Do you think Chinese tanks and models are not interesting? Wait to see this book ... Until now is the most complete, detailed and exhaustive study about PLA for modelers ever done. This book is not only having historians in mind but also for modelers and readers that can be interested to know something more about the Chinese army power. After reading this book many modelers will have much more interest in building a Chinese vehicle as next model. Through its pages we will discover not only the power and main weapons of the Chinese PLA since its origins, but also the way to paint them, showing different techniques and camouflages for the Chinese vehicles. The kits which appear in this book, belong to the main Chinese brands, and makes this book the perfect guide not only for modelers and enthusiasts of Chinese tanks and its strange and exotic camouflages but also for any modelers that want to have a reference book. Modelers and historians like Adam Wilder, Kristof Pulinks, Lukasz Orczyyc-Musialek, Lester Plaskitt, Sven Frich, Zach Sex, Gordon Arthur, Lei Xu, Verlag Jochen, Chris Jerret, Oscar Ebrí, Brian Murdoch or David Bocquet give us an idea of the quality of this publication that until now is the most complete, detailed and exhaustive study about PLA for modelers ever done. Air Force Combat Controller Dallas O'Halloran has a reputation as a hell-raising ladykiller. But he's also fiercely loyal. So when he's recruited by a new combat unit, Dallas is none too pleased to find himself teamed up with the icy blond JAG officer who nearly court-martialed his friends. Academy graduate Julianne Decatur is tough, tenacious, and driven by her belief in military law. She has zero patience for hot shot Spec-Ops cowboys who think the rules don't apply to them, and even less tolerance for Dallas' tough-as-nails Texas attitude. But when they're assigned to investigate a Navy flyer's apparent suicide, they discover the trail of a ruthless killer with a secret to hide—and an attraction between them that can't be denied. And when their prey turns the tables on them, Julianne will have to depend on the one man daring and reckless enough to keep them both alive. When it entered army service in 1985, AM General's high-mobility multipurpose wheeled vehicle—better known as the Humvee—quickly assumed the status the World War II jeep enjoyed among an earlier generation of soldiers. Humvee at War showcases this iconic vehicle in the many roles and configurations it has taken on over the years—ambulance, troop transport, and armament carrier among them. A guide to backyard birding that covers seeds, feeders, plants, landscape features, big-eating birds, hosting hummingbirds, bird behavior, and other related topics. Conceived during World War I, tanks still play a crucial role on the modern battlefield providing excellent mobility, sophisticated communications, lethal firepower, and effective armor protection. Together, these assets provide the shock effect necessary to close with and destroy the enemy in most any condition. Modern U.S. Tanks & AFVs examines the development, capabilities, and service histories of some of the most important and interesting tanks, armored fighting vehicles (AFVs), wheeled armored firepower, and indirect armored fire-support vehicles used by the U.S. military today, including: amphibious assault vehicles (AAVP), the full range of M1 Abrams tanks, Bradleys, armored Humvees, and Strykers. Color photographs depict each type in training exercises. There will also be discussions of how

the 1999 "Army Vision" transformation strategy calling for lighter and more maneuverable armed forces precipitated the development of some of the weapons covered. As shopping has been transformed from a chore into a major source of hedonistic pleasure, a specifically Russian consumer culture has begun to emerge that is unlike any other. This book examines the many different facets of consumption in today's Russia, including retailing, advertising and social networking. Throughout, emphasis is placed on the inherently visual - not to say spectacular - nature both of consumption generally, and of Russian consumer culture in particular. Particular attention is paid to the ways in which brands, both Russian and foreign, construct categories of identity in order to claim legitimacy for themselves. What emerges is a fascinating picture of how consumer culture is being reinvented in Russia today, in a society which has one, nostalgic eye turned towards the past, and the other, utopian eye, set firmly on the future. Borrowing concepts from both marketing and cultural studies, the approach throughout is interdisciplinary, and will be of considerable interest, to researchers, students and practitioners wishing to gain invaluable insights into one of the most lucrative, and exciting, of today's emerging markets. Still not sure what makes a sinker different from a curve? Can't remember when the M&M boys played with the Yankees? Want to know where the "seventh-inning stretch" comes from? Then you've done the right thing by picking up this book - the most complete collection of baseball terms and slang to be found between two covers. Impeccably researched, The New Dickson Baseball Dictionary covers all the bases. West Chambers, Georgia, was not a large town, but it held close to its own. The town had become somewhat isolated from the outside world. In keeping with that disconnection, conformity was mainstream. If you stood out in appearance or mind-set, you were looked down upon. With this public viewpoint, no one was more out of place than Nathan Kole. As the son of a hero cop, there were many high expectations on his shoulders, but he didn't seem to be living up to any of them in the eyes of the townspeople. He had enough trouble already after a tragedy hit his home, triggering a series of nightmares that he has been unable to escape. The only person he ever confides in is the new girl at his college. Samantha was also a bit of an outcast, not following the popular feminine trends. She, like many others in town, had her own secrets. Erick was born within a dark, secret society led by his wealthy father. Recently discharged from the army, he returns home to the wife chosen for him. Erick's father still holds a tight grip on him even after his imprisonment. When they found the young witch named Jessica holding a book written in a dark language that only Erick could understand, it became apparent that the four of them were connected in

some mysterious way. Their journey to discover what ties them together will lead them down a path soaked in blood and paved with the bodies of the unfortunate caught in the crossfire. If you have a hankering for the sand and mud, this thoroughly updated edition of *The Four-Wheeler's Bible* is your ultimate resource for overland adventures, both close to home and farther afield. Whether you are a seasoned veteran or a four-wheeling novice, you will find the information you need to maximize your enjoyment of your next off-road excursion. Author and four-wheeling experts Jim Allen and James Weber begin with a primer on emergency preparedness before combing through all considerations you should take aboard, from trail etiquette to the latest technologies. Allen and Weber explain the concepts of four-wheel-drive systems in easy-to-understand terms and go on to suggest modifications to make off-road rigs more capable, comfortable, and dependable for intended application. This third edition is completely redesigned and updated to offer explanations of the latest electronic GPS and communications gadgetry, advice and techniques for planning and negotiating overland routes, and updates for new off-road vehicles that will help you get the most from your four-wheeling experience. With your machine up to snuff, you will be ready to hit the trails. Allen and Weber demonstrate the correct way to handle countless common off-road situations. And because everyone makes a mistake eventually, they also show how to get out of a variety of sticky situations. There's more to the four-wheeling experience than modifying and driving a vehicle, and the authors leave no rock unturned, ensuring that you are equipped to handle nearly any trip, no matter how far into the wilderness you choose to venture. *The Four Wheeler's Bible* is an indispensable piece of gear if you're planning to hit the trails! These definitions of the colorful terms of baseball language uncover the history, traditions, tactics and personalities of the game. **THE MEMORY BANK** A collection of short stories drawn from the Memory Bank of Jack Orth, born in 1931. Unlike the financial institutions we're all familiar with, the Memory Bank is open 24/7. Even when you're sound asleep you can make a withdrawal in the form of a dream. There are no minimum balances required. The interest rate never takes a hit, and it always remains at a high level. As a matter of fact, the older you get, the more valuable your deposits become as you can rely on them to bring a smile to your heart and a tear of happiness to your eyes. It's also a bank where you can make a withdrawal, but it's only a carbon copy. Years later the original is still in your account for future reference! You'll surely relate to some of the withdrawals in this book, and maybe head to your own Memory Bank to verify the fact that your memories are still there! Enjoy the time you spend in Jack's Memory Bank...and in your own. The premier reference book for everything and everybody related to the sports industry. The naval aviation safety review. The definitive work on the language of baseball—one of the “Five Best Baseball Books” (Wall Street Journal). Hailed as “a staggering piece of scholarship” (Wall

Street Journal) and “an indispensable guide to the language of baseball” (San Diego Union-Tribune), *The Dickson Baseball Dictionary* has become an invaluable resource for those who love the game. Drawing on dozens of nineteenth- and early twentieth-century periodicals, as well as contemporary sources, Dickson's brilliant, illuminating definitions trace the earliest appearances of terms both well known and obscure. This edition includes more than 10,000 terms with 18,000 individual entries, and more than 250 photos. This “impressively comprehensive” (The Nation) book will delight everyone from the youngest fan to the hard-core aficionado. After fleeing the front lines during a brutal battle, Captain Darnizva's fleet crash lands on Earth with the enemy not far behind. Interbreeding jump starts a new evolution of humans and the population is not ready when the fight continues; the enemy not caring that Earth is caught in the crossfire.. Darnizva witnesses the ugly side of humanity and is having a hard time convincing them to unite. The enemy is coming and hope for Earth's survival dwindles. After an accidental nuclear war, Vivian Gray joins a comically inept group of fellow twentysomething survivors. She and her new friends embark on a cross-country road trip seeking sanctuary from the menagerie of deadly atomic mutants unleashed by the contaminated atmosphere. Angels of War will have only one chance to defeat the army of hell in a fierce showdown to protect the gates of Heaven. Wanting to start the Apocalypse, Lucifer, sends his greatest general, Temeculus, to Earth. The general's mission is to open the gates of Hell and unleash Satan with his full powers. Unbeknownst to the dark lord, however, the Archangel Michael has awakened a sleeping angel—one who swore an oath eons ago to guard the back gate into hell and protect all humanity if the need arose. Enter Joan, a mortal who is about to understand her true purpose. She must face a dark secret from her heavenly past. Join her as she leads a band of angels to fight General Temeculus and his Black Army. Outnumbered and short on time, the angels must create and train an army of human soldiers they have called the Guardians. They will have only one chance—one final, fierce showdown—to defeat the army of hell, protect the gates, and prevent the Apocalypse and the destruction of everything.
