and misconceptions I have heard many doctors say I have never been sued for a section I did but I have been sued for the section I did not do The fear of not having performed a section in my opinion is real although difficult to prove and until the public can be educated that cesarean section delivery cannot eradicate fetal death and damage this fear will remain and will be responsible for some unnecessary cesarean sections Bruce Flamm and I hope this book will correct misconceptions that have been responsible for many unnecessary cesarean sections I am still frequently asked the same old question What is an ideal cesarean section rate I still give an answer similar to the 1983 answer perhaps somewhat modified [LANGE Q&A Physician Assistant Examination, Seventh Edition](#) Rachel Carlson, Albert F.
