthen--the hearts of patients, doctors, and anyone entering

medical study, internship, or practice. With unassailable logic and rapier wit, the sage Dr. Oscar London muses on the challenges and joys of doctoring, and imparts timeless truths, reality checks, and poignant insights gleaned from 30 years of general practice--while never taking himself (or his profession) too seriously. The classic book on the art and humor of practicing medicine, celebrating its 20th anniversary in a new gift edition with updates throughout.

Previous editions have sold more than 200,000 copies. The perfect gift for med students and grads as well as new and practicing physicians. Approximately 17,000 students graduate from med school each spring in North America.

Daydream Believers Oct 31 2022 America's power is in decline, its allies alienated, its soldiers trapped in a war that even generals regard as unwinnable. What has happened these past few years is well known. Why it happened continues to puzzle. Celebrated Slate columnist Fred Kaplan explains the grave misconceptions

that enabled George W. Bush and his aides to get so far off track, and traces the genesis and evolution of these ideas from the era of Nixon through Reagan to the present day.

How the Few Became the Proud Nov 12 2023 For more than half of its existence, members of the Marine Corps largely self-identified as soldiers. It did not yet mean something distinct to be a Marine, either to themselves or to the public at large. As neither a land-based organization like the Army nor an entirely sea-based one like the Navy, the Corps' missions overlapped with both institutions. This work argues that the Marine Corps could not and would not settle on a mission, and therefore it turned to an image to ensure its institutional survival. The process by which a maligned group of nineteenth-century naval policemen began to consider themselves to be elite warriors benefited from the active engagement of Marine officers with the Corps' historical record as justification for its very being. Rather than look

forward and actively seek out a mission that could secure their existence, late nineteenth-century Marines looked backward and embraced the past. They began to justify their existence by invoking their institutional traditions, their many martial engagements, and their claim to be the nation's oldest and proudest military institution. This led them to celebrate themselves as superior to soldiers and sailors. Although there are countless works on this hallowed fighting force, *How the Few Became the Proud* is the first to explore how the Marine Corps crafted such powerful myths.

Scaling Up Jun 19 2024 In this guide, Harnish and his co-authors share practical tools and techniques to help entrepreneurs grow an industry -- dominating business without it killing them -- and actually have fun. Many growth company leaders reach a point where they actually dread adding another customer, employee, or location. It feels like they are just adding more weight to an ever-heavier anchor

they are dragging through the sand. To make matters worse, the increased revenues have not turned into more profitability, so at some point they wonder if the journey is worth the effort. This book focuses on the four major decisions every company must get right: People, Strategy, Execution and Cash. The book includes a series of One-Page tools including the One-Page Strategic Plan and the Rockefeller Habits Execution Checklist, which more than 40,000 firms around the globe have used to scale their companies successfully.

I Want to Say a Few Words: How To Craft a Heartfelt Eulogy for a Loved One's Funeral Feb 03 2023 Are you worrying about how to find the words to honour your loved one's life? Would a gentle and straightforward step-by-step process of writing a few words help you through this difficult time? Does the idea of standing up and speaking about your loved one in front of others seem daunting? If you answer yes, then this book is for you. You are now no longer alone in

your desire to speak about a loved one. "I Want to Say A Few Words: How To Craft a Heartfelt Eulogy for a Loved One's Funeral" serves as your compassionate companion in this important journey. More Than A Template - It's a thoughtful and reflective process. This is far more than a 'fill in the blanks eulogy template' process. It's an invitation to reflect, remember, and write from the heart about your loved one. Even if you have never spoken in public before and fear doing so. This book is not about rushing through to a finished eulogy. It aims to offer you a thoughtful, measured approach to writing a eulogy for your loved one's funeral that is as unique as the life it celebrates. Writing A Heartfelt Eulogy Becomes Easier With This Toolkit. It provides a simple four-step process and sixteen practical worksheets to help you create a memorable and heartfelt tribute. Whether it's a eulogy for a grandparent, eulogy for a sibling, eulogy for a spouse, eulogy for dad, or a eulogy for a family member. How will

reading and working through this book help you? It will help you: Gain the confidence to write a heartfelt tribute that honours your loved one. Reflect on their impact and articulate it that does justice to their unique spirit and personality. Tap into memories and explore eulogy ideas. Find inspiration with sixteen practical worksheets to walk you through every step. Create a eulogy that soothes the hearts of others and celebrates a life well-lived. What's included in this book: □ An invitation to reflect, remember, and write from the heart. □ A four-step process and sixteen practical worksheets to help you craft a memorable eulogy. □ A compassionate professional eulogy writer who has crafted over 700 eulogies to guide you. □ An empathetic approach to writing a eulogy. □ 169 pages - A4 size workbook with lots of space for making notes and capturing memories. □ Free 34 page PDF download of all worksheets and supporting resources in eBook. As you reflect on your loved one, an empathetic professional

eulogy writer who has crafted over 700 eulogies gently guides you. The author packs every page with experience, understanding, and helpful advice, so you're never alone on your writing journey. "I Want to Say A Few Words" helps you explore eulogy ideas, capture the essence of your loved one's life, their joys, their journey, their legacy. It encourages you to tap into memories. To reflect on their impact, and to articulate it all in a way that does justice to their unique spirit and personality. Writing a heartfelt eulogy that honours the life of your loved one starts with this book.

Pebbles of Perception Dec 01 2022 Why are we here? Pebbles of Perception is an exploration of the more important decisions in life. Inspired by the teachings of Charlie Munger, the book is an invitation to Be Curious, Build Character and to make Better Choices. Pebbles of Perception covers a wide range of important life topics including: Lifelong Learning, Incentives, Fear, Adversity, Marriage, Negotiation, Friendship,

Listening, Choosing a Career, Saving, Thinking and Kindness. The book is available in Paperback, Kindle and also as a Limited Edition (only 92 copies globally), Leather-Bound, Hard Cover (each of which is numbered and signed by the author).

The Kitchen Counter Cooking School Sep 29 2022 The author of the New York Times bestseller *The Sharper Your Knife, The Less You Cry* tells the inspiring story of how she helped nine others find their inner cook. After graduating from Le Cordon Bleu in Paris, writer Kathleen Flinn returned with no idea what to do next, until one day at a supermarket she watched a woman loading her cart with ultraprocessed foods. Flinn's "chefternal" instinct kicked in: she persuaded the stranger to reload with fresh foods, offering her simple recipes for healthy, easy meals. The Kitchen Counter Cooking School includes practical, healthy tips that boost readers' culinary self-confidence, and strategies to get the most from

their grocery dollar, and simple recipes that get readers cooking.

Atomic Habits May 26 2022 The #1 New York Times bestseller. Over 20 million copies sold! Translated into 60+ languages! Tiny Changes, Remarkable Results No matter your goals, *Atomic Habits* offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple

behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. *Atomic Habits* will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who

wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

A Stake in the Outcome Mar 12 2021 The First Management Classic of the New Millennium! A bold experiment is taking place these days, as leading-edge companies turn upside down the management paradigm that has dominated corporate thinking for more than one hundred years. Southwest Airlines is perhaps the most visible practitioner, soaring through economic downturns while its competitors slash their budgets and order massive layoffs, but you can find other pioneers of the new approach in almost every industry and market niche. Their secret: a culture of ownership that allows them to tap into the most underutilized resource in business today—namely, the enthusiasm, intelligence, and creativity of working people everywhere. No one knows more about building a culture of ownership than CEO Jack Stack, who's been working on one for the past twenty years with his colleagues at SRC Holdings

Corporation (formerly Springfield ReManufacturing Corporation). Along the way, they've turned their company into what Business Week has called a "management Mecca," attracting thousands of people representing hundreds of businesses to SRC's home in Springfield, Missouri. There the visitors learn how to incorporate the ideals and values of SRC's remarkable corporate culture into their own organizations—and then they go back and do it. Now, in *A Stake in the Outcome*, Stack offers a master class on creating a culture of ownership, presenting the hard-won lessons of his own twenty-year journey and explaining what it really takes to build for long-term success. The pioneer of "open-book management" (described in the best-selling classic *The Great Game of Business*), Stack and twelve other managers began their journey in 1982, when they purchased their factory from its struggling parent company. SRC grew 15 percent a year, while adding almost a thousand new jobs, and

the company's stock price rocketed from 10 cents to \$81.60 per share. In the process, Stack discovered that long-term success required constant innovation—and that building a culture of ownership involved much more than paying bonuses, handing out stock options, or setting up an employee stock ownership plan. In a successful ownership culture, every employee had to take the fate of the company as personally as an individual owner would. Achieving that level of commitment was extraordinarily difficult, but Stack realized that the payoff would be enormous: a company that was consistently able to outperform the market. *A Stake in the Outcome* isn't about theory—it's about practice. Stack draws from his own successes and failures at SRC to show how any company can teach its employees to think and act like owners, including how to implement an effective equity-sharing program, how to promote continuous learning at every level of the organization, how to fire up employees'

competitive juices, how to broaden the concept of leadership and delegate responsibility for the business, and how to build a workforce that is fast on its feet and ready to take advantage of every opportunity. You'll also learn about other companies that have succeeded in building cultures of ownership—and the lessons they can teach the rest of us. Written in Jack Stack's straightforward, witty, no-beating-around-the-bush style, *A Stake in the Outcome* is like having a one-on-one session with a master entrepreneur and business innovator. It shows managers and executives of companies both large and small how to build a ferociously motivated workforce that is energized and committed to meeting and overcoming the most daunting challenges a company can face.

How to Avoid Huge Ships Jun 14 2021 You are the owner-captain of a luxury fifty-foot trawler motoring across the bay with your family and a few friends one balmy summer evening. Off in the distance, beyond the bridge spanning the

waterway, you can make out the lights and shape of a containership moving down the channel. Have you ever wondered what action you must take to keep clear of that fast-approaching ship? This book will tell you how to do so quickly. Conscientious skippers are wise to read this book and discover if a ship's radar will pick up a small boat at night. It is fascinating to learn what is taking place on the bridge or down in the engine room of one of these leviathans as it heads your way. Can it be stopped before it hits you? Learn how to protect yourself and your loved ones by reading this book written for the private boat owner/captain.

How to subdue Smoke ... With ... a few words about fuel. Third edition Dec 21 2021

The Critical Few Jan 14 2024 In a global survey by the Katzenbach Center, 80 percent of respondents believed that their organization must evolve to succeed. But a full quarter of them reported that a change effort at their organization had resulted in no visible results.

Why? The fate of any change effort depends on whether and how leaders engage their culture: the self-sustaining patterns of behaving, feeling, thinking, and believing that determine how things are done in an organization. Culture is implicit rather than explicit, emotional rather than rational—that's what makes it so hard to work with, but that's also what makes it so powerful. For the first time, this book lays out the Katzenbach Center's proven methodology for identifying your culture's three most critical elements: traits, characteristics that are at the heart of people's emotional connection to what they do; keystone behaviors, actions that would lead your company to succeed if they were replicated at a greater scale; and authentic informal leaders, people who have a high degree of “emotional intuition” or social connectedness. By leveraging these critical few elements, you can tap into a source of catalytic change within your organization. People will make an emotional, not just a rational, commitment to

new initiatives. You will elicit enthusiasm and creativity and build the kind of powerful company that people recognize for its innate value and effectiveness.

A Few Thousand Dollars Jan 02 2023 A guide to making the U.S. economy work for everyone, by a leading advocate of asset development The majority of Americans do not have a few thousand dollars to weather an unexpected illness, job loss, or accident. Most Americans, including 80 percent of people of color, are locked out of the mainstream economy, unable to add their talents, work, and dreams, unable to share in the bounty of this economy. Without a nest egg most Americans cannot invest in their future—and the future of our country—through saving, entrepreneurship, education, and homeownership. We can—and we should—do better. Longtime leader in the field of asset-building Robert E. Friedman demonstrates how a few simple policy changes would address wealth inequality—and build a better economy

and a stronger country for us all. In six sharp, compelling chapters, accented by sixteen original black-and-white illustrations by Rohan Eason that present the realities of income and asset inequality and explain the needed policy interventions, Friedman addresses savings, business, education, home, and prosperity to articulate a vision for making inclusive investments without spending an additional dollar, just by transforming tax subsidies for the wealthy few into seeds for prosperity for everyone. This is an investment with a huge return: the redemption of the American promise of prosperity for all.

How Few Remain Mar 24 2022 From the master of alternate history comes an epic of the second Civil War. It was an epoch of glory and success, of disaster and despair. . . . 1881: A generation after the South won the Civil War, America writhed once more in the bloody throes of battle. Furious over the annexation of key Mexican territory, the United States declared total war

against the Confederate States of America in 1881. But this was a new kind of war, fought on a lawless frontier where the blue and gray battled not only each other but the Apache, the outlaw, the French, and the English. As Confederate General Stonewall Jackson again demonstrated his military expertise, the North struggled to find a leader who could prove his equal. In the Second War Between the States, the times, the stakes, and the battle lines had changed--and so would history. . .

Can You Say a Few Words?, Second Revised Edition Jun 07 2023 Discusses how to prepare and give brief speeches for awards presentations, dedications, retirements, memorials, weddings, and other special occasions; explains how to overcome nervousness; and includes advice on style and delivery.

SUMMARY - Scaling Up: How A Few Companies Make It... And Why The Rest Don't By Verne Harnish Apr 17 2024 * Our

summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. By reading this summary, you will discover how to turn a medium-sized company into a real success machine. You will also discover that : scaling up is a considerable challenge for medium-sized companies; a successful business rests on four pillars: people, strategy, execution and cash flow; to succeed, all teams must adhere to well-defined values, goals and priorities; the implementation of precise and efficient processes, based in particular on Lean Management, can lead to impressive progress. Mid-sized companies have their own challenges, which can make it difficult to manage their growth. To be successful, they must therefore establish an efficient organization and differentiate themselves through their strategy and values. Investor Verne Harnish, founder of the education and coaching company Gazelles, offers you to adopt a method and concrete tools

to implement best practices in your structure.

*Buy now the summary of this book for the modest price of a cup of coffee!

Our Charades and how we played them; with a few practical hints on the proper management of this favourite and most interesting pastime Apr 05 2023

Stealing Secrets May 06 2023 Clandestine missions. Clever, devious, daring. Passionately committed to a cause. During America's most divisive war, both the Union and Confederacy took advantage of brave and courageous women willing to adventurously support their causes. These female spies of the Civil War participated in the world's second-oldest profession-spying-a profession perilous in the extreme. The tales of female spies are filled with suspense, bravery, treachery, and trickery. They took enormous risks and achieved remarkable results-often in ways men could not do. As stated on the grave marker of Union spy Elizabeth Van Lew: "She risked everything that is dear to man-friends,

fortune, comfort, health, life itself." Told with personality and pizzazz, author H. Donald Winkler uses primary Civil War sources such as memoirs, journals, letters, and newspaper articles, plus the latest in scholarly research, to make these incredible stories come alive.

A Few Plain Directions how to Select and Settle on the Lands; with the Land Bill: and a summary of the Act, etc. (Second edition, revised and enlarged.). Feb 20 2022

How to Learn Any Language in a Few Months While Enjoying Yourself Apr 24 2022
How to Learn a New Language in as Little as a Few Months - and Have a Boatload of Fun Doing It Let me make a prediction. I predict that many, many hundreds of people who will read this description will close this page in a few seconds. "Learn a new language in a few months? Are you out of your mind?" they'll say. "It's just too good to be true." And they will go back to their old language learning methods. You know which methods: toiling away at mind-numbing

grammar exercises, learning words nobody uses, and, most importantly, never actually using your skills to communicate with another person. If you're still with me, I expect you to be different. You think there must be something better. After all, how could people master more than one foreign language in their lives if it usually takes a regular person several years just to learn the basics? The answer is simple - in one way or another, they follow the methods I share in *How to Learn Any Language in a Few Months While Enjoying Yourself*. They not only learn up to ten times faster than other people, they also have a lot of fun while doing it. *How to Learn Any Language in a Few Months While Enjoying Yourself* is for you if you want to learn: - without this one thing, you'll never learn a new language in just a few months. Learn what it is and how to apply it to your everyday life to practice your skills while doing your daily activities. - a completely free way to get native speakers to proofread your writings (and even explain to you

all of your mistakes). This one site alone can dramatically improve your writing skills. - an extremely easy way to find a native speaker willing to help you learn her mother language. It's almost like having a private tutor. - the proper way to improve your listening skills while watching movies. Most people learning a foreign language do it the wrong way and it does nothing to improve their abilities. - how to achieve more with less when learning languages. You don't have to spend hours and hours cramming every single word and grammar rule. In fact, it works to your detriment. Learn what to do instead. - 9 common mistakes to avoid when learning languages. Reading this chapter alone can save you years of ineffective studies - especially mistake #3, so common among language learners. - a 5-step process to improve your reading skills. You can make your learning process much more enjoyable and effective by choosing the right things to read. Learn what these things are. - a fun idea to learn how to

write the way native speakers do. You too can learn the slang and phrases only native speakers use - and know the language better than many academic professors. - how to dramatically improve your language skills when traveling. While it isn't necessary to go abroad to learn a language, it's a powerful way to cram a lot of learning into just a few days. - 5 common challenges of language learners and how to deal with them. Learn how to get over the fear of communicating with native speakers. Discover how to find more time to learn and practice your skills. Read three tips on how to deal with discouragement. If you're ready to supercharge your progress and become fluent in a foreign language in as little as a few months, click the buy button. Why kill yourself doing things the old, non-effective way, if you could make the process much easier and enjoy it more, too? P.S. As a gift for buying my book, you'll get a resource list with my favorite language learning sites. Keywords: learn a language in 3 months,

learn a foreign language, learn another language, learn any language, become fluent in any language, be fluent in 3 months, learning languages, learn languages, learn languages fast, language learning methods, learning a new language, learning a language, learning foreign languages, learning another language, how to learn a new language, how to learn a foreign language

How to Get Rich: Take Over Your Money Control in a Few Simple Steps Nov 19 2021

Getting Rich Book Series "How to Get Rich: Take Over Your Money Control in a Few Simple Steps" is a comprehensive guide to achieving financial success and wealth building. The book covers all the essential aspects of personal finance and provides practical tips and strategies for achieving financial stability and growth. The book begins by helping readers understand their current financial status and assess their net worth, income sources, expenses, and debt situation. From there, the

book provides actionable steps for building a strong foundation for financial success, including setting financial goals, creating a budget, saving money, and living frugally without sacrificing the quality of life. One of the key aspects of building wealth is investing for growth. The book provides a comprehensive overview of various investment options, including stocks, bonds, real estate, and others, and explains the concepts of risk and return. It also provides tips and strategies for building a diversified portfolio and making informed investment decisions. In addition to traditional investment options, the book also explores ways to create multiple streams of income through passive income sources, side hustles, and entrepreneurship. It provides advice on negotiating salaries, maximizing earnings, and building skills for career advancement. The book also covers important topics such as building a solid credit history, planning for retirement, managing taxes, and protecting your financial

future through insurance and estate planning. It provides practical guidance on how to stay on track with your financial plan, monitor and adjust your investments, and make informed financial decisions for a secure future. Finally, the book provides tips and strategies for building and maintaining wealth, navigating the financial services industry, overcoming financial challenges, and living a rich life. It emphasizes the importance of financial education, staying informed, and finding reliable financial resources. Whether you're just starting on your financial journey or looking to take your finances to the next level, "How to Get Rich: Take Over Your Money Control in a Few Simple Steps" provides a comprehensive and actionable roadmap for achieving financial success and building wealth. With its straightforward approach, this book is an essential resource for anyone looking to take control of their finances and secure their financial future.

[How a Few Words Can Change Your Life](#) Aug 09

2023 A book for people who don't want to read or don't know where to start. This book shows you how a few words can start a life-changing journey of fun, discovery, inspiration, and reflection. You will not see a movie, cereal box, "cheesy" quote, or comic strip the same way again.

The Chosen Few Oct 11 2023 Maristella Botticini and Zvi Eckstein show that, contrary to previous explanations, this transformation was driven not by anti-Jewish persecution and legal restrictions, but rather by changes within Judaism itself after 70 CE--most importantly, the rise of a new norm that required every Jewish male to read and study the Torah and to send his sons to school. Over the next six centuries, those Jews who found the norms of Judaism too costly to obey converted to other religions, making world Jewry shrink. Later, when urbanization and commercial expansion in the newly established Muslim Caliphates increased the demand for occupations in which literacy was an

advantage, the Jews found themselves literate in a world of almost universal illiteracy. From then forward, almost all Jews entered crafts and trade, and many of them began moving in search of business opportunities, creating a worldwide Diaspora in the process.

A Few Wise Words May 14 2021

How Should a Person Be? Jul 28 2022 Chosen as one of fifteen remarkable books by women that are shaping the way we read and write in the 21st century by the book critics of The New York Times "Funny...odd, original, and nearly unclassifiable...unlike any novel I can think of."—David Haglund, The New York Times Book Review "Brutally honest and stylistically inventive, cerebral, and sexy."—San Francisco Chronicle Named a Book of the Year by The New York Times Book Review, The New Yorker, San Francisco Chronicle, Salon, Flavorpill, The New Republic, The New York Observer, The Huffington Post A raw, startling, genre-defying novel of friendship, sex, and love in the new

millennium—a compulsive read that's like "spending a day with your new best friend" (Bookforum) Reeling from a failed marriage, Sheila, a twentysomething playwright, finds herself unsure of how to live and create. When Margaux, a talented painter and free spirit, and Israel, a sexy and depraved artist, enter her life, Sheila hopes that through close—sometimes too close—observation of her new friend, her new lover, and herself, she might regain her footing in art and life. Using transcribed conversations, real emails, plus heavy doses of fiction, the brilliant and always innovative Sheila Heti crafts a work that is part literary novel, part self-help manual, and part bawdy confessional. It's a totally shameless and dynamic exploration into the way we live now, which breathes fresh wisdom into the eternal questions: What is the sincerest way to love? What kind of person should you be?

Mastering the Rockefeller Habits May 18
2024 A Detailed Roadmap for Companies at

Various Stages of Development on How to Get to the Next Level. Leaders and employees of growing firms want ideas and tools they can implement immediately to improve some aspect of their business. Verne Harnish, serial entrepreneur, advisor, and venture investor, brings to business leaders the fundamentals that produce real wealth—the same habits that typified American business magnate John D. Rockefeller's disciplined approach to business. Harnish masterfully intertwines the legendary business philosophy of Rockefeller with lessons to be learned from ten extraordinary organizations. Aiming to empower present-day business leaders, this remarkably successful book includes invaluable lessons from real-world case studies. A treasure trove of practical situations teeming with insights and actionable recommendations, *Mastering the Rockefeller Habits* will help you unlock the secrets to scaling up your enterprise while simultaneously sidestepping the pitfalls that plague new

ventures. From seasoned industry titans to ambitious start-up founders, anyone can swiftly implement these teachings for immediate impact.

An Elegant Puzzle Jan 22 2022 A human-centric guide to solving complex problems in engineering management, from sizing teams to handling technical debt. There's a saying that people don't leave companies, they leave managers. Management is a key part of any organization, yet the discipline is often self-taught and unstructured. Getting to the good solutions for complex management challenges can make the difference between fulfillment and frustration for teams—and, ultimately, between the success and failure of companies. Will Larson's *An Elegant Puzzle* focuses on the particular challenges of engineering management—from sizing teams to handling technical debt to performing succession planning—and provides a path to the good solutions. Drawing from his experience at Digg,

Uber, and Stripe, Larson has developed a thoughtful approach to engineering management for leaders of all levels at companies of all sizes. *An Elegant Puzzle* balances structured principles and human-centric thinking to help any leader create more effective and rewarding organizations for engineers to thrive in.

How to employ Capital in Western Ireland: being answers to a few practical questions upon the manufacture of Beet-sugar, flax, and Chicory, in connexion with a land investment in the West of Ireland. Second edition ... enlarged Aug 17 2021

Blue Sky White Stars Mar 04 2023 An inspiring and patriotic tribute to the beauty of the American flag, a symbol of America's history, landscape, and people, illustrated by New York Times bestselling and Caldecott-honor winning artist Kadir Nelson. Wonderfully spare, deceptively simple verses pair with richly evocative paintings to celebrate the iconic imagery of our nation, beginning with the American flag. Each spread, sumptuously

illustrated by award-winning artist Kadir Nelson, depicts a stirring tableau, from the view of the Statue of Liberty at Ellis Island to civil rights marchers shoulder to shoulder, to a spacecraft at Cape Canaveral blasting off. This book is an ode to America then and now, from sea to shining sea.

The Law of The Vital Few Jun 26 2022

Damn Few Feb 15 2024 From leadership expert, former Navy SEAL, "American Grit" feature player, and author of *Worth Dying For: A Navy SEAL's Call to a Nation*, Rorke Denver, the bestselling account of how he helped create the U.S. Navy SEALs of today. Rorke Denver trains the men who become Navy SEALs--the most creative problem solvers on the modern battlefield, ideal warriors for the kinds of wars America is fighting now. With his years of action-packed mission experience and a top training role, Lieutenant Commander Denver understands exactly how tomorrow's soldiers are recruited, sculpted, motivated, and deployed.

Now, Denver takes you inside his personal story and the fascinating, demanding SEAL training program he now oversees. He recounts his experience evolving from a young SEAL hopeful pushing his way through Hell Week, into a warrior engaging in dangerous stealth missions across the globe, and finally into a lieutenant commander directing the indoctrination, requalification programs, and the "Hero or Zero" missions his SEALs undertake. From his own SEAL training and missions overseas, Denver details how the SEALs' creative operations became front and center in America's War on Terror--and how they are altering warfare everywhere. In fourteen years as a SEAL officer, Rorke Denver tangled with drug lords in Latin America, stood up to violent mobs in Liberia, and battled terrorists in Iraq and Afghanistan. Leading 200 commando missions, he earned the Bronze Star with V for valor. He has also served as flag aide to the admiral in charge and spent the past four years as executive officer of the

Navy Special Warfare Center's Advanced Training Command in Coronado, California, directing all phases of the basic and advanced training that prepare men for war in SEAL teams. He recently starred in the film Act of Valor. He is married and has two daughters. Ellis Henican is a columnist at Newsday and an on-air commentator at the Fox News Channel. He has written two recent New York Times bestsellers, Home Team with New Orleans Saints coach Sean Payton and In the Blink of an Eye with NASCAR legend Michael Waltrip. With all the SEALs' recent successes, we have been getting a level of acclaim we're not used to. But something important has been missing in this warm burst of publicity . Correcting that is my mission here. "My own SEAL dream was launched by a book. My hope is that this one teaches lessons that go far beyond the battlefield, inspiring a fresh generation of warriors to carry on that dream." -- Lieutenant Commander Rorke Denver

Shock Value Jul 08 2023 An enormously entertaining account of the gifted and eccentric directors who gave us the golden age of modern horror in the 1970s, bringing a new brand of politics and gritty realism to the genre. Much has been written about the storied New Hollywood of the 1970s, but at the same time as Martin Scorsese, Steven Spielberg, and Francis Ford Coppola were making their first classic movies, a parallel universe of directors gave birth to the modern horror film-aggressive, raw, and utterly original. Based on unprecedented access to the genre's major players, The New York Times's critic Jason Zinoman's Shock Value delivers the first definitive account of horror's golden age. By the late 1960s, horror was stuck in the past, confined mostly to drive-in theaters and exploitation houses, and shunned by critics. Shock Value tells the unlikely story of how the much-disparaged horror film became an ambitious art form while also conquering the multiplex. Directors such as Wes Craven, Roman

Polanski, John Carpenter, and Brian De Palma—counterculture types operating largely outside the confines of Hollywood—revolutionized the genre, exploding taboos and bringing a gritty aesthetic, confrontational style, and political edge to horror. Zinoman recounts how these directors produced such classics as *Rosemary's Baby*, *Carrie*, *The Texas Chainsaw Massacre*, and *Halloween*, creating a template for horror that has been imitated relentlessly but whose originality has rarely been matched. This new kind of film dispensed with the old vampires and werewolves and instead assaulted audiences with portraits of serial killers, the dark side of suburbia, and a brand of nihilistic violence that had never been seen before. Shock Value tells the improbable stories behind the making of these movies, which were often directed by obsessive and insecure young men working on shoestring budgets, were funded by sketchy investors, and starred porn stars. But once *The Exorcist* became the highest grossing film in

America, Hollywood took notice. The classic horror films of the 1970s have now spawned a billion-dollar industry, but they have also penetrated deep into the American consciousness. Quite literally, Zinoman reveals, these movies have taught us what to be afraid of. Drawing on interviews with hundreds of the most important artists in horror, *Shock Value* is an enthralling and personality-driven account of an overlooked but hugely influential golden age in American film.

[Summary of Brad Jacobs's How to Make a Few Billion Dollars](#) Oct 19 2021 Buy now to get the main key ideas from Brad Jacobs's *How to Make a Few Billion Dollars* In 44 years as a CEO and entrepreneur, Brad Jacobs's efforts have culminated in the generation of billions of dollars in shareholder value. *How to Make a Few Billion Dollars* (2024) offers a wealth of knowledge on identifying major market trends, executing strategic mergers and acquisitions, cultivating a unique mindset, and fostering a

positive corporate culture. It's a roadmap for anyone who aspires to amass wealth and achieve success in any industry.

[How to Make a Few Billion Dollars](#) Sep 10 2023

Do you have a burning passion to make a lot of money in business? Are you ready to turbocharge your chances of professional and personal success? During his more than four decades as a CEO and serial entrepreneur, Brad Jacobs has created seven flagship companies across different industries, delivering tens of billions of dollars of value to shareholders. In *How to Make a Few Billion Dollars*, Jacobs defines the mindset that drives his remarkable success in corporate America—and distills a lifetime of business brilliance into a tactical road map. From provocative recommendations for “rearranging your brain”—an essential prerequisite to accomplishing enormous goals—to practical advice for dealing with colleagues, Jacobs will have you rethinking what it means to win big. He explains why it's critical

to spot key trends and capitalize on them, including the biggest trend of all—the rapid evolution of technology relative to human development. And, he shares his techniques for • turning a healthy fear of failure to your advantage, • achieving lots of high-quality M&A without imploding, • building an outrageously talented team, • catalyzing electric meetings, and • transforming a company into a superorganism that kills the competition. *How to Make a Few Billion Dollars* is an inside look at how this entrepreneurial titan leads with humility, compassion, and accountability, while running hard toward the American Dream. If your personal dream is to create wealth through free markets or to triumph in sports, the arts, politics, philanthropy, or any other part of your life, this book will help you make that a reality. *The First, the Few, the Only* Mar 16 2024 A deeply personal call to action for women of color to find power from within and to join together in community, advocating for a new corporate

environment where we all belong—and are accepted—on our own terms. Women of color comprise one of the fastest-growing segments in the corporate workforce, yet often we are underrepresented—among the first, few, or only ones in a department or company. For too long, corporate structures, social zeitgeist, and cultural conditioning have left us feeling exhausted and downtrodden, believing that in order to “fit in” and be successful, we must hide or change who we are. As a former senior partner at a large global services firm, Deepa Purushothaman experienced these feelings of isolation and burnout. She met with hundreds of other women of color across industries and cultural backgrounds, eager to hear about their unique and shared experiences. In doing so, she has come to understand our collective setbacks—and the path forward in achieving our goals. Business must evolve—and women of color have the potential to lead that transformation. We must begin by pushing back

against toxic messaging—including the things we tell ourselves—while embracing the valuable cultural viewpoints and experiences that give us unique perspectives at work. By fully realizing our own strengths, we can build collective power and use it to confront microaggressions, outdated norms, and workplace misconceptions; create cultures where belonging is never conditional; and rework corporations to be genuinely inclusive to all. *The First, the Few, the Only* is a road map for us to make a profound impact within and outside our organizations while ensuring that our words are heard, our lived experiences are respected, and our contributions are finally valued.

The Power of Habit Feb 08 2021 NEW YORK TIMES BESTSELLER • This instant classic explores how we can change our lives by changing our habits. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY *The Wall Street Journal* • *Financial Times* In *The Power of Habit*, award-winning business reporter Charles

Duhigg takes us to the thrilling edge of scientific discoveries that explain why habits exist and how they can be changed. Distilling vast amounts of information into engrossing narratives that take us from the boardrooms of Procter & Gamble to the sidelines of the NFL to the front lines of the civil rights movement, Duhigg presents a whole new understanding of human nature and its potential. At its core, *The Power of Habit* contains an exhilarating argument: The key to exercising regularly, losing weight, being more productive, and achieving success is understanding how habits work. As Duhigg shows, by harnessing this new science, we can transform our businesses, our communities, and our lives. With a new Afterword by the author “Sharp, provocative, and useful.”—Jim Collins “Few [books] become essential manuals for business and living. *The Power of Habit* is an exception. Charles Duhigg not only explains how habits are formed but how to kick bad ones and hang on to the

good.”—Financial Times “A flat-out great read.”—David Allen, bestselling author of *Getting Things Done: The Art of Stress-Free Productivity* “You’ll never look at yourself, your organization, or your world quite the same way.”—Daniel H. Pink, bestselling author of *Drive* and *A Whole New Mind* “Entertaining . . . enjoyable . . . fascinating . . . a serious look at the science of habit formation and change.”—The New York Times Book Review ***A Few Thoughts on how to Deal with the Unemployed Poor of London and with Its "rough" and Criminal Classes?*** Jul 16 2021 [The Focused Organization](#) Aug 29 2022 In *The Focused Organization* Antonio Nieto-Rodriguez shows you how fewer, more effectively elected and managed projects are the key to strategic and long-term success. Using his own research and work experience he explains how and why those organizations that focus on just a few key initiatives can perform significantly better than unfocused organizations, not only financially but

also in achieving their strategic objectives and motivating their staff. The author introduces a new way of looking at a company through two very different and often conflicting dimensions: running-the-business and changing-the-business. What you add to one dimension you have to subtract from the other one. Finding the right balance between these two dimensions represents one of the major challenges to successful strategy execution. Becoming a focused organization involves a radical change in the way companies are organized and the way they select and manage projects - the creation of a new culture. The Focused Organization discusses the characteristics that comprise a focused organization. It describes key areas where a focused organization builds its levels of maturity; provides examples of focused organizations that outperform the rest; and explains in practical steps how all enterprises can become focused. The book finishes with a unique and inspiring case study that transports

us to the early days of the current business world. Through the main character, Benny White, we learn how a business was conducted and how management evolved over decades with the introduction of business theories, including project management.
