Louisiana Notary Exam Sidepiece to the 2024 Study Guide Steven Alan Childress, 2024-01-30 NEW 2024 EDITION of the best selling notary prep guide to the challenging Louisiana exam The Louisiana Notary Exam averages a 20% pass rate The Notary Exam has an official Study Guide you use during the exam But the Study Guide has no index no big picture no study strategies no exam day tips not enough cross references and few of the forms notaries use that they test It s notoriously hard to follow It doesn t explain most tested subjects past exams or recent changes It s got the law and notary

rules but it's missing essentials for any such textbook. The Sidepiece has all that and much more that anyone contemplating the exam should read. It even includes crucial information about notary practice for the newbie notary and is useful to experienced notaries for its expanded cross references, complete index and summary lists. Basically it's the rest of the official Study Guide they somehow omitted. Why would they leave out the index of all things? Reminder: a 20% pass rate. Previous editions of this resource earned 200 5 star ratings and comments that it's essential and invaluable to passing the exam whether or not you take a prep class too. Read the reviews to get the scope, coverage and necessity of adding this book into your study program. The author's tips on what to expect on test day were worth the cost of the book alone. Get This Book. As a senior law teacher and member of two state bars, Prof Childress still needed to pass the Louisiana Notary Exam to practice as one. It's a challenging exam for everyone yet he found in the Study Guide lots of trees but little forest and even less real guidance. Determined that current test takers can do better with more real help, he wrote this book and geared the page numbers including an index, cross references, lists and illustrated explanation of successions, community property and authentic acts to the latest edition of the state's official text, *Fundamentals of Louisiana Notarial Law and Practice*.

Become a Notary Public in Louisiana (New for 2023-2024) Steven Alan Childress, 2023-03-13

New edition in 2023/2024: a fully updated version of this much read introduction to the office of Notary Public. Louisiana civil law notaries enjoy functions, responsibilities and earning potential unmatched in any other state and reserved there to attorneys. Louisiana notaries wield the power not just to verify signatures but also to create the legal papers they notarize including affidavits, donations, powers of attorney and even wills and trusts. And so much more with no educational requirement beyond high school but a state exam that is famously challenging. The entire process to become a notary is difficult and wrapped in some mystery. This book is helpful if you're in the beginning stages of becoming a notary public. Or just thinking about joining the profession. It's about the process of registering to be a notary and why you'd want to. It's about the classes, books, resources and options available to prep for the exam. It's not a study guide to the test's content itself. Other books do that including the best selling Sidepiece guide also by Prof Childress of Tulane. But it does explain the format of the exam and the

structure of questions so that a candidate knows how to start studying Previously no one had offered a guide to the preliminary but confusing steps you take to be eligible for the exam or rules and tips you d want to know right away about the exam process and its open book Website information can be unclear and incomplete without disclosing the realities This book is about what I wish someone told me from Day One when I was considering becoming a notary in Louisiana An affordable addition to the Self Study Sherpa Series from Quid Pro Books [Louisiana Notary Exam Sample Questions and Answers 2024](#) Steven Alan Childress,2024-02-03 NEW EDITION FOR 2024 keyed to the current Study Guide s page numbers Questions and answers in four separate tests plus detailed explanations for each right and wrong answer referencing the latest official state Study Guide help coach students for the difficult exam This independent resource at last takes notary prep to the next level by revealing the tricks of questions and formats tactics for the test and the law behind it More generally it serves as a master class in answering multiple choice questions and tackling tricky exams Louisiana civil law notaries have unmatched functions responsibilities and opportunities but the exam averages a 20% pass rate Candidates need all the help they can get The best prep classes and study groups recommend multiple practice questions to understand the format content and coverage of the actual exams the Secretary of State administers each year Yet even the best workbooks and study aids are costly but barebones in the answers they provide Their questions help but students are left matching answers to page numbers There s no guidance on why they re right and even less about why other good options aren t best This book fills that void with 130 questions and detailed clarifications plus tactics illustrated by specific formats and options Explanations are keyed in detail to the 2024 Fundamentals state study guide Dr Childress author of a best selling supplemental book decoding the state study guide and teacher of Tulane s undergraduate course in notary law explains every twist he can think of that the examiners may try Whether as a recommended supplement to a prep class as spelled out lagniappe to other available workbooks or as a new tool for self study this workbook should become standard fare for anyone contemplating becoming a commissioned notary An affordable addition to the Sherpa Series from Quid Pro Books
